Welcome to Rolling Korea

Rolling Korea, a Korean language school for foreigners, opened in 2012. It is a place for students from all over the world to dream big and grow a passion for learning the Korean language. Along with our systematic classes, we also offer a variety of activities to experience Korea and the language from different angles. We always do our best to encourage our students to have fun and provide them with opportunities to have a deeper understanding of the Korean culture.

The advantages of learning at Rolling Korea are the convenient facilities, comfortable environment, and systematic curriculum. We like to keep our class sizes relatively small consisting of 3-8 students and not exceeding the maximum number of 16. This way, the students can interact with the teachers better and have more opportunities to receive feedback.

Rolling Korea incorporates Social Activity Programs to provide a unique and effective curriculum, connecting class contents with social activities. We aim to provide an environment where students can apply what they learn in class to real-life situations. This helps the students become familiar with the Korean language more quickly and makes language learning less stressful by creating environments which encourage interaction with friends from all over the world. With our social activity programs, students experience the most effective ways to learn Korean.

Learning Korean means standing at the starting point for learning about Korea as a whole. We are well aware of that importance and do our best to help you ignite your passion for learning and strive forward. Many students have enjoyed their studies at Rolling Korea and we continue to do our best to provide them with best educational environment possible.

For your study abroad journey in Korea, Rolling Korea is looking forward to being the school you are dreaming.

2

Professional Teachers

Professional Korean teachers with Korean language education certification provide systematic and easy-to-understand instruction.

3

Interactive Lessons

RK teachers aim to achieve higher learning effectiveness through interactive lessons, where they engage with students on an equal footing

Korean Language Course

Regarding Our systematic curriculum designed to help students read, write, listen, and speak Korean, Rolling Korea focuses on enhancing conversational skills the most. With our program, you will be able to acquire a high level of conversational skill in a short period of time.

Since our classes consist of small groups of 3 to 8 students (max16), our students are given a lot of opportunities to speak and receive detailed feedback from the teachers. In addition, Rolling Korea always works hard to understand each and every student's learning ability and help them to study most effectively. Our skilled and professional teachers will support every student to speak with ease and create a comfortable atmosphere for everyone to speak in Korean. Students come to Rolling Korea from North America, Germany, France, Switzerland, Japan and many more around the world. Every semester, students are excited that they can interact with friends from other countries by speaking in Korean. This is one of the positive aspects of studying at Rolling Korea with a global atmosphere.

Regular Exams

Tests and exams are conducted on a regular basis to help the students analyze where they are and discover areas to improve. On the third week, the students have speaking tests and proceed with classes to help strengthen their weaknesses. On the fourth week, there are writing tests. After these tests, we determine if students are ready to move on to the next level.

Classes are available for enrollment every Monday.

We have special activities to push the students to apply what they have learned to various situations. We have noticed that many students take this opportunity to get to know more about their classmates and easily improve their skills in a relaxed environment. Complete quests and missions created by Rolling Korea in Seoul Race and Cafe Korean! It will be an unforgettable experience!

- Acting out a shopping scenario with classmates
- Participating in a job interview simulation in Korea
- Learning Seoul tourism terminology
- Practicing how to use public transportation
- Exploring internet-related terms

Work in a team and improve your conversational skills

Share what you have learned so far through a variety of activities and grow your confidence to 100%

Time to learn practical and fluent conversation skills that you can't learn in textbooks

Special Focus Lessons

There are Special Focus Lessons, such as Pronunciation Class and Media Class, that use unique learning materials like Korean song lyrics or Korean drama scripts to keep the students engaged in learning.

These classes, in particular, allow the students to listen to conversations or phrases used in everyday life. This encourages the students to speak more naturally and fluently.

Special Curriculums

Special Course for K-POP Fans

K-POP Course

Rolling Korea cooperates with professional entertainment agencies to provide top quality dance and vocal lessons. An instructor with experience teaching actual K-POP groups is in charge of the K-POP dance Class, and a professional vocal trainer, who is a former K-POP idol, is responsible for the K-POP Vocal Class. Rolling Korea is the first Korean language school to officially incorporate K-POP classes into Korean language programs. These lessons have high satisfaction rate from the students. Through Rolling Korea's partnership with entertainment agencies, we give our students the opportunity to audition and achieve their dreams. This is a popular class among students who are fans of K-POP.

