Over the past two years, we have all been challenged in so many different ways. Through everything, we have continued to adapt, innovate, and meet those challenges head on. Here at Kaplan, we are delighted to see the world gradually returning to normal. Learning in-person—both in and outside of the classroom—is where our students can really benefit from the power of language immersion.

Despite everything the past year has brought, it’s clear that our students are still as passionate and excited about studying a language abroad as ever. For many, months of not being able to travel has only made the desire to explore the world and learn new things even greater. We at Kaplan can’t wait to enable students to change their lives by learning a new language and diving head-first into life abroad.

Kaplan has a fantastic network of English, French and German language schools spanning seven different countries across the globe. There are so many exciting places for you to discover. From the iconic business capitals of New York City and London to the surfer beaches of Santa Barbara and the stunning lakes of Montreux, you can find your ideal study destination with Kaplan.

If further study abroad is your goal, we’ll be proud to help you on your academic journey. We have partnerships with prestigious universities in the UK, USA and Australia, dedicated academic pathway programs in Europe and even our own Kaplan Business School in Australia. Our specialized academic and exam preparation courses will prepare you for life in a real academic environment and equip you with the tools you need to excel in your studies, in your career and beyond.

With over 80 years of experience in helping students to achieve their personal and professional goals, Kaplan is a strong and reliable choice for your language courses. We are truly passionate about language education, and we’ll do everything in our power to help you have an unforgettable experience of living and studying abroad.

With the strong backing of our parent company, Graham Holdings (formerly the Washington Post Company), you know you can count on Kaplan to be around even in uncertain times. No matter what’s going on in the world, our schools will always be a safe and welcoming environment for our students. We look forward to showing you what it means to be one of them.
WE ARE KAPLAN INTERNATIONAL LANGUAGES

THE WORLD'S LANGUAGE SCHOOL

No matter what's going on in the world, learning a language is always an incredible way to enrich your life. We've been helping students from all walks of life to fulfil their academic, professional and personal potential for over 80 years, and now provide English, French and German courses around the globe. We believe in the power of language education to open doors, create exciting futures and change lives.

WE ARE INTERNATIONAL
Languages bring us together. In a typical year, we welcome over 40,000 students to our schools from Europe, the Commonwealth of Independent States (CIS), Asia and the Pacific, the Americas, Africa and the Middle East, uniting individuals from different cultures to help nurture an expansive and inclusive worldview. Whether you're studying with us in school or remotely from thousands of miles away, you're working with people from all over the world towards a shared goal.

WE'RE ALWAYS ADAPTING
We've seen many changes and major events in the world in the 80 years we've been teaching. Through it all, Kaplan has continued to deliver high-quality language tuition that changes lives for the better. This year, we've introduced K+ Live, a blended learning suite that takes the best of our immersive learning experience and makes it available online, from wherever you are in the world. In our schools, we've implemented extensive new safety measures to help everyone feel confident while studying with us. And as we're part of Graham Holdings, a large and well-established company, you can be sure that we'll always be here to welcome you, even during uncertain times.

WE DELIVER EXCELLENT LANGUAGE TUITION
We strive for excellence in everything we do and everything we offer at Kaplan. Our dedication to providing quality language education is reflected in our 97% recommendation rate from our past students and our 'Excellent' rating on Trustpilot. We follow our own bespoke curriculum, delivered by friendly teachers from diverse backgrounds who understand exactly what it's like to study abroad. Our courses can be complemented with add-ons so you can maximize your study time, while our social programs allow you to apply what you've learned in fun and engaging ways.

WE'RE PASSIONATE ABOUT LANGUAGES
We believe that languages are the key to the world. English, French and German are the languages of international business, the United Nations, music, science, literature and so much more. Speaking another language empowers you to explore new places to and excel in ways you may never have thought possible.

DID YOU KNOW?
• Bilinguals can focus more easily and multitask more effectively than their monolingual counterparts
• More than a third of positions advertised by Bank of America in 2015 were for bilingual workers
• Being bilingual can improve your creativity – having two or more words for one idea can improve elasticity of thinking

When you can speak another language, the future you want is within your reach. And with Kaplan, you'll receive guidance and support every step of the way.

80 YEARS OF EXCELLENCE IN EDUCATION

As one of the world's largest and most diverse education providers, we've been helping students to achieve outstanding results for over 80 years. Founded by Stanley Kaplan in 1938 to increase access to education, Kaplan now has operations in 28 destinations and offers education and training to more than one million students worldwide. Finally, Kaplan benefits from the financial stability that comes from being part of the large Graham Holdings Company, formerly The Washington Post Company, so you can rest assured we will be here to welcome you when it's time to study.
GROW WITH KAPLAN

At Kaplan, we help you to grow in all kinds of ways. Not only your language skills, but your self-confidence, your awareness of other cultures and your opportunities in life.

When you choose Kaplan, you are choosing a school you can trust to help you achieve this growth – and we make sure nothing gets in your way. We have thought of everything to make your stay the most rewarding and comfortable experience possible.

