## Testimonial

What an enjoyable and instructive way into a difficult language!

After 18 months of lessons at International Language in Sheung Wan, I can safely say it's one of the best investments of time and money I've made here in Hong Kong.

Cantonese is a difficult language, but being a Westerner who can happily get by in taxis, restaurants, estate agents and in simple chit chat at work definitely sets you apart and opens new doors and hearts with local people.

The learning has been fun, personal and flexible to my job and commitments, and beyond steadily building my basic grasp of the language, attending lessons has also given insights into Hong Kong culture and history, which are rewarding in their own right.

I wouldn't say it's easy learning Cantonese, but it's worth it and this is a great place to do it.

**Dan Cotton**

"Studying Chinese at the International Language School has been an excellent experience.

As a foreign language teacher myself, my standards are quite high, and all my expectations have been met or exceeded. My teacher is consistently patient and friendly, the classroom atmosphere is positive and relaxed and the materials used are top-notch. I have made great progress since I started studying at the International Language Center and I couldn't have done it without them!"

### **Christine O'Donnell**

"I am extremely satisfied with my basic level Mandarin group course at the International Language Centre and our teacher makes learning this rather difficult language truly interesting, easy and fun. Chris is a talented teacher, who constantly keeps us on our toes with his exercises and tutorials in his **Chinese lessons**. After two months of studies, I already feel I have a good grounding to be able to transfer to the intermediate level. I couldn't be happier!"
