Our specialized academic and exam preparation courses will prepare you for life in a real academic environment and equip you with the tools you need to excel in your studies, in your career and beyond. You’ll also have access to the wider Kaplan family, including Kaplan Medical, Kaplan Financial and Kaplan Business School, should you wish to pursue a specific academic route after learning a language with us.

When you study with Kaplan, you’re choosing a school that’s truly passionate about language education. We have over 80 years of experience in helping students to achieve their personal and professional goals, and we’ve loved every minute of it. We’ll do everything in our power to help you have an unforgettable experience of living and studying abroad. Whether you need help with the admission process, your visa, accommodation or, of course, your academic work – we’re here to support you every step of the way.

With the strong backing of our parent company, Graham Holdings (formerly the Washington Post Company), you know you can count on Kaplan to be around even in uncertain times. No matter what’s going on in the world, our schools will always be a safe and welcoming environment for our students. We look forward to showing you what it means to be one of them.
STUDYING WITH CONFIDENCE

No matter what’s happening in the world, you can feel confident when you book with Kaplan. Studying a language is one of the most impactful things you can do for your life, your career and self-development, and we won’t let anything get in the way of that.

Over many years of change, Kaplan has remained stable and committed to delivering excellent language tuition to our students. We have in the past faced challenges which have affected our students’ ability to travel. This year, we’ve introduced several new measures to ensure your language learning experience is as safe, secure and enjoyable as ever.

ENHANCED CLEANING

We have enhanced our cleaning regimes in all our schools. Hand sanitizer is available for all staff and students, and we’re carrying out extra deep cleaning to make sure our schools are as safe as possible, with special attention being paid to heavily used items.

PROTECTIVE GEAR

The safety of our students and staff is our biggest priority, which is why we’re ensuring everyone is wearing the necessary protective gear. Whenever needed, our staff will wear face protection. Our teachers wear visors in class so students can still see their mouths to help with understanding their new language. Other staff in school wear face protection whenever needed, and we have installed protective screens where necessary.

PHYSICAL DISTANCING

We want everyone to feel comfortable and safe, while still providing an immersive learning experience. We’ve altered classroom layouts to make it easier to keep a distance, while staggered timetables allow for different arrival times. We have one-way systems in place where it is possible to do so, and signage around the schools reminding everyone of our safety protocols. We’ll introduce more outdoor trips to our social program, working with providers who offer safe, physically distanced activities in line with local government guidance.

ONLINE LESSONS

New for this year, our online lessons are designed to give you the same Kaplan-quality language tuition as you would receive in-person. Delivered by our qualified teachers, our lessons are combined with a unique package of study clubs and online resources, as well as a virtual social program. If unforeseen circumstances prevent you from traveling to one of our schools, we can offer you online lessons until in-school learning is possible again.

FLEXIBILITY

We know that this is a challenging time, so we’re committed to being as flexible as possible with your studies. While we can’t predict certain circumstances, we’re always here to help and we’ll do our best to accommodate your needs. If you have any concerns about your course, or need to make changes in advance of your arrival, please speak to one of our trusted advisors to find out what options we have available to make your experience as safe and secure as possible.

We’re striving for as much normality as possible. We truly believe that the world is a better place when people can travel and communicate freely. As a major, well-established language school, backed by a large parent company, the Graham Holdings Company, you can feel confident that booking a language course with Kaplan is always a smart choice.

BOOK WITH CONFIDENCE

If your booking is affected by government-imposed travel restrictions, school closure or symptoms of COVID-19, you can defer to any date in the next 18 months at no extra cost.

We’ve been helping students from all walks of life to fulfill their academic, professional and personal potential for over 80 years, and now provide English, French and German courses around the globe. We believe in the power of language education to open doors, create exciting futures and change lives.

WE ARE INTERNATIONAL

Languages bring us together. In a typical year, we welcome over 40,000 students to our schools from Europe, the Commonwealth of Independent States (CIS), Asia and the Pacific, the Americas, Africa and the Middle East, uniting individuals from different cultures to help nurture an expansive and inclusive worldview. Whether you’re studying with us in school or remotely from thousands of miles away, you’re working with people from all over the world towards a shared goal.