OUR PROMISE TO YOU

Our customer service is underpinned by three promises – that you will grow your confidence, grow your skills and ultimately grow your future prospects, once you’ve mastered a new language.

GROW YOUR CONFIDENCE

We can arrange for a friendly face to meet you at the airport and help you find your way around. On your first day you’ll have a welcome tour of your destination and we’ll introduce you to everyone at the start of your course. Our carefully selected homestays and student residences all provide a safe, comfortable and supportive environment where you’ll feel at home.

If you need someone to talk to at any time of day or night at our English schools, there will always be someone at the other end of the phone on a 24/7 helpline. You’ll be living like a local before you know it.

GROW YOUR SKILLS

When you study English with us, we’ll create a personalized learning plan for you on your first day and adapt it as your skills grow. You’ll also benefit from our advanced testing system, KITE, to assess when you may be ready to move up a level. We’ll guarantee your progress on selected intensive English courses, and you can track your improvement through our proficiency levels.*

Outside the classroom, our social programs on all our language courses give you the opportunity to apply everything you’ve learned to the real world. All activities will not only help you to explore your destination, but to improve your language skills.

GROW YOUR FUTURE

On our English courses, we offer a one-to-one check-in two weeks before the end of your course to make sure you’ve got everything you wanted from your time with Kaplan. If you feel like you want to grow your skills even more, we can arrange course extensions and extra tuition for you, depending on your needs.

It doesn’t have to end here – stay in touch with your new international network and expand it even more by joining our exclusive alumni community for English to stay involved with Kaplan.
OUR APPROACH TO TEACHING LANGUAGES

At Kaplan, we believe the best way to learn a language is to throw yourself in at the deep end right from the start, practicing what you’ve learned every single day. Our seamless learning experience integrates the power of full immersion, the best of modern teaching methods and a bespoke curriculum. As you discover all the wonderful things your new city has to offer, you’ll find yourself practicing what you’ve learned in the classroom and absorbing new vocabulary every day.

ENTHUSIASTIC TEACHERS
We choose friendly teachers from a variety of different backgrounds. Our teachers provide dynamic and interactive lessons designed to prepare you for using a new language in the real world, and they take personal satisfaction in helping each individual grasp complex ideas. Small class sizes allow our teachers to get to know you and help you to build a personalized learning strategy that works for you.

360˚ LEARNING
We constantly update our materials to keep lessons interesting and relevant. Class activities could revolve around events in the news or recent movies or TV shows. We work with the latest technology to ensure your learning process is seamless and intuitive, with no awkward transitions between in-class study and home assignments.

EXCELLENT FACILITIES
Our schools use an interactive learning display to bring exercises for our curriculum to life. Our multimedia labs are much more than somewhere to check your email – they’re equipped with interactive online tools to help you dig deeper into what you’ve learned in class. Many of our schools also provide Chromebooks for student use.

MEET THE SCHOOL TEAM

Sarah Brown
Director of Studies, Dublin

Definitely the most rewarding thing is helping students on a day to day basis. Students can come into my office with a million and one different stories, problems or situations and I always like to think they’ll leave my office happy.

Bonenfant Clemence
Teacher, Lyon

I have been teaching French for around two years now. It is important for me to help the student improving their knowledge of French. I enjoy seeing them obtaining the best level they can reach. I would love to introduce more our occidental culture to all the countries around the world. I can also speak Japanese, so I would love to see more Japanese people learning our beautiful language and culture.

Lisa Holsworth
Area School Director, San Francisco - Berkeley

Whenever I ask students what they love about their teachers, it’s always about how our teachers are willing to go the extra mile, in the classroom and outside the classroom.

Sofi Bacon
Regional Accommodation Manager, Oxford

I arrange accommodation for students in our residences or homestays, or offer advice when they choose private accommodation. Our hosts are great! Many of them have been with us for many years and provide students with supportive environments to learn in.

Felix Breitkreuz
Center Manager, Berlin

I have been working in the school now for more than 20 years, first as a teacher, then Director of Studies and nine years as the school’s director. To welcome people from all over the world in my hometown of Berlin and the mix of cultures, tasks and challenges is an everyday inspiration!

I was very surprised by the high level of motivation by the teachers – I had never seen anything like that before. All the teachers were very caring and dedicated and always took the time to answer the students’ questions and concerns.

Sina Dommann, Switzerland

LEARNING FRENCH AND GERMAN WITH ALPADIA LANGUAGE SCHOOLS

Our effective and dynamic teaching methods allow our French and German schools in Berlin, Lyon, Freiburg and Montreux to boast an average exam success rate of 97%.

HOW WE TEACH
Our approach to teaching languages is based on achieving fluency for the real world – not on simply completing exercises and recalling vocabulary in class. Following the CEFR levels (Common European Framework of References for Languages), we use various recognized FLE (French as a Foreign Language) and DaF (German as a Foreign Language) methods in our lessons, as well as referring to real-world resources like the news, films and local festivals taking place in our destinations.

