# Worldwide School of English – Profile

Worldwide School of English is a Category 1 NZQA school and members of ENGLISH NEW ZEALAND and Quality English.

We offer English language education for students at a great location in mid city Auckland.

We offer 7 levels of General English (minimum age 18).

We offer Business English classes as well as Cambridge FCE/CAE, IELTS and TOEIC Exam Preparation classes. Our classes have an average of 11-13 students per class.

All class materials for General English courses are provided free to the student. We don't use one textbook because for each level we have developed a special curriculum using a range of internationally approved textbooks as well as DVD's, magazines, listening files, online learning, newspapers and other resources developed by the school.

General English morning classes teach essential grammar, vocabulary, functions and improve students' writing and reading skills. Students also receive a lot of listening and speaking practice and teachers encourage students to practise their speaking, give opinions and ask questions.

General English afternoon classes concentrate even more on the fluency skills introduced in the morning classes. There is a lot of pair and group work discussions on many varied and interesting topics and exercises to improve listening skills used in everyday English.

Every Friday afternoon students can choose: special class options, Job Club, a cheap activity, a movie at school or a practice test (IELTS, TOEIC).

We believe in international English and our teachers are from many different English speaking countries. At Worldwide School you can speak with and learn English with students from many different countries. This is a wonderful chance to REALLY learn and experience international English. Speaking with French, Vietnamese, Brazilians, Thais, Germans, Japanese, Colombians and others helps your English to get even better.

We also offer "COMBO" combining study with travel at our partner schools in Wellington and Queenstown.

A full range of after school activities, social programme and weekend trips are also organised.

Our facilities include a Library/Self Access Area with self-study material and 1000's of books and magazines, computers with FREE Internet and Online learning access as well as free WiFi in the whole building, a Muslim Prayer and a Movie Room.
