Terms

One term at IIE is 4 weeks. During the Thursday of the 4th week of the term, students will be given an end-of-term test based on what was studied during the term.

Students will also fill in school and teacher/class evaluation forms at this time. Evaluations give you the chance to let us know how you feel about studying at IIE.

On Friday of the 4th week, school begins at 10am with test reviews for the Core and Skill 1 Classes. From 11am to 1pm, students join an end-of-term activity with their Core Class unless the class decides to use the time for study.

Students normally spend 4 terms at one level before moving up to the next level. However, it is possible for students to be moved up sooner (or later) due to their progress.

*Students are recommended not to begin their course of studies during the 4th week of the term due to final testing.

Frequently Asked Questions (FAQ's)

Q: What do I do if my class is too easy or too difficult?

A: If you think your class is too easy or too difficult, please talk to the Academic Coordinator your first week of class. Students may not change levels after the first week. The Academic Coordinator will make a recommendation that you either stay in your current level or change levels. We want you to be happy and comfortable in your classes, but sometimes students' under-estimate or over-estimate their abilities.

Q: How many textbooks will I receive?

A: You will receive **3 textbooks**. You will receive a textbook for each of your classes. If you move up to the next level, you will have to buy the necessary textbooks. Most textbooks are \$35 each. Students may also buy a used textbook at \$15 each if they are available.

Q: When will I receive my Certificate of Completion?

A: Students will receive their Certificates of Completion on their last day of the program. Students must attend 80 percent of their classes to receive a Certificate.

Q: What is the school's nationality mix of students?

A: IIE is proud of our Best Nationality Mix policy. To keep a balanced and ideal mix of students, we place a limit of 50 percent on any nationality.

Q: Do you have school activities?

A: We usually have activities every day, and some weekend activities. Please sign up at the Activity Board. Normally a minimum of 4 students are required.

Q: Can I date my teacher?

A: No. Teachers and students are strictly forbidden to date. If it is discovered that you and a teacher are dating you will be dismissed from IIE without a refund. If a teacher asks you on a date you should report it to the office immediately.

Q: Can I go out to dinner or do something with a teacher alone?

A: If you want to go to a coffee shop, dinner, or do something with any teacher (male or female) alone, then you should let the office know about the plan before it happens. IIE encourages students and teachers to do things together as a group rather than individually.

Q: What is the school refund policy?

A: IIE's refund policy can be found on this website link:

http://www.studyenglishhawaii.com/html/refund_policy.html

Students that came through agents may have separate policies or conditions, which will be confirmed by IIE before issuing a refund.

Core Class Levels

IIE Hawaii offers six levels of instruction for students from beginning to advanced levels in our General English Courses. Our elective skill classes such as Academic English, TOEFL, TOEIC, Cambridge, and Business Cafe require students to test into Level 400 (intermediate) or above to enter the course. Levels 100, 200, and 300 are primarily “building” levels. Levels 400, 500, and 600 are “refining” levels.

Level 100 - Beginner

Students are able to say simple things such as “My name is...” and “I am from...” but have trouble speaking in complete sentences. Students usually do not use the past tense very much and have a limited vocabulary.

Level 200 - High Beginner

Students can comfortably speak about everyday topics such as explaining what they did on the weekend (“I went to the beach”) or future plans (“Next year, I will go back to my country.”) but have difficulty explaining details and talking about topics they are not familiar with.

Level 300 - Low Intermediate

Students are becoming more comfortable with English at this level. They can talk about their past experiences (“I have been to Spain three times.”) but still make frequent mistakes in English.

Level 400 - Intermediate

Students have been previously exposed to all the major tenses and grammatical forms in English. (“Next week, I will have been in Hawaii for 6 months.”) Level 400 is considered a break through level. Students are beginning to master English and now need to focus on overall fluency. Level 400 students may still have difficulty following native speakers in an extended conversation.

Continues....

