CIAL CENTRO DE LÍNGUAS  
YOUR PORTUGUESE LANGUAGE SCHOOL

CIAL has a tradition of more than 35 years of high quality Portuguese language teaching, combining competence, flexibility and friendliness. Over the years thousands of students have expressed their satisfaction with our work, and many returned for another course.

We believe our responsibilities are not confined to the four walls of the classroom: the aim is to provide students with a full cultural experience of the Portuguese way of life, gastronomy, music and History of Portugal and of the 7 Portuguese speaking countries in the world. Whether you study Portuguese for professional or academic reasons, or if you are looking at the combination of a vacation and language course, a course at CIAL will be a memorable experience.

Schools are equipped with Internet, library, audio, video and multimedia facilities. Students are encouraged to make use of them for free, in order to practice language skills.

**And remember: Learning Portuguese is easier than you think!**
