## welcome to **Ireland**

**Ireland**, on the western edge of Europe, is a land famed for its greenness and for its great variety of scenery. Ireland is a land of myths and legends and ancient history mixed with the modern and vibrant life of Ireland today.

Ireland was known as the “Celtic Tiger” because of the massive economic growth over the last 15 years and is one of the world leaders in high technology, pharmaceutical and airline industries. Our International Financial Services Centre has allowed Ireland to become a financial hub in Europe.

Irish people are renowned for their friendliness and hospitality, which greatly contribute to the ease with which overseas students adapt to the Irish way of life. Ireland, a member of the EU since 1973, is a thoroughly modern nation and the high quality of our education system is seen as one of the main contributors to our economic growth.

We have a rich literary and musical tradition. Our colourful history and culture have inspired such literary giants as WB Yeats, Oscar Wilde, George Bernard Shaw, James Joyce, Samuel Beckett and many others. Contemporary writers and poets such as Roddy Doyle, Paul Durcan, Frank McCourt, Maeve Binchy and Seamus Heaney write about Ireland today while U2, Westlife, the Script and the Chieftains are known worldwide for contemporary and traditional music.

The Irish interest in sport is legendary. You can go golfing, sailing, horseriding, play football and tennis. A great way to get to know the Irish is to talk about sport and what is happening in the sporting world.

# welcome to **England**

**England** is a diverse country of history and culture. Everyone knows something about England; its famous royal family, footballers and its pop stars or tourist sights such as Big Ben and the British Museum. Just think of the well known images of black taxis and red double decker buses, the works of Shakespeare and the prehistoric stone circles such as Stonehenge, and this is only the start.

It is a land of contrasts - from exciting, cosmopolitan cities like London and Manchester to picturesque villages in the Cotswolds and Cornwall. There are also great areas of natural beauty such as the Lake District, and cities of learning and culture, like Oxford and Cambridge. For food and drink, enjoy a delicious afternoon tea or strawberries and cream or a pint of beer in the local pub, or why not try traditional fish and chips or a chicken tikka masala.

The English also love their sport, especially football, rugby and that most English of all sports - cricket - which only an Englishman can understand! Then, of course, you could join the queue for the world's most loved and famous tournament of all - Wimbledon, the location of our London school.

During your stay at CES we have a varied and exciting social and activity programme that will not only allow you to mix with other students but you will get the opportunity to explore the wonderful city of London, learn about England, its people and most importantly the English language.

# welcome to London & Wimbledon

**London** is a thrilling place. It combines both traditional and modern sights and has a unique atmosphere of excitement and success. It is the financial and cultural centre of the UK and is where the country's news and money are made.

From the famous sights of Big Ben, Westminster Abbey, Buckingham Palace and St Paul's Cathedral, which capture the city's glorious past, to the new sights like the Tate Modern – the largest modern art gallery in the world and the London Eye – the world's largest observation wheel, London has something for everyone.

The arts and music scene is dynamic and there are thousands of cosmopolitan restaurants with all the world's main cuisines on offer, ranging from low cost to Jamie Oliver and Gordon Ramsey's 5 star quality.

Then there are London's famous pubs for a real taste of history and culture, and best of all - a pint!

Add to this the excellent shopping in Oxford Street, the up market stores of Harrods and Selfridges and the alternative such as Portobello and Camden markets.

And yet with all this frantic pace, London still has its beautiful and many free museums like the Natural History and British Museum. You can spend many pleasant hours in tranquil parks and gardens like Regent Park and Hyde Park in the centre and Wimbledon Common or Hampstead Heath in the suburbs.

**Wimbledon** is a famous and fashionable suburb 20 minutes from the centre by underground or main line train. Wimbledon is one of London's best kept secrets! Dating from the 11th Century, Wimbledon has developed into a mature residential and commercial village with wonderful cafes, pubs, restaurants and shops.