WE’RE ALWAYS ADAPTING

We’ve seen many changes and major events in the world in the 80 years we’ve been teaching. Through it all, Kaplan has continued to deliver high-quality language tuition that changes lives for the better. This year, we’ve introduced K+ Live, a blended learning suite that takes the best of our immersive learning experience and makes it available online, from wherever you are in the world. In our schools, we’ve implemented extensive new safety measures to help everyone feel confident while studying with us. We follow our own bespoke curriculum, delivered by qualified teachers from diverse backgrounds who understand exactly what it’s like to study abroad. Our courses can be complemented with add-ons so you can maximize your study time, while our social programs allow you to apply what you’ve learned in fun and engaging ways.

WE’re PASSIONATE ABOUT LANGUAGES

We believe that languages are the key to the world. English, French and German are the languages of international business, the United Nations, music, science, literature and so much more. Speaking another language empowers you to explore new places to and excel in ways you may never have thought possible.

DID YOU KNOW?

• Bilinguals can focus more easily and multitask more effectively than their monolingual counterparts
• More than a third of positions advertised by Bank of America in 2015 were for bilingual workers
• Being bilingual can improve your creativity – having two or more words for one idea can improve elasticity of thinking

When you can speak another language, the future you want is within your reach. And with Kaplan, you’ll receive guidance and support every step of the way.

80 YEARS OF EXCELLENCE IN EDUCATION

As one of the world’s largest and most diverse education providers, we’ve been helping students to achieve outstanding results for over 80 years. Founded by Stanley Kaplan in 1938 to increase access to education, Kaplan now has operations in 28 countries and offers education and training to more than one million students worldwide. Finally, Kaplan benefits from the financial stability that comes from being part of the large Graham Holdings Company, formerly The Washington Post Company, so you can rest assured we will be here to welcome you when it’s time to study.
GROW WITH KAPLAN

At Kaplan, we help you to grow in all kinds of ways. Not only your language skills, but your self-confidence, your awareness of other cultures and your opportunities in life.

When you choose Kaplan, you are choosing a school you can trust to help you achieve this growth – and we make sure nothing gets in your way. We have thought of everything to make your stay the most rewarding and comfortable experience possible.

OUR PROMISE TO YOU

Our customer service is underpinned by three promises – that you will **grow your confidence**, **grow your skills** and ultimately **grow your future prospects**, once you’ve mastered a new language.

**GROW YOUR CONFIDENCE**

We can arrange for a friendly face to meet you at the airport and help you find your way around. On your first day you’ll have a welcome tour of your destination and we’ll introduce you to everyone at the start of your course. Our carefully selected homestays and student residences all provide a safe, comfortable and supportive environment where you’ll feel at home.

If you need someone to talk to at any time of day or night at our English schools, there will always be someone at the other end of the phone on a 24/7 helpline. You’ll be living like a local before you know it.

**GROW YOUR SKILLS**

When you study English with us, we’ll create a personalized learning plan for you on your first day and adapt it as your skills grow. You’ll also benefit from our advanced testing system, KITE, to assess when you may be ready to move up a level. We’ll guarantee your progress on selected intensive English courses, and you can track your improvement through our proficiency levels.*

Outside the classroom, our social programs on all our language courses give you the opportunity to apply everything you’ve learned to the real world. All activities will not only help you to explore your destination, but to improve your language skills.

**GROW YOUR FUTURE**

On our English courses, we offer a one-to-one check-in two weeks before the end of your course to make sure you’ve got everything you wanted from your time with Kaplan. If you feel like you want to grow your skills even more, we can arrange course extensions and extra tuition for you, depending on your needs.

Michelle Dawson
Director of Studies, Dublin

Definitely the most rewarding thing is helping students on a day to day basis. Students can come into my office with a million and one different stories, problems or situations and I always like to think they’ll leave my office happy.