Institute of Intensive English

Level 500 - High Intermediate

Students can generally maintain a conversation with a native English speaker and express their opinions fairly completely. However, their English is still markedly foreign and does not use a full range of vocabulary or grammatical forms that a native speaker would. Students at this level continue to work on refining their English, building their vocabulary and learning how to express more subtle differences in their ideas.

Level 600- Advanced

Students are able to speak comfortably in both familiar and unfamiliar situations. They may still make some mistakes but can often correct their own mistakes. Level 600 students continue to refine their language skills and build an advanced vocabulary. Many students in Level 600 are able to successfully pass university entrance exams and/or hold jobs where English fluency is required.

Information about Hawaii

THE BUS AND BUS PASSES: The Bus in Hawaii is a very safe reliable public transportation system that goes all over Oahu. **Tickets are \$2.25** each way. You will need to get a transfer if you need to change buses. You have to have exact change when you get on the bus. The bus driver will not give you change if you do not have exactly \$2.25. **Bus Passes are \$50 per month. You can buy bus passes at the ABC Store downstairs on Beach Walk Avenue.**

Wear your seatbelts. It is a law in Hawaii and most places in the US that you have to wear your seatbelt if you are sitting in the front seat. If you are under 18, you have to wear your seatbelt if you are in the front or back seat.

All children have to wear seatbelts or be in a car seat.

The drinking age in the US is 21. If you want to drink alcohol you have to be 21 or older. If you go to a bar or restaurant then take your passport with you because they will probably check your ID even if you look like you are over 21.

Littering. Dropping paper or other trash on the street is illegal in the US. If you litter, the police may fine you.

Oahu's restaurants, bars and other public places are smoke-free. Also, you cannot smoke within **20 feet (about 6 meters)** from any doors or entrances..

Jaywalking. Crossing the street against the light or not in a crosswalk is illegal in Hawaii. Many people do jaywalk here and the police usually do not give people tickets for jaywalking, but it is still illegal and the police can fine you up to \$250. Be careful.

Safety in Hawaii

Hawaii is much safer than cities its size on the Mainland. Honolulu is the safest large city in the United States. However, you have to be careful and don't trust strangers. Here are some basic safety rules.

1. **Never walk** on Kuhio Avenue or in China Town **late at night alone**. Most muggings happen in these areas. Generally it is a good idea not to walk alone after 10 o'clock anywhere in the United States. Take a taxi or go with a friend.
2. **If you think you are being followed, do not go home**, go to a public place and call the police.
3. **Always lock your doors** when you are home and do not open the door to someone you do not know.
4. **Do not trust strangers**. Female students should be very careful when local guys approach you, many of them know you are visitors and will try to take advantage of you.
5. **Do not give anyone you do not know your bankcard, passport, credit card or money**. If you need help using a machine, opening a bank account, renting an apartment, etc. ask someone at school, do not ask a stranger.
6. **Do not tell strangers where you live** or that you live alone.
7. **Do not give your telephone number to strangers**. If they want to talk to you they will give you their telephone number and you can call them.
8. If you have a car or rent a car, **do not leave** your camera, wallet or other **valuables in the car** if you go to the beach or shopping. Car theft and break-ins are very common in Hawaii. Especially if you look like a tourist.
9. **Do not carry large amounts of cash on you**. Never carry more than \$50 in cash unless you want to spend it soon.
10. **The emergency contact number in the US is 911**—you do not need to use coins if you are calling 911 from a pay phone, just dial 911. **You can use 911 for fire, police and ambulance**. Just tell the operator what the problem is.
11. **BE CAREFUL GIVING MONEY!** Even if it is to your girlfriend or boyfriend. If you give them money do not expect it get it back. There are many people here who date international students just to get them to pay for their food, apartments, clothes, and to give them money. If you give someone money that is your choice, just do not expect to get it back because they may not pay you back even if they tell you that they will.
12. **Female students:** If someone wants to have sex with you and you do not want to have sex with them (even if it is your boyfriend) you have to say **“NO”** to this person. If you say no and you report it to the police then the police can charge him with rape. **If you do not say “NO” the police cannot do anything.**
