

Description of school and accommodation premises

We started our activity in 1964. We offer Intensive Spanish Courses and private tuition all year round in 6 levels (A1, A2, B1, B2, C1 and C2) according to the European Frame of Reference. We are also the only authorised examining center of the DIE (Diploma Internacional de Español) in Las Palmas G.C. Our courses are recognized in several German "Länder" for Bildungsurlaub.

Gran Canaria SOL owns 3 buildings near each other, only a few meters from the beach of Las Palmas (Canteras Beach). The school occupies one building; the other buildings are the residences.
 The beach of Las Palmas is one of the most beautiful in Spain with 3 kms. of fine white sand and an elegant promenade full of terrace bars and restaurants.

The school building is a 2-storey construction with two Canarian patios used as a lounges connecting with offices and classrooms. On the second floor there are more classrooms, the library and the terrace, which serves as resting area. Students have internet access for a small price. Besides tuition, those students lodging at our residences receive breakfast and lunch on class days. But on holidays, Saturdays and Sundays only dinner will be offered to them. Our cook prepares Canary and Spanish food, but students' requests will also be considered, even diet or vegetarian menus.

The residences: the Best Residence has a total capacity for 22 lodgers. It was built in 1997 and is a 6-storey building with lift. There is a safety deposit box, satellite TV and free internet access in each room. It is a 10 minutes' walk from the school along the beach promenade. The Plus residence has a total capacity for 10 lodgers in double rooms only. It was built in 2007 and is a 6-storey building with lift. There is a small refrigerator, satellite TV and free internet access in each room. It is a 3 minutes' walk from the school. In both residences each room has a full private bathroom. Each residence also offers common premises available for all residents equipped with a, microwave, toaster, water-boiler, dishes and cutlery for small meals only.

Both residences are specially prepared for handicapped persons in wheelchairs.