Bonenfant Clemence
Teacher, Lyon

I have been teaching French for around two years now. It is important for me to help the student improving their knowledge of French. I enjoy seeing them obtaining the best level they can reach. I would love to introduce more our occidental culture to all the countries around the world. I can also speak Japanese, so I would love to see more Japanese people learning our beautiful language and culture.

Sina Dommann, Switzerland

I was very surprised by the high level of motivation by the teachers – I had never seen anything like that before. All the teachers were very caring and dedicated and always took the time to answer the students’ questions and concerns.

Sofi Bacon
Regional Accommodation Manager, Oxford

I arrange accommodation for students in our residences or homestays, or offer advice when they choose private accommodations. Our hosts are great! Many of them have been with us for many years and provide students with supportive environments to learn in.

Lisa Holsworth
Area School Director, San Francisco - Berkeley

Whenever I ask students what they love about their teachers, it’s always about how our teachers are willing to go the extra mile, in the classroom and outside the classroom.

Felix Breitkreuz
Center Manager, Berlin

I have been working in the school now for more than 20 years, first as a teacher, then Director of Studies and nine years as the school’s director. To welcome people from all over the world in my hometown of Berlin and the mix of cultures, tasks and challenges is an everyday inspiration!
Emoke Zakor
Romania – Studied in Brisbane
Since I have been here, my English has improved very much. When I started I wasn’t confident – I was nervous when I had to speak – but now everything is better. Now I hope I’m going to Cambridge and after I would like to do the IELTS as well, so I’m really excited.

Mirko de Martini
Italy – Studied in Dublin
I decided to study English because nowadays it’s an important language to know. It’s really useful if you want to work in a multinational company. But being here I understood that the most beautiful thing is that with English you can communicate with everyone. You are not stuck with your nationality – you can go beyond that. When I decided to study English, it was only for career reasons but now that I’m going to finish my experience, I think that it’s more for communication.

Reimi Kubo
Japan – Studied in the USA
I’ve always wanted to study English, and when my husband got relocated to the USA, I took that opportunity to enroll at Kaplan International. When I first arrived my English was very poor. I couldn’t speak or understand anything. I’d forgotten everything I learned while in school. Now my grammar is improving, and I can speak more naturally and with greater confidence.

Alejandro Contreras
Venezuela – Studied in Bournemouth
What I like about my teachers is they always try to speak with me as if I was another British person. They treat me as someone who’s walking in the street and they come across and talk – that’s quite challenging, but I really like it. I like the way they want me to improve every single time and they support me in every doubt I have, and this is awesome.

Luis Felipe Tomaz de Souza
Brazil – Studied in Montreux
I will remember this experience all my life, I have great memories from it. The teachers and staff of the school are exceptional. Not only did I learn French, I also made friends for life, who are like family now. Thank you for giving me this opportunity!

Zuliana, one of our former Kaplan students, had the opportunity to volunteer with Plan International in her home country of Sierra Leone and visit some of the schools supported by Plan’s work. Zuliana said:

"Spending time with Plan International in Sierra Leone was a life-changing experience, which changed my perspective. Although I’m Sierra Leonean, I never really knew about what was happening around me, or the daily struggles that some people go through, especially in the provinces. The Student Teachers have inspired me to be the best person I can be, and to never give up hope. Everything about my visit was empowering."

HELPING TO EDUCATE GIRLS IN AFRICA
We’ve been working with Plan International UK since 2013 to help deliver better educational opportunities to girls in Sub-Saharan Africa. In Senegal, Kaplan’s funding has helped Plan International to support 1,000 girls aged 9-16 across 16 schools in improving their education. In Sierra Leone, Kaplan has been working with Plan International to give 483 young women the chance to become teachers, following guidance by the Forum of African Women Educationalists.