Learn Your Favorite Korean Dancing and Singing

This is a course where students can learn the choreographies and songs of their favorite K-POP stars. Many students who take this class explain that their love for Korean pop culture is where their interest in studying Korean stemmed from. After their morning Korean language class, students can enjoy professional dancing or vocal lessons in the afternoon. Don't worry even if you are new to dancing or singing! Our professional instructors will be leading the class thoroughly with kindness. What matters is your passion towards K-POP, not your skills and experience.

Korean + Dance + Vocal > *The perfect equation of fun!*

Course	Hours	Start Date
RK Korean plus K-pop Course	20 hours per week	Every Monday

※ Dance & Vocal classes are included in the "Hours"

K-POP Dance Class

Move your body to the latest songs. You can take dance classes from a professional dance trainer. After warming up to loosen your body, you'll learn the dance moves of K-POP songs step by step. This will give you the feeling of becoming a K-POP idol.

K-POP Tour

Let's explore various tourist spots in Seoul where K-POP artists have left their marks. Experience vivid settings like the filming locations of music videos and interactive spaces that make you feel like you're on set. Let's embark on a journey into the lively scenes.

K-POP Vocal Class

It's time to understand the meaning of K-POP lyrics in Korean and learn K-POP vocal skills from a professional instructor. Let's immerse ourselves even more in the fascinating world of K-POP songs by singing along with friends, turning those solo hums into a delightful chorus.

At Seoul N Tower

Social Programs & Activities

Experience Your Own Korea

Tour & Cultural Experience

The students will tour famous locations in Seoul such as N Seoul Tower, Insa-dong, museums, and more. Unique programs like a Temple Stay (Cultural programs in Buddhist temples) are also available for the students.

Authentic Experience

We also provide programs closer to daily life experiences that are not common otherwise. Activities like going to a baseball game, Namsan night hike, Hongdae clubbing, Korean movies, or Chimak (Chicken & Beer) by the Han River might be unfamiliar to foreigners, and that is why Rolling Korea gives the students the chance to experience them all.

Experience x Education

Studying Korean is important, but what makes it more efficient and special is interacting with people from all over the world! In addition to classes, Rolling Korea provides social programs to create opportunities to make new friends and to simply have fun. It helps the students focus better when they meet friends from other classes and strike up conversation with the teachers. We are well aware that it is meaningful for the students to create wonderful memories with their classmates through activities like Palace tours, traditional market exploration, or a picnic by the Han River. These social programs not only make studying more fun but also add great significance to the students' experience.

A Gourmet Tour with Classmates

One of the most popular activities is the Gourmet Tour. Hongdae is also known for its abundance of mouth-watering Korean food, so much so that exploring the area's restaurants after classes is a popular pastime for many study abroad students in Korea. In particular, you can find just as many street food stalls as popular, established restaurants in this diverse and eclectic community. Choose from a variety of options, from Tteokbokki, often seen enjoyed by K-pop idols, and Gimbap, to flaming hot grilled Samgyeopsal (Korean barbecue). Don't you wish you could experience amazing Korean food with your classmates right now?

R Cafe & Global Lounge

Time to Unwind

Sometimes, to stay focused on studying, you need to unwind and relax.
The Global Lounge and the R Cafe are specially made for the students to ease their minds. Students can enjoy simple snacks and drinks at the R Cafe. It's a great way to practice Korean with the staff or simply have a coffee break with friends.
It is also a space where special events are held, like Korean Movie Day and Traditional Games. The Global Lounge and the R Cafe are students' favorite places in Rolling Korea, and they are open to use at any time.

"It was really great that we could study in the lounge after class. The drinks were much cheaper than other cafes in the area and I could easily focus on studying. It was also helpful that I could ask questions to teachers on something I didn't know. Thanks to Rolling Korea's helpful atmosphere, I could learn faster and also practice a lot with the staffs at R Cafe."

