GERMAN-GROUP COURSES

„Schnellkurs für Deutsch“ is an intensive German course which consists of **small groups with a maximum of 6 participants in winter or 8 participants in summer**. They meet daily from Monday to Friday, either in the morning or afternoon.

The emphasis of the lessons is intensive oral practice. Through constant goal-oriented dialogues with the other participants and the trainer who only teaches in his mother tongue which is German, you are guided step by step towards **active command of the language**, preparing you to face everyday situations with all their demands.

With active inlingua video-/audio training, typical everyday situations are presented in short video scenes. Through the **practical application** you familiarize yourself with the newly-learned words, grammatical structures and oral comprehension. With the help of video-supported exercises you learn to use these forms correctly, and you can discuss possible questions with the teacher during the next lesson.

All training is backed up by carefully designed materials developed and continuously updated by **inlingua Methods and Materials Center**. These materials **matching the international testing-standards of the European Framework for Languages** allow you to simultaneously improve your ability to understand, speak, read, and write German. You may also continue your training at any of the more than **350 inlingua schools worldwide**.

GERMAN-INDIVIDUAL LESSONS

One-to-one training is the **most efficient way** to learn a foreign language, as the training program is tailored exactly to meet your demands (concise argumentation in discussions, telephoning, specialized and technical vocabulary training, etc.) as well as your own personal linguistic shortcomings.

Depending on your personal schedule and availability you **decide which day the course begins, which days you meet, as well as time and intensity**.

You may also form a „**Special Team**“ with a colleague, partner or your child (= Parent & Child courses) and split the price (5 % surcharge for each additional participant).

COURSES (refer to previous page):

EU (all ages)

Individual instruction (private lessons) can be taken and booked in any desired amount within a max. of 6 months. This course is recommended for those who work in Salzburg and need to have a very flexible schedule for their lessons which are tailored to their needs (German for managers, lawyers, medical professionals and those working in tourism,...).

CIP 120® (all ages)

Our „Crash Intensity Program“ is a very intensive form of individual instruction with at least 20 lessons per week. It caters for individuals who want to learn or improve their German in a short time, i.e. in a specific area. You choose if you want 10 lessons daily of maximum instruction or just 6 lessons of hard work to have time for some leisure activities (sports: golf, tennis, rafting, paragliding, ski-safari, swimming,...) or to enjoy the wide range of cultural activities available in Salzburg (Schloss Hellbrunn with its water gardens, Salzburg Festival, Mozart-serenades, New Year’s concert,...).

MIP®

Our „Maximum Intensity Program 720“ has more than 50 individual lessons per week with a trainer plus a weekend (1/2 day) – and an evening program (1 evening). This is our hardest but most effective program for individuals who need to acquire a maximum of know-how in a minimum of time. Our years of experience have shown that this is the best program for professionals, managers, politicians and persons whose work and position demand a high level of language perfection in a special field. (Please ask for detailed information.)