## ENGLISH EXAM PREPARATION COURSES

Kaplan has an 80-year history of preparing students for the exams that matter most – it’s where it all began for us. And we know the difference the right English qualification can make to your career. Our courses will leave you ready to achieve the grade you want at exams like TOEFL®, IELTS, Cambridge Assessment English, GRE®, or GMAT®.

### TOEFL® AND ACADEMIC ENGLISH

#### WHY CHOOSE THIS COURSE?
If you're considering colleges in the USA, TOEFL® is the most widely accepted exam. This course focuses on the academic English and exam techniques required to be successful on the TOEFL® exam. TOEFL IBT® (Internet-based) measures all four English skills: reading, writing, listening, and speaking. It is longer than the paper-based test, which does not assess speaking.

LEARNING FRENCH AND GERMAN WITH ALPADIA LANGUAGE SCHOOLS

Alpadia has over 20 years of experience in providing Swiss-quality language tuition mixed with a healthy dose of adventure and entertainment. Our effective and dynamic teaching methods allow our French and German schools in Berlin, Lyon, Freiburg and Montreux to boast an average exam success rate of 97%.

HOW WE TEACH

Our approach to teaching languages is based on achieving fluency for the real world – not on simply completing exercises and recalling vocabulary in class. Following the CEFR levels (Common European Framework of References for Languages), we use various recognized FLE (French as a Foreign Language) and DaF (German as a Foreign Language) methods in our lessons, as well as referring to real-world resources like the news, films and local festivals taking place in our destinations.

OUR SKILLED TEACHERS

We choose our teachers based on their degree-level qualifications and for:

- Their experience in teaching a foreign language abroad
- Their enthusiasm and ability to create exciting and interactive lessons
- The attention they pay to each student
- Their lively and personalized teaching style that guarantees long-lasting progress

YOUR PROGRESS

Our pre-arrival online language placement test allows you to begin your French or German course at the level that's right for you. Once you've started your course, you'll complete a test every Friday to check your progress. You'll also fill in a weekly feedback form which will include your teacher's comments about your work so far and potential areas for development. When either you or your teacher feel you're ready to move up a level, you'll talk about it together and decide on the best way to move forward with your learning.

LANGUAGE IMMERSION

Learning a language happens as much outside of the classroom as it does inside it. Our wide variety of after-class activities and trips to nearby cities, museums and attractions provide the perfect opportunity for you to apply what you've learned to real-life situations, all while making new friends and exploring an exciting destination.

WORKSHOPS AND MASTERCLASSES

To help you adjust to living abroad and prepare you for what you might encounter after you've finished studying with us, we hold weekly workshops and masterclasses on how to:

- Open a bank account
- Set-up insurance policies
- Write a CV
- Prepare for a job interview
- Fill in a tax declaration form
- Give an oral presentation
- Prepare for an academic exam

I was in Lyon for a month and I enjoyed myself here! I chose this destination because Lyon seemed to be an ideal city to live and study and it’s absolutely true! There are many things to do (very interesting museums) and it’s also a perfect city to go out at night with friends from the school. I stayed with a host family and I think it’s the best accommodation option to practice French. The classes were really interesting and useful - the teachers were very competent and on top of that I got to meet many students from all over the world.

Sara, Italy
Studied in Lyon
I had received good feedback regarding the French courses organized by Alpadia. As my main goal was to improve and perfect my French, I decided to register and indeed was greatly satisfied with the course. The classes were very motivating, fun, enriching and I learned a lot. The teachers were really nice as well! I have always been passionate about French and France in general, so I was really happy to be able to discover one of the loveliest cities in France: Lyon! I thought that Lyon was a small city that I could visit in a few days, however I realized that I was wrong! Lyon is a really pretty city where everything works really well. There are lots of things to do, from culture to nature, sports and riverside walks - the gastronomy also took me by surprise! Here is perfect!

