THE SOUTH AMERICAN RIVIERA

WHY IS URUGUAY THE IDEAL COUNTRY TO LEARN SPANISH?

Beauty

The whole of Uruguay is a never-ending Riviera with white glowing sandy beaches all along the coast. Vast countryside, historic cities and hot springs are some other options that Uruguay offers its visitors.

Language

Spanish is the only official language in Uruguay. The literacy rate is 97% and Uruguayan people have a high cultural level, which makes it easier to use and practise the language.

Cordiality

Uruguayan people are warm, kind and easy going. They treat visitors in a way that makes them feel at home.

Climate

Uruguay has a mild climate, with average temperatures of 12°C (50 F approx.) in Winter and 25°C (85 F / 90 F approx.) in Summer.

Security

Uruguay offers its visitors a high level of security. You can safely walk along the streets day or night.

Culture

Excellent theatre performances, outstanding art exhibitions and typical festivals such as Carnival and Fiestas Gauchas (Folk Festivals) make it possible for visitors to sense culture in every part of the country.

Distances

The size of the country makes it easy for visitors to go from any tourist place to another, including Brazil and Argentina.

Economy

Compared to European countries, North America and even most of South American countries, prices are low in Uruguay.

Entertainment

Beautiful beaches, modern shopping centres, discos and pubs are some of the several entertainment places in Montevideo. The capital city is just a few hours away from any of the other cities of the country in which visitors may enjoy water parks at the hot springs, country life at the "estancias" (working ranches), luxurious seaside resorts or historical journeys.

SHARING THE EXPERIENCE: TESTIMONIALS

Foreign students who have chosen Uruguay to improve their Spanish leave absolutely satisfied with the experience, overwhelmed by the beauty of the country and the warmth of its people. We would like to share with you some of those experiences, and invite you to write your own.

Jane Tasker
51 years old, United States.

"I had studied Spanish in Mexico and Spain. Two of the schools where I studied were associated to International House and that's where I found the

most dedicated teachers. At International House, teaching is not only a business. The school comes first, I liked that and in Uruguay it is the same.

I went to Uruguay for two weeks and I loved the people and the beauty of the country. I visited Punta del Este and Buenos Aires but most of the time I stayed in Montevideo. And I loved it!"

Mariana Koslova
30 years old, Russia.

"I really like Uruguay. It is hotter here than in my country and I can enjoy the sea and sunny days, I can go to the beach. I like living here. I chose International

House Montevideo because it is close to the Russian Embassy and several women from my country study at this Institute. At International House Montevideo, teachers make Spanish easy and I enjoy lessons."

Denis Chimin
37 years old, Russia.

"My friends came here three years ago and told me that it was a great country with really hot weather. Uruguay is a very good country, with a great climate and delicious food.

I like swimming in the beach, eating and having a good time. And I study Spanish at the same time."

Morten Holmefjord
30 years old, Norway.

"I decided to visit this country as an adventure. I rented an apartment in Pocitos to stay here for two years.

I like it here because people are very friendly, not as the people in Norway. Uruguayan people are special. Montevideo is a big city to me. It has lots of trees, parks and beaches so I like it very much."

Tamara Kirkwood
21 years old, South Africa.

"The reasons for my trip were both vacations and studying. This is a very quiet country and it is cheap. There are lots of festivals and activities."

"I had a very good experience at International House Montevideo. The balance between theory and practice is very good."

Po
29 years old, China.

"I chose International House Montevideo because people who work in Embassies always come here. I started lessons a month ago. Teachers are

very experienced, speak clearly and give very detailed explanations."
