Experiences

I Love the People at IIE Hawaii!

Yuko Sugiyama (Japan)

I love Hawaii so much and I need to visit Hawaii once a year. My dream was to live here. Then I finally decided to quit my job in Japan to study English in Hawaii.

I was a little worried that I was too old to make this decision, and I didn't have any confidence about my English ability. But with the help of IIE Hawaii's friendly staff, I am enjoying learning English now (though I didn't like it when I was young).

Before I came here, I thought that most of the students were young. So I was surprised when I first saw the students with many different ages, from teens to over 80 years old.

I have had a lot of previous experiences that I would never experience in Japan, such as making friends with people from different countries.

I really appreciate IIE Hawaii because of all the great things that have happened to me there studying here.

This is my third time studying English at IIE Hawaii.

One of the Best Experiences of My Life

Joséphine Emmanuel (France)

I have been studying at IIE for 3 months. I am from France. I enrolled in the General English program during the first 3 months. Afterward, I moved to study in the Cambridge Program. I chose IIE for the atmosphere.

When I studied IIE for the first time in October, I was immediately hooked. One week later, I was studying here. The staff is wonderful, teachers are skilled, friendly and always here to help you. I've learned a lot thanks to them. I'm here on sports, so in my free time I

swim a lot, play tennis, and surf. But I also like living on the beach, seeing around the island and visiting museums. I would definitely recommend IIE to my friends. I had such an amazing time in this school and my English has improved considerably. IIE offers you the perfect conditions for studying.

I like the spirit of Hawaii, the weather, the people and the lifestyle. There is always something fun to do and it's a nice place to meet people and make friends from all around the world.

In going to study at IIE, I had such a great time with the teachers and the other students. It was one of the best experiences of my life. Thanks for everything.

Great Teachers

Ayşegül Yurdar (Turkey)

I was here for 6 months. I'm from Turkey.

I heard that students at IIE are great, so I chose to come here. You can learn English quickly, and all of the teachers are nice. I enjoyed attending IIE activities in my free time.

I was glad to meet you guys, and will tell my friends. If you want to learn English well, come to IIE!

IIE Hawaii is First Choice for Everyone

Vidny Kimola (Lao)

I had several reasons for choosing IIE. First, I was interested in studying their courses and in their activities. I could improve my speaking skill by doing activities.

Second, the school is in a good location. It's convenient for me. I don't have to worry about living and transportation.

Third, the teachers are qualified. I remember when I first came to IIE, I felt I was welcome

to the class. So, the best thing about staying at IIE is living at home.

I like to stay at school after I finish class and speak with some friendly and teachers. I would recommend IIE to my friends. I would not think to choose IIE if they desire to study English courses in Honolulu because IIE is one of the top intensive English schools.

Hawaii is a good place to study because the weather is very nice, there are beautiful views, the beaches are so beautiful, and people are friendly. There are a lot of different kinds of food from other countries. So I like Hawaii a lot.

I would like to recommend IIE to be the first choice for everyone who is thinking about studying English in Hawaii.

Lots of Good Activities

Eun Jin Lee (South Korea)

I heard that IIE is a good place for the elements of speaking English through the internet in Korea, so I chose IIE. I think there are many good teachers at IIE.

Also, there are lots of good activities: yoga class, coffee club, study groups etc. We have many chances to speak English.

After class, I usually study at school with my friends. I really enjoy that time. I have questions. I can ask a teacher immediately. It is very helpful for me. I can also use the computers very times.

I have already recommended IIE to my friend. My friend is satisfied with IIE too. Even though I studied here for only 3 months, my English has improved so much. You can make a lot of progress at IIE! I think I'm lucky for meeting IIE and for good friends.
