## FLORENCE

Florence, in the heart of Tuscany, is the cradle of the Renaissance and the classical Italian of Dante, Petrarca and Boccaccio. While other European cities continued to live in the Middle Ages, modern art and culture developed here under the reign of the Medici. Today in Florence one can visit and admire the masterpieces of artists like Botticelli, Michelangelo and Leonardo da Vinci in world-famous museums (the Uffizi, the Accademia, Palazzo Pitti), in beautiful churches, or even on a casual walk through the city. The Ponte Vecchio connects the lively and historic city center around the Cathedral with the quieter neighborhood on the other side of the Arno river. Florence's urban landscape is distinguished by beautiful squares like Piazza della Repubblica and Piazza della Signoria, by small streets and winding medieval alleys, by various markets, and above all by the marvelous cupola of the Cathedral, visible from almost everywhere in the city. Today Florence attracts tourists from all over the world who find here, besides history, everything to feel at home: Tuscan food and the best Italian wines, numerous bars and discos, a traffic-free center and many inviting shops.

The Scuola Leonardo da Vinci is situated in a beautiful historical palazzo with a magnificent view of the Cathedral in the heart of downtown Florence, only a few minutes walk from the most famous sights. A student lounge with coffee corner is at our students disposal and students have free access to our Internet Point.

## MILAN

Milan is the most cosmopolitan and vibrant metropolis of Italy. It is composed of a fascinating mixture of tradition and modernity, design and fashion, culture and Southern temperament. Its character is stamped by its historical past and its current booming industry. Milan is the city that sets the trends and that's what makes the metropolis so exciting. The area around the Cathedral of Milan, the largest gothic building in Italy, is considered to be the main attraction and an accumulation of superlatives. Here is the location of the "Galleria Vittorio Emanuele II", a catwalk of elegance and the longest arched walkway in Europe. Its Northern exit leads to the "Scala" - one of the most famous opera houses in the world. Not far from the "Scala" you will find the "Castello Sforzesco" - an impressive brick fort which holds the last opus of Michelangelo: the incomplete Pietà Rondanini.

The Scuola Leonardo da Vinci is located inside a peaceful student campus in the Navigli zone. It is well connected to the city center by subway and by bus and Milan's Cathedral can be reached in 20 minutes on foot. All classrooms have air conditioning, and the campus boasts a park, a bar and a refectory. All students have free Internet access.

## ROME

Rome is one of the most beautiful cities in the world and features more than 2600 years of European history and culture. It is the city that unites the splendor of its unique artistic, archaeological, and environmental heritage. It's a city of continuous change with all the services of any modern metropolis in the world. At the same time Rome is both a bustling city offering day and night an assortment of urban activities and a city where you can relax outside at a café in front of a breathtaking vision of ancient ruins. There's so much happening and so much beauty to behold.

The Scuola Leonardo da Vinci is located in an attractive and elegant typical aristocratic building in the center of Rome, in the pedestrian area, halfway from the astounding Piazza Navona, Castel S. Angelo and St. Peter Basilica. Our brand new student lounge has internet facilities and a cafeteria where our students can enjoy coffee, wine and mediterranean cuisine.

## SIENA

Surrounded by hills and the olive groves and vineyards of Chianti, Siena is for many people the most beautiful city of Tuscany. Its heart is Piazza del Campo, the center for feasts and colorful festivals, which since the 1950's has been largely closed to traffic. Siena offers many possibilities to satisfy a love for art: the Cathedral, Palazzo Pubblico, and the former hospital St. Maria della Scala, which serves today as a cultural center. But the visitor will find the special charms of Siena off the usual tourist's path, in the winding alleys and steep steps which connect the three hills of the city. Siena is famous for the annual historic horse-race, the Palio, which takes place in the Piazza del Campo on the 2nd July and 16th August but already causes excitement in the city many weeks before. In addition to the bustling daily life of the streets and squares of the city, Siena offers many cultural events, the theater, concerts, and cinema as well as a variety of sports facilities. The small towns San Gimignano, Montalcino and Volterra are not far away from Siena and to the romantic beaches of the Maremma on the Mediterranean sea it is only 70 km.

