

IELTS Direct – IELTS Preparation Courses

IELTS (International English Language Testing System) tests the English language skills of non-native speakers of English in reading, writing, listening and speaking.

IIA's 6-week full-time intensive IELTS Direct courses have been specifically designed to help you develop the language and test skills you need to perform well in the IELTS test. At IIA you will focus on the development of IELTS test strategies and skills for each module of the IELTS using IELTS practice test question. IIA's IELTS Direct courses focus on Academic IELTS.

IIA offers IELTS Direct courses at Intermediate, Upper Intermediate and Advanced levels.

Our IELTS courses feature:

- tuition by experienced IELTS teachers
- closed classes to minimize disruption and maximize focus
- an Academic IELTS focus
- practice with IELTS test questions under test conditions
- full mock tests that simulate the real IELTS test
- the study skills and test strategies needed to perform well in the IELTS
- a focus on major content areas covered in each section of the IELTS (including global problems, business and industry, children and family, science and technology, crime and law, media, education, politics, money and finance and the environment)
- a range of IELTS study materials and practice tests which can be used for extra study in the Resource Centre or at home
- course books for you to keep

There is no required minimum English language level to take the IELTS test, but because of the content and language demands of the examination, it is recommended for people who have studied English for a number of years. You will need to be at least Intermediate level to take an IELTS Direct course at IIA. In addition, IELTS is generally not suitable for people under 16 years of age.