Wimbledon has three theatres, a multi-screen cinema and many pubs and restaurants to cater for the cosmopolitan and ever changing tastes of London. There is a superb indoor shopping area (aptly named Centre Court), sports facilities including the All England Lawn Tennis Club, home of the world famous Wimbledon Tennis Championships, a tennis museum and Wimbledon Tennis Common, the perfect place to go for a gentle stroll and see one of London's most famous parks.

## Welcome to Worthing

**Worthing** is an attractive seaside town of 100,000 people on England's South Coast. It's located only 10 minutes from Brighton and 1 hour and 15 minutes from the centre of London by train. Its famous 8km long promenade provides a wonderful place to walk in the afternoon or evening and there are many other attractions near the pier as well. There is also a large indoor swimming pool close by. However, many visitors prefer to swim in the clear, clean sea which the English Royal family have used for relaxation over the centuries.

The Victorian architecture that stretches the length of the promenade gives Worthing its dignified feel. The town centre is full of shops, cafes, restaurants, high street stores and a wide range of leisure and sporting activities, yet it is a place where people have time to talk and it is easy to feel at home here and make new friends.

Worthing is also very close to Chichester, which is famous for its Roman walls and cathedral. Arundel is well known

for its amazing castle dating back to the 11th Century and of course its cathedral. The castle is the home of the Duke of Norfolk and both are well worth a visit.

All along the south coast there are many beautiful and famous places to visit, all within an hour of Worthing town itself. Worthing is also located beside the famous South Downs. This area has been designated an area of natural beauty and is of historic significance. There are many famous landmarks on the Downs, including the famous chalk carved figure "The Long Man of Wilmington".

The town of Worthing is well known - Oscar Wilde wrote his classic play "The Importance of being Ernest" there in the summer of 1894. All in all, the town has an atmosphere of relaxation and of an unhurried lifestyle. We are the only British Council Accredited school in Worthing.

## welcome to Oxford

**Oxford** is one of the best-known and most highly respected universities in the world, famous for its tradition of learning and architectural brilliance. Our exclusive international summer course takes place in Oriel College in the centre of the university area, one of the oldest Colleges in Oxford University, founded in 1326 by King Edward III.

It is surrounded by all of the top tourist attractions of Oxford and it is easy to reach the amenities of this historic university city on foot. Oxford's historic buildings, narrow lanes and old bookshops attract students and tourists from all over the world and a visit to some of the attractive "olde worlde" pubs and restaurants is a must. Go punting on the Cherwell or the Thames, have a relaxing picnic on the riverbanks - the choice is yours.

Classes take place in Oriel College and meals are taken in the ancient dining rooms of the college so students can experience a real taste of the history of Oxford.

### Course

The course consists of 20 class room hours per week, of which 15 hours are lessons in English as a foreign language and 5 hours are lessons on British culture and history. The student is allocated to an appropriate level and class. The course is offered in July and August. Students may enrol for a course of two weeks or more at any time during this period. There is an exciting afternoon and evening programme. The school is Wifi enabled.

### Your first day

When you arrive at CES on your first day, a member of staff will help you to register. You will then be given a multiple-choice and writing test to help us determine your exact level of English followed by a short oral test (excluding July and August) with our Director of Studies. A senior member of staff will give you an introductory talk about studying at CES and outline the Social Programme for you. You will receive a welcome letter, information pack and student card, before joining your class after the mid-morning break. Regular meetings with your teacher and our Director of Studies will keep you focused on the areas you need to work on.

CES staff know that self-study is an important part of your progress. All schools have a multimedia centre with broadband internet and e-mail access. All schools are WiFi enabled. # Standard Course

The Standard General English Course takes place every morning from Monday to Friday, leaving you free every afternoon to join the Social Programme or study in our Self-Access facilities. Your morning lessons are divided into two parts and you will usually be taught by two different teachers.

In the first lesson the teacher concentrates on improving your accuracy, focusing primarily on grammar, reading and writing. The course-book is the basis for much of this lesson, with supplementary material taken from workbooks and other resource material.