The Scuola Leonardo da Vinci is located on a typical Sienese street in the historic center of Siena, next to Piazza San Domenico and Piazza Gramsci and a three-minute walk from Piazza del Campo. It is a small language school, known for its familiar and friendly atmosphere. After classes the sunny terrace of the school provides a scenic meeting place for the students. The school offers free Internet access for all students.

# ACADEMICS

## TEACHING METHOD

Our teaching method takes full account of modern didactics and is oriented towards the "Foreign Language Concept of the Council of Europe" and the "Guidelines of the Accademia Italiana di Lingua (AIL)". The Leonardo da Vinci schools teach according to the Communicative Approach Method (CAM): from the first day on, at all levels, only Italian will be spoken. We emphasize the spoken and living language. Continually stressing the use of verbal communication permits you to learn Italian 'naturally', to unite theory and practice easily and to increase your knowledge quickly and with confidence. Advanced courses also practise written language. Our teaching staff consists of young teams of experienced language teachers, all of whom have studied at University and who have been specially trained in teaching Italian to foreigners.

Most of the teaching material has been developed by our schools and is excellently suited to the needs and requirements of the students. Thanks to a permanent work group the didactic material is continuously updated and adapted to the newest research on teaching languages to foreigners. But learning Italian does not consist, for us at the Leonardo da Vinci schools, in just teaching grammar and vocabulary. We want to allow our students to gain insight into the Italian way of living and thinking. That is why we offer, in addition to the language courses, a whole range of extracurricular activities for our students.

## ABILITY LEVELS

On the first day of the language course, your knowledge of Italian will be determined by an entry test and an interview. Students with no knowledge of Italian will be assigned to the beginner level. Text books and supplies are provided by the school, but you are expected to bring your own dictionary.

The time it takes to learn to use a foreign language varies from person to person. Therefore, regular progress tests at the end of each level enables us to measure your language development and evaluate your performance over a period of time.

Our schools offer courses on six ability levels, following the Assessment Grid of the European Language Portfolio (ELP/CEF: Common European Framework of Reference for Languages) which is based on the assessment grid of Schneider/North:

| Level     | I<br>Beginner |    | II<br>Elementary |    | III<br>Intermediate |    | IV<br>Advanced |    | V<br>Proficient |     | VI<br>Diploma |
|-----------|---------------|----|------------------|----|---------------------|----|----------------|----|-----------------|-----|---------------|
| ELP/CEF   | A1            |    | A2               |    | B1                  |    | B2             |    | C1              |     | C2            |
| S/N       | N1            | N2 | N3               | N4 | N5                  | N6 | N7             | N8 | N9              | N10 |               |
| AIL EXAMS | DELI          |    |                  |    | DILI/DILC           |    | DILS           |    | DALI            |     | DALC          |

ELP/CEF = Language ability scale according to the European Language Portfolio (Common European Framework of Reference for Languages)

- Single or double room in a host family with breakfast;
- Single or double room in a host family with half board (breakfast and dinner);
- Single or double room in an apartment, with bathroom and kitchen shared with other students or with the landlord;
- Upon request, we can also arrange rooms in Extra Comfort Apartments, Hotels of all categories as well as Private Apartments, Residences and Boarding Houses.

## HOST FAMILIES

Most of the host families have worked with us for many years. The families know from experience what the role of a host is. Living with a host family offers you the opportunity to become integrated quickly into the Italian society. Nowhere else will you so directly experience real Italian life. The word «family» should not be taken too literally, because your family could also be a single parent who takes in students because he or she enjoys the company. You can choose between a room with breakfast or half-board (breakfast and dinner). It is obvious that you will have to adjust a little to the rules of the house. Apart from that, you are free to do what you want.

## SHARED APARTMENT

Living in an apartment, together with other foreign or Italian students or with the landlord/landlady, allows you considerable independence. The apartments are not luxurious but they have all the basic amenities (a bed, table, chair and a wardrobe). You share the bathroom and the fully equipped kitchen with the room mates and you can cook on your own.

## EXTRA COMFORT APARTMENT

Our shared extra comfort apartments are of various sizes, each one offering a welcoming and functional atmosphere. Residents share bathroom and kitchen. The linens are changed weekly and the common areas are cleaned on a weekly basis as well. All extra comfort apartments are located in the city center or in the best residential areas. We recommend booking early as there are only a few extra comfort apartments available.

