

IL PIACERE DI IMPARARE L'ITALIANO

ITALIAN LANGUAGE AND CULTURE COURSE

This is an ideal way to enjoy learning and have full benefit from practising your skills and interacting with other students. Your teacher will give you clear guidance and many opportunities to communicate effectively in Italian through a range of activities. S/he will work with you as a group, in pairs and individually, making your classes even more varied. Because of the small size of the groups, we can give personal care and attention to each student. This allows you to gain maximum benefit from the time available through intensive exposure to all aspects of the Italian language. Each Koinè school also offers a varied program of social and cultural activities in the afternoon, including effective insights into the Italian way of life.

To all those students who can spend several months in Italy and give solid foundation to their language skills while improving the knowledge of the Italian culture, we offer a special price for a 3, 6, 9 or 12 months program in the frame of the Italian Language and Culture Course.

ITALIAN LANGUAGE AND CULTURE COMBINED COURSE

This is one of our most effective courses. You can get maximum benefit by combining group lessons with one-to-one classes. You will attend a 4-hour group class in the morning and 1 or 2 hours of individual class in the afternoon.

BREAD, WINE AND LANGUAGE

This program is aimed at those who would like to combine the language Standard Course with other aspects of the Italian way of life: food, wine and, last but not least, the Tuscan countryside while having fun and making new friends. "Bread, Wine and Language" has a duration of one week and is held in Lucca. It can be easily combined, at very advantageous prices, with one or more additional weeks of the Standard Course.

Wine tastings will be held by a professional AIS Sommelier. The olive oil tasting will be held by a certified "Maestro d'olio".

INDIVIDUAL COURSE

This course is conceived for students who have little time to learn Italian but still would like to make a significant improvement in speaking and understanding it. Our tailor-made classes are carefully designed considering the student's Italian language proficiency, interests and – upon request – job requirements.

TRAVEL AND LEARN: ONE COURSE AND TWO CITIES

This program offers the opportunity to attend an Italian language and culture course, staying in two of the most beautiful cities in Tuscany, Florence and Lucca. A great opportunity to embrace the Italian way of life experiencing similarities and differences between the two locations: on the one hand, the art, culture and history of Florence, and on the other, the architectural and landscape peculiarity of a charming town a few steps from the sea and from the hills.

COOKING WITH "MAMMA"

This course offers a unique chance to combine learning with cooking: you will practise the Italian language in the morning and enjoy cooking typical Tuscan dinners with a very special tutor: an Italian "mamma"! A great opportunity to improve the language in a pleasantly authentic context. This program can easily be combined with one or more additional weeks in the frame of the Standard Course at very affordable prices.

ONLINE ITALIAN LESSONS

Koinè Online Course gives you the opportunity to get in touch from wherever you are with the Italian language and culture, learning and practicing it with the expert guidance of a highly qualified teacher. Our online individual lessons are built around your goals and tailored to your needs in order to achieve maximum results.

Like the approach Koinè takes in its schools, its online courses are designed to give you the confidence to communicate in real-life situations as well as delve deeper into the areas that are of your most interest. With online classes, students can arrange lessons to suit their schedules and availability.

WALKING AND TALKING

The program is designed for those who love walking and combines the Italian Language and Culture Course in the morning with outdoor afternoon activities to discover the countless features of the Tuscan landscape. Even in the limited space of an afternoon, the peculiar geographical position of Lucca offers the opportunity to experience a hidden and lesser known but fascinating area of the region, off the beaten tracks.

TRAVEL AND LEARN: THE SEASIDE AND THE CITY

The program offers the possibility of knowing two very different aspects that also distinguish the beauties of Tuscany, even the less obvious ones.

In the collective imagination of Tuscany, made of art cities and hilly landscapes, the marine scenery is often not included. Actually, more than a third of Tuscany's perimeter is characterised by the sea: the islands in particular reveal an unexpected face and above all a surprising variety in plants, animals and human settlements.

Capraia Island is part of the National Park of the Tuscan Archipelago, the largest marine park in Italy and the largest protected marine area in Europe.

TUTOR COURSE ON THE ISLAND

This program allows you to learn and practise Italian with a personal tutor in an exceptional location: wonderful Capraia, one of the most suggestive islands of the Tuscan Archipelago. Travel, accommodation, excursions and assistance are included and completely organized by Koinè in order to make your stay a truly unique and relaxing experience.

TEACHER REFRESHER COURSE

With an extremely practical approach, this course is aimed at those who are interested in a specific teaching aimed at developing the student's communicative skills. In addition to the subjects of language teaching, the program offers an opportunity to practise and deepen the language knowledge and is therefore particularly suitable for teachers who live abroad and non-native Italian speakers who feel the need for a more general direct contact with language and culture.

ITALIAN LANGUAGE AND ART

The program combines the Italian Language and Culture course with art lessons. It caters for students who want to learn drawing, or painting, or sculpture, even for well experienced students who want to improve their techniques and learn how to better express their creativity. The workshop is tailor-made and the tutor will follow the progress of each participant, who will have the opportunity to complete a personal portfolio with their works.

For this workshop, Koinè takes advantage of the experience and professionalism of the artist Mario Pachioli.

ITALIAN LANGUAGE AND PHOTOGRAPHY WORKSHOP

This course combines the study of the Italian language with the interest in photography at different levels, from amateur to advanced, addressing those who want to learn or improve the technique taking advantage of the architectural subjects and natural beauties that characterize our places.

The lessons of the photography workshop are carefully designed according to individual interests and skills (fashion, landscape, architecture, portrait, etc.) as well as to any professional requirements.