Mari, Japan
Studied in Freiburg
My arrival in Freiburg was smooth, because the city is close to Frankfurt. I reached the city by long-distance coach – that’s cheaper! The apartment was really tidy and the lady had furnished everything really nicely. The location was good too. You can reach it easily using the tram.
Freiburg is a nice city – it’s neither too big nor too small and you can take many trips from there. I like the life here a lot, that’s why it’s my second time here. The classes depend a lot on the teacher. We are having a lot of fun learning grammar and having the chance to speak a lot and to discuss with the other students. I like it!
There are many Swiss students here, but luckily they talk German to me. We get along very well together, especially now that I am not afraid of talking anymore, even though my German is not perfect yet.
After my language course I would really like to find a job in Germany. Next week I even have a job interview in Bavaria!

“This sabbatical period for me is very important. If I didn’t do it, I couldn’t get another job in my position or in another level, because for my position English is necessary, for another level it’s mandatory, so I don’t have another option – and thank you to Kaplan, it has been amazing for me.”

Marcelo Fonseca, Brazil
THE KAPLAN FAMILY

Over 80 years ago, Stanley Kaplan, aged just 14, began tutoring his peers in the basement of his parents' home. As a Brooklyn-born son of immigrants and a first-generation college student, Stanley believed in the power and necessity of education for all. He believed that success should be based on merit—not heritage, wealth, or social status. He cared about enabling people to access education, regardless of their background, and he saw standardized tests as a way to open doors. But Stanley was preparing students for far more than just tests—he was preparing them for a lifetime of success.

Stanley’s humble beginnings marked the beginning of Kaplan as we know it today. Now, the Kaplan family encompasses a wide variety of companies, all founded on the belief that everyone should have access to a good education. Whether your goals are related to medicine, finance, business, or a range of other subjects, we can help you achieve them.

Juan Jose, Mexico

My host family was incredible. They were interested in us, asked questions, we were able to eat with them, and they picked us up after the different outings. They really took care of us and made sure that we felt comfortable. This allowed us to practice our English even more and to improve even quicker. In my opinion, living with a family only has benefits.

I love the teachers at Kaplan San Francisco - Berkeley because they are friendly, passionate and patient. They take the time to explain things clearly. I love Berkeley because everything is in downtown by the school: groceries, great cafes, movie theaters and shopping. I love the restaurants because I can find so many foods from other countries: Chinese, Japanese, Mediterranean and Brazilian.

Explore Seattle’s incredible natural scenery, rich musical legacy and its colorful patchwork of neighborhoods.

The school is multicultural. It is a place where different people from all over the world meet, having all the same goal: to study English. English then at the same time is the bond that connects them as the students are also forced to speak English to understand and get to know each other. This is what creates a vivid, friendly and talkative atmosphere, which I like very much.

I wanted to learn English with the best and I found that Kaplan is one of the best English schools in the world. That reputation made me investigate more about their method and every review that found on the Internet was more encouraging. I can communicate better with different people, understand our differences and also now I’m getting more job offers.

© Eaquals April 2014   A guide to the application of the Eaquals logo

The Eaquals logo is designed to reflect the values of the organisation. Its recognisable symbol; legible, bespoke typestyle; and strong colours aim to create a clear brand in the worldwide language education marketplace.

The Eaquals logo is derived from the organisation’s original logo, which utilised the ring of yellow stars within the EU flag to reflect its earlier links with language teaching in Europe. The new logo develops that heritage to present a more unique, focused image.

The Eaquals logo retains the blue and yellow of the EU flag, to provide continuity with its heritage, but instead of the ring of stars, it focuses on a single ‘gold’ star - a recognised symbol of reward around the world. The gold star is central to the Eaquals brand and you will see it used in isolation within Eaquals publications.

The logo uses a modern, bespoke, hand-drawn typestyle for the name. This is in lower case characters, apart from the initial capital ‘E’, to make it clear and legible to stakeholders from different language traditions. This clear presentation is designed to make it easier for students to know what to enter into a search engine, as well as to indicate how the name should be spoken: ‘equals’ not E-A-Q-U-A-L-S.

The strapline - Excellence in Language Education - is retained from the previous logo and its sentiment is enhanced by the single gold star.