## PRIVATE APARTMENT

Private apartments are more comfortable than shared apartments and therefore more expensive. They are available for one or more persons. Prices are available up on request. Please note that the private apartments must be reserved well in advance and the prices vary depending on the city and season.

## TRANSFER

Scuola Leonardo da Vinci also offers a Meet and Greet transfer service from the airports in Rome, Florence and Milan and from the train stations in Florence, Milan, Rome and Siena to your accommodation.

## SPORT AND LEISURE TIME

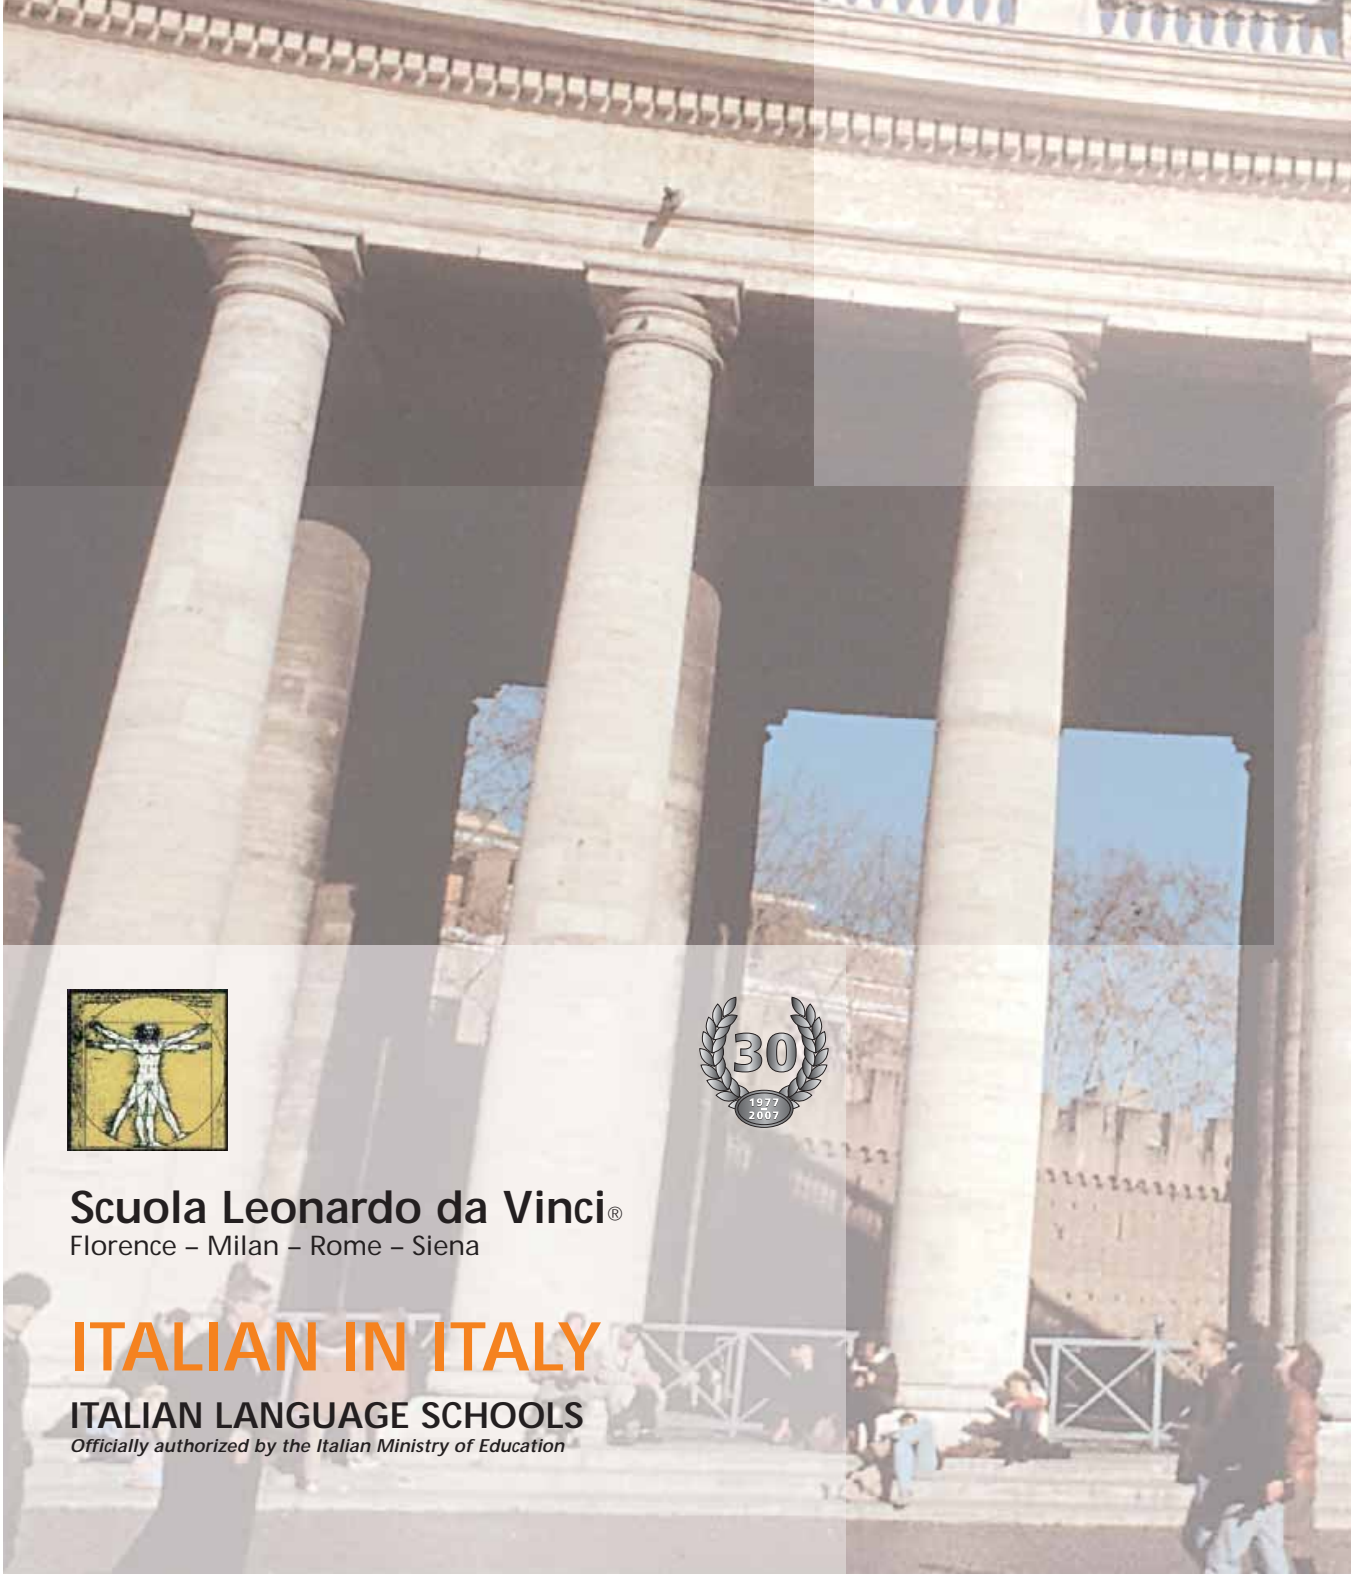

During your stay you may wish to practise your favourite sport or learn a new one. You have the following opportunities: gymnastics/fitness/yoga, swimming, jogging, tennis, squash, golf, horse-riding, biking and so on. Our guides for all athletic activities will help you organize your free time.

The cities and their surroundings offer a nearly unlimited variety of leisure activities, which you might undertake on your own. We offer some leisure activities ourselves and organize on a regular basis:

- dinners, which enable teachers and students to get to know each other better
- guided art history visits
- film evenings at school
- half- and full-day excursions
- mountain-bike tours
- visit to a wine cellar

Full-day excursions are organized on Saturdays provided a minimum number of students participate. Students may be required to pay the admission fees to some of the sites. You will be given your Leonardo da Vinci student card on your first course day. This card entitles you to discounts in various restaurants, bookshops, cafés, gyms, museums, public transport, etc.

Every month our schools distribute their own calendars of culture activities. This way you will always be well informed concerning exhibitions, concerts, films and other events. Your stay in Italy should be memorable not solely on account of the language course.