Begin your journey with Rolling Korea

In the end, the last day of class at Rolling Korea will come for every student. In addition to a strengthened Korean speaking ability, all of our students will have encountered obstacles that they had to face with courage while living in a foreign environment. We believe that we will meet again someday and feel grateful for every single student on their last day of class. Even if it gets challenging at times, choosing to study a foreign language in a new environment will surely give you a great opportunity for experience you cat't find anywhere else.

If you are still trying to decide whether to study in Korea, don't hesitate and challenge yourself! Even if you are a beginner and you have never studied abroad, Rolling Korea is always doing its best to provide a satisfying study experience in Korea. Rolling Korea staff and teachers are looking forward to seeing you soon.

See you again

Finally, it's your last day. All that time of spending your days at a new school with new friends has come to an end. Students who could not read or write Hangul, are now writing letters in Korean and those who didn't know how to say hello to their teacher are greeting others with much confidence. It's a time to gather around and share your experiences during your studies. After your speech about your abroad days at Rolling Korea, you can proudly say that you've successfully completed your study journey in Korea. It is sad to say goodbye to your fellow classmates and teachers, but you have grown so much during your time here with us. Give yourself a pat on the back!

Student Testimonial

“

On the first day, there was a level test to know where I was in terms of my Korean language skills. It lasted about 5 minutes per student. There were students who took it with a friend but also many students who took it by themselves just like me. I was very nervous at first but the teacher was very gentle and kind with me so I could feel at ease. I think I only did well on the speaking test. In my class, I was very grateful to learn not only the grammar in textbooks but also fun expressions and trends that are actually used in daily life. The Americano at the R Cafe was great and it was much cheaper than other cafes in the area. I highly recommend it. There are many programs every week, and I think it is good to actively participate. It's a chance to become closer with your teacher and make friends from other classes. It was fun to talk about things that we weren't able to talk about in class.

Students studying for 1 or 2 weeks didn't use a textbook but for those studying for at least 3 weeks like myself, bought both the textbook and the workbook. I was just happy because I wanted to have a textbook.

If you are trying to decide about coming to Korea to study, I think you'd better try! I, at first, was hesitant as well but ended up deciding to study abroad for 8 months. It was such a great decision. The teachers at Rolling Korea are really great and the school is close to the metro. Another great fact is that it's in Hongdae where there is a lot a enjoy! :)

I'm going to make another excuse to come to Rolling Korea!
Thank you very much! :)

It was a really good experience. I wish I could stay longer ... I'm sorry. The staff was really kind and friendly. Since it is located in central Hongdae, it was the best place to learn in such a dynamic atmosphere.

Marie Japan

I always thought about studying in Korea but because of work, I couldn't take long breaks. So I was very pleased to experience studying abroad during the break before I go for a long or short-term study. If I could phrase my experience in one sentence, I would say, "I'm so glad I went!" Since it was my first time to study Korean in a school, I had a lot of worries before departure, but all of my worries disappeared thanks to Rolling Korea's great staff, teacher, and positive energy.

Mannien Netherlands

Unlike other Korean language schools that teach everything just from textbooks, Rolling Korea enabled us to practice through various activities. We were challenged to speak only in Korean with classmates to complete missions and quests. It was a lot of fun. I know the rules were to only speak in Korean, but I mixed in my native language. I still think Rolling Korea's activities are great for practice. The positive energy of the school helped my brain to adjust to Korea quickly.

Evita Indonesia

I studied at Rolling Korea for a month. I could not believe how much of an amazing experience I had in Rolling Korea. My Korean improved so much thanks to great teachers, friendly atmosphere, excellent service, and the fun activities at Rolling Korea. I definitely want to come back and study again in Rolling Korea next year. I cried a lot on the last day ceremony. I wish I stayed longer. Let's meet again soon. Thank you.

Athalane France

If you don't know Korea too well, Rolling Korea is the perfect school to start in Korea. The staff is really friendly and kind. The facilities are clean, comfortable, and the Korean language classes are easy to follow. The activity programs are unique and much enjoyable. The staff kindly guided us to places that not many foreigners know about. Thank you so much, everyone. See you again sometime!

I, who always wanted to learn Korean, decided to take the 8-week Intensive Course at Rolling Korea. I learned a lot from my abundant experience. The activities help to learn about this great city with the teachers and Rolling Korea always warmly welcomes every student. I really recommend it!
