A DYNAMIC DESTINATION

The city of Fort Lauderdale itself is known as a center for business and international trade and many multinational companies have chosen this area for their headquarters. In fact, the Executive Airport is the seventh busiest airport in the U.S. In 1997, Time magazine recognized Fort Lauderdale as one of America's top 15 "Hot Spots" for job growth. Fort Lauderdale is a fast growing, vibrant city whose resident, median age is 37 and where the average household income is \$48,000 per year, well above the national average. An important factor in the city's economy is Port Everglades, the second largest passenger port in the world and port of call for many prestigious cruise lines, including the Queen Mary, Carnival and Costa cruise ships. Students attending the Executive courses will fill out a needs analysis form and, upon request, we can design a specific social program. Shortly after arrival, each executive will meet with the Director to discuss their special requirements and we can arrange, as part of the course, visits to major corporations and government offices.

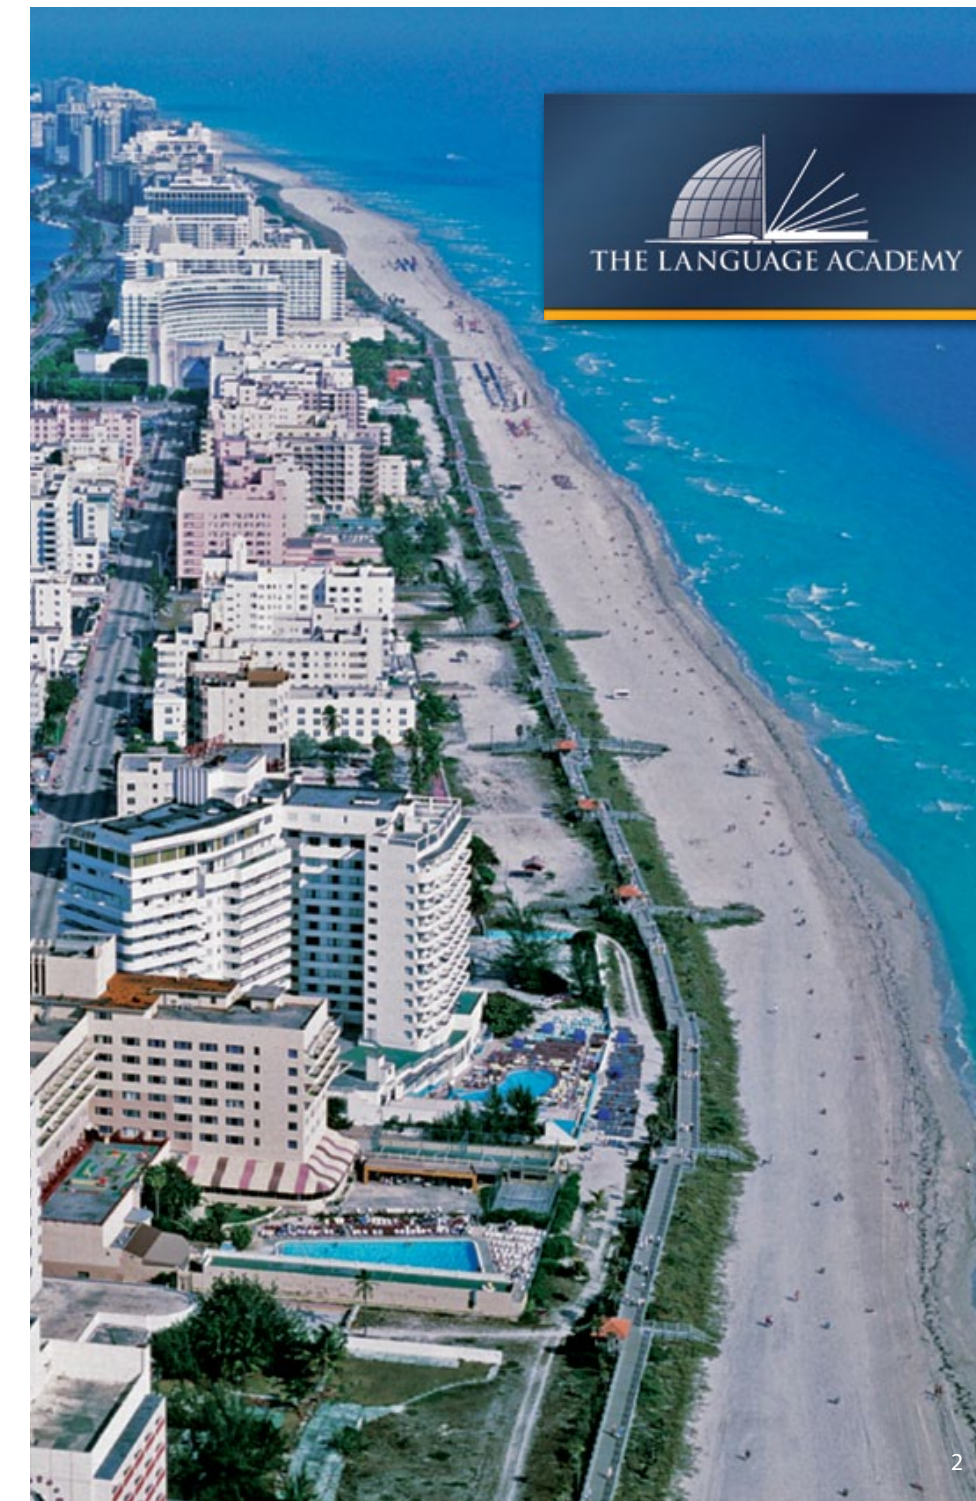

THE CITY WELCOME TO FORT LAUDERDALE THE VENICE OF AMERICA

Florida is known as the "Sunshine State" thanks to its 310 days of sunshine per year and 900 miles of beautiful, palm lined beaches. The State offers a variety of natural attractions, such as the Keys, a long chain of islands off the southern coast, and the Everglades National Park. This park preserves the natural habitat for thousands of tropical plants and animals and is still home to Indian tribes. Fort Lauderdale itself is internationally known as the "Venice of America" with 85 miles of navigable waterways and canals. The Fort Lauderdale/Hollywood International Airport is conveniently located three miles (5km) from downtown and provides a global schedule of more than 450 daily flights to the Caribbean, North and South America and the Bahamian Islands, which are only thirty minutes away by airplane.

THE WEATHER

Florida has a sub-tropical climate, ideal for enjoying the beach almost every day of the year. December - May (Winter) are the mildest months and January the coolest with an average temperature of 75°F. June - November (Summer) are the hottest months with an average temperature of 85°F. Offices, restaurants and public places are air-conditioned, so make sure you pack a sweater or light jacket for indoors. Bring your beach attire and comfortable shoes for excursions.