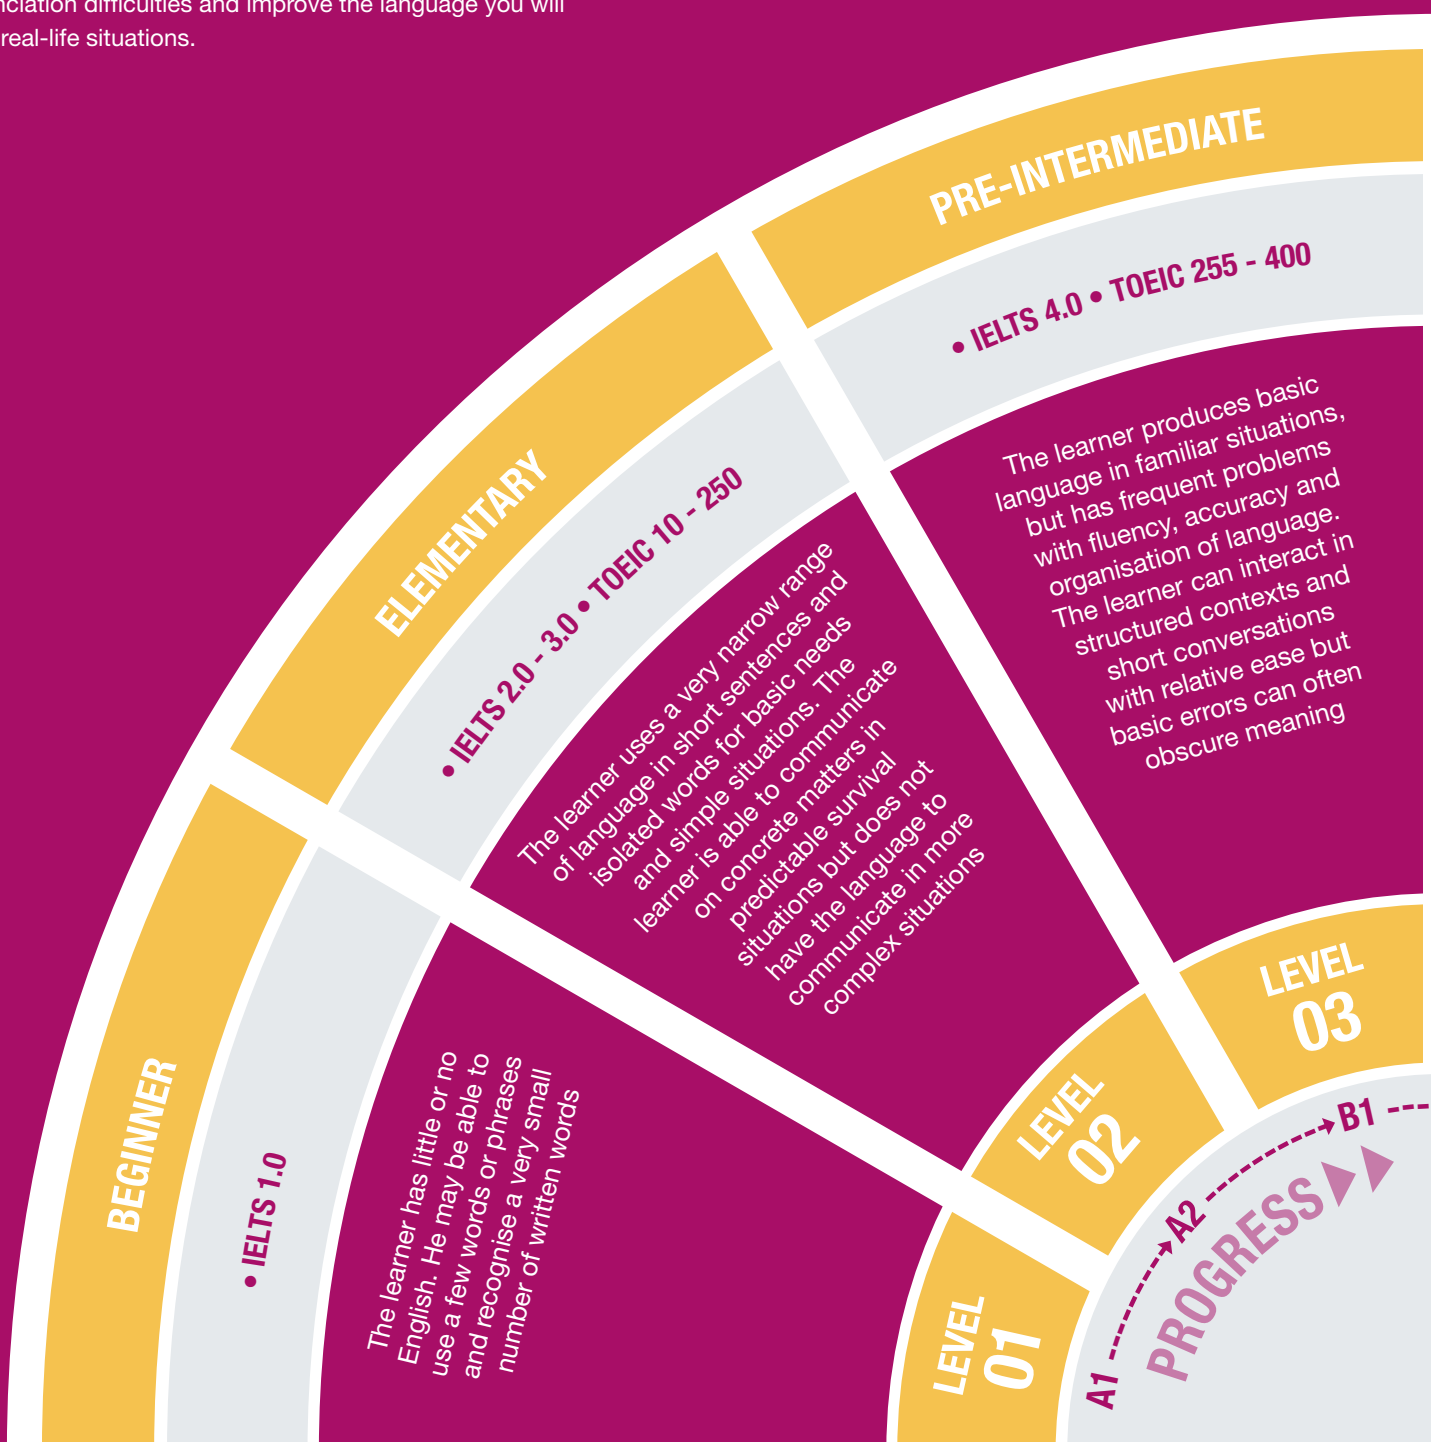

The second session concentrates on improving your overall communicative proficiency and fluency, focusing on your listening, speaking and vocabulary and consolidating the first part of the morning. You will also be able to work on specific pronunciation difficulties and improve the language you will use in real-life situations.

Examination	Exam Dates
PET Preliminary English Course	end March end June mid December
FCE First Certificate in English	mid March mid June end August mid December
CAE Cambridge Advanced English	mid March mid June mid December
CPE Cambridge Proficiency in English	mid June mid December

The course closely follows the Cambridge Framework and CES is hugely proud of our success in the examination over the years.

We recommend that, if possible, you arrive a week before your chosen course starts to allow us time to assess you and determine which level is most appropriate for you. Please note that we cannot accept any student for an examination course until we have confirmed that you are at the right level for the chosen examination. Your level will be determined by the Director of Studies, following an English Language Placement Test on your first day.

Your course will take place in the mornings and will be divided into two parts. In your first class, you will focus on the Grammar, Reading and Writing papers and in your second class, the emphasis is on Listening and Speaking. You will follow a course book in both classes and your teachers will also supply you with all necessary supplementary materials. During the

course, you will receive extra exam tutorials in the afternoons. We will also arrange practice exams for you on a regular basis throughout the course. These tutorials and the practice exams are all included in your fee.

