Spanish & Surfing

Always a wave ahead

The surfing spot Cabarete

... is known as one of the best surfing areas in the world. While windsurfing beginners and experts find excellent conditions in the long stretched Cabarete Bay, kite surfers get their money worth riding the waves at Kite Beach which is only 200 meters away.

At night, surfers, Dominicans and tourists mingle in one of the numerous bars and enjoy partying together while romantics stroll along the beach watching the sunset. Cabarete is perfect for everyone.

“Spanish & Surfing”

... combines Spanish classes with wind-surfing or kite surfing lessons. The Spanish lessons are held at the Instituto Intercultural del Caribe (IIC) in Sosua; surfing classes take place in the near-by surfer's paradise, Cabarete.

The program has a modular structure: Every Spanish and surfing course can be mixed with any accommodation category. So everyone can create his or her individual package of “Spanish & Surfing”.

The Instituto Intercultural del Caribe

... was founded in 1994 as the Spanish Department of the German-Dominican Language and Culture Institute EDASE. With a school in Santo Domingo and one in Sosua, it has become one of the major institutions in the Dominican Republic offering Spanish as a foreign language.

Our school in Sosua is located in the old and more serene part of the town, called El Batey. The school building, sheltered by impressive old trees and lush vegetation, offers the **ideal ambiance for concentrated learning** in a tropical surrounding.

The institute is within a stone's throw of the city center and 5 minutes walk away from the main beach. The ambiance is so tranquil that classes often take place on one of the four shadowed and airy terraces.

Besides classes, the IIC student care also organizes regularly **excursions and outdoor activities** for our students.

The surf center

... has its school directly in Cabarete. With more than 16 years of experience it belongs to the first and most renowned surfing centers in the country.

Classes and briefings are multilingual. Individual care, the surfer's safety, and fun are the top priority. That is why group sizes are only up to a maximum of 3 participants per instructor for the kite surfing as well as for the windsurfing courses.

Groups of less than 3 students will receive reduced lessons. This regulation is valid for all courses except the surf pool.

With regard to wind and weather conditions surfing is usually possible all week long, Monday through Sunday. It takes about 15 minutes to get from Sosua to Cabarete by public transport and costs only a few Pesos.

The Program

Spanish

Classes consist of 20 45-minute-lessons per week (4 les/day). Students can choose between **group courses or private lessons**. Classes are usually 5 days a week, Monday till Friday, from 9am till 12:30 pm.

The **course concept** combines grammar with conversation. We teach the grammatical basis of the language, the Castellano; the linguistic differences between the Spanish spoken in Latin-America are pointed out during the course. We furthermore focus greatly on providing students with the opportunity to practice speaking. For this reason, group courses are limited to a maximum of 7 students.