A number of our CES teachers are qualified and experienced Cambridge examiners and their experience, combined with the tutorials and exam practice means you will be very well prepared for the exam at the end of your course. Our Director of Studies is always available to give you advice and to answer any questions you have about the exam.

Please note that our Cambridge Examination Preparation Courses will only take place if we have a minimum of 8 students for each level. The maximum number of students on any Cambridge Examination Preparation Course is 14.

## IELTS Preparation Course

If you plan to go to university in either Ireland or the UK then you need to take the IELTS examination. CES will help you achieve your goal.

IELTS is the most widely recognised university entry requirement in Europe. Most universities require a level of between 5.5 and 7.5. Exams take place at an external centre on a regular basis, usually once or twice a month.

Students follow the Standard General English course in the mornings and take the IELTS preparation course three afternoons per week on Tuesdays, Wednesdays and Thursdays. If you are starting your course at a low level you will be carefully encouraged and monitored in preparation for joining an IELTS Preparation Course. The ideal level for joining this course is intermediate (B1).

Your course will focus on improving your level of English as well as on developing your exam techniques. At the end of each week, you will be given a test, and a complete practice IELTS examination during the last week of the course. If you plan to take the exam while you are studying with CES, the Director of Studies will help you with registration.

# Junior International Summer Schools

## Learning should be fun...

CES has a number of different options for the younger learner. We have junior summer centres in Dublin and Navan in Ireland and in Worthing in the UK.

We at CES feel that learning English should be fun. We recruit teaching staff for our junior centres who will motivate and encourage junior students to build on the English they already know.

The morning is divided into two sessions and you will usually have two teachers. The first session concentrates on reading, writing skills and key grammar. The class is organised so that learning is fun, resulting in steady progress. After the mid-morning break you will concentrate on improving your oral skills using role-play, debate, project work and learning about your surroundings in Ireland and the cultural places you will visit during your stay.

### Facilities

CES Junior Summer Centres have been chosen for their excellent academic and sports facilities. They are conveniently located close to our homestays, in mature suburbs. All are convenient to public transport links. Sports facilities include playing fields and gyms. These facilities allow CES to arrange a very varied and challenging sports and activity programme.

### Activities

We want you to enjoy your stay with us so we have organised an action-packed programme at each of our centres. You will visit historical places, take part in a lot of activities, arts and crafts, dance and sports, make lots of new friends and go to school discos or other arranged evening activities. In addition there are full day Saturday tours to places of historical interest or to towns and villages with cultural places of interest.

# Junior International Summer Schools

## Junior English Language and Golf Programme

During July and August junior students can take an English language and golf programme in Dublin. This programme combines golf lessons, work with woods and irons and actual practice on a course. Three golf professionals work with each group and there will be a play-off on the final day for the CES trophy.

## 24-hour care

Our staff are available throughout the day and the night as we realise how important it is that parents know their children are with caring and responsible people. Young students can be homesick, get lost or need medical care at any time, so our staff are always available and willing to help.

All our excursions are accompanied by CES leaders known as 'Yellow Shirts' (because of their clearly identifiable polo shirts) and these leaders have been very carefully trained in dealing with young people. They are selected for their warm manner and sense of responsibility.

# Homestay Accommodation

## Where will you stay?

One of the best ways to learn more about the people of Ireland and England is to choose homestay accommodation. Family life is informal and the people are welcoming, friendly and talkative, so you will have plenty of opportunities to practise your English.

Our homestays are carefully chosen by our Accommodation Officers and all homestays have been visited and approved by us. You will live in a house with a garden in a pleasant suburb close to good public transport. Students travel to and from school by bus or train.

Having chosen a homestay suitable for you, details will be sent and we would suggest you make contact with them to confirm your arrival time. You will have a light breakfast and evening meal in your homestay. Dinner usually takes place between 6pm and 7pm which allows you to join our evening programme or take part in some of our activities during the long summer evenings.

Dublin - accommodation is half board Monday to Friday and full board at weekends. Wimbledon - accommodation is half board. Worthing - accommodation is full board. Dublin Junior Students - accommodation is full board.