OUR SKILLED TEACHERS
We choose our teachers based on their degree-level qualifications and for:

• Their experience in teaching a foreign language abroad
• Their enthusiasm and ability to create exciting and interactive lessons
• The attention they pay to each student
• Their lively and personalized teaching style that guarantees long-lasting progress

YOUR PROGRESS
Our pre-arrival online language placement test allows you to begin your French or German course at the level that’s right for you. Once you’ve started your course, you’ll complete a test every Friday to check your progress. You’ll also fill in a weekly feedback form which will include your teacher’s comments about your work so far and potential areas for development. When either you or your teacher feel you’re ready to move up a level, you’ll talk about it together and decide on the best way to move forward with your learning.

LANGUAGE IMMERSION
Learning a language happens as much outside of the classroom as it does inside it. Our wide variety of after-class activities and trips to nearby cities, museums and attractions provide the perfect opportunity for you to apply what you’ve learned to real-life situations, all while making new friends and exploring an exciting destination.

WORKSHOPS AND MASTERCLASSES
To help you adjust to living abroad and prepare you for what you might encounter after you’ve finished studying with us, we hold weekly workshops and masterclasses on how to:

• Open a bank account
• Set-up insurance policies
• Write a CV
• Prepare for a job interview
• Fill in a tax declaration form
• Give an oral presentation
• Prepare for an academic exam

I was in Lyon for a month and I enjoyed myself here! I chose this destination because Lyon seemed to be an ideal city to live and study and it’s absolutely true! There are many things to do (very interesting museums!) and it’s also a perfect city to go out at night with friends from the school. I stayed with a host family and I think it’s the best accommodation option to practice French. The classes were really interesting and useful - the teachers were very competent and on top of that I got to meet many students from all over the world.

I had received good feedback regarding the French courses organized by Alpadia. As my main goal was to improve and perfect my French, I decided to register and indeed was greatly satisfied with the course. The classes were very motivating, fun, enriching and I learned a lot. The teachers were really nice as well! I have always been passionate about French and France in general, so I was really happy to be able to discover one of the loveliest cities in France: Lyon! I thought that Lyon was a small city that I could visit in a few days, however I realized that I was wrong! Lyon is a really pretty city where everything works really well. There are lots of things to do, from culture to nature, sports and riverside walks - the gastronomy also took me by surprise! Here is perfect!

Mari, Japan
Studied in Freiburg

My arrival in Freiburg was smooth, because the city is close to Frankfurt. I reached the city by long-distance coach – that’s cheaper! The apartment was really tidy and the lady had furnished everything really nicely. The location was good too. You can reach it easily using the tram.

Freiburg is a nice city – it’s neither too big nor too small and you can take many trips from there. I like the life here a lot, that’s why it’s my second time here. The classes depend a lot on the teacher. We are having a lot of fun learning grammar and having the chance to speak a lot and to discuss with the other students. I like it!

There are many Swiss students here, but luckily they talk German to me. We get along very well together, especially now that I am not afraid of talking anymore, even though my German is not perfect yet. After my language course I would really like to find a job in Germany. Next week I even have a job interview in Bavaria!

We'll assess your language proficiency before you start your course with an online placement test. If you're learning English, we'll assess your level using KITE, our highly accurate and adaptive testing system. Understanding your current level and areas for development allows us to place you in the correct class level and fine-tune your learning experience. THE KAPLAN FAMILY

Over 80 years ago, Stanley Kaplan, aged just 14, began tutoring his peers in the basement of his parents’ home. As a Brooklyn-born son of immigrants and a first-generation college student, Stanley believed in the power and necessity of education for all. He believed that success should be based on merit - not heritage, wealth, or social status. He cared about enabling people to access education, regardless of their background, and he saw standardized tests as a way to open doors. But Stanley was preparing students for far more than just tests - he was preparing them for a lifetime of success.

Stanley’s humble beginnings marked the beginning of Kaplan as we know it today. Now, the Kaplan family encompasses a wide variety of companies, all founded on the belief that everyone should have access to a good education. Whether your goals are related to medicine, finance, business, or a range of other subjects, we can help you achieve them.

In my opinion, living with a family only has benefits.

Dublin is an amazing city to visit. You have everything you want in a small place: beach, mountains, huge fields, lakes, cliff, and always a perfect Guinness to drink with friends. The activities were fantastic, with lots of variety to suit the tastes of all.

This beautiful college town is a magnet for artists, idealists and philosophers whose ideas challenge the mainstream.

I love the teachers at Kaplan San Francisco - Berkeley because they are friendly, passionate and patient. They take the time to explain things clearly. I love Berkeley because everything is in downtown by the school: groceries, great cafes, movie theaters and shopping. I love the restaurants because I can find so many foods from other countries: Chinese, Japanese, Mediterranean and Brazilian.

The school is multicultural. It is a place where different people from all over the world meet, having all the same goal: to study English. English then at the same time is the bond that connects them as the students are also forced to speak English to understand and get to know each other. This is what creates a vivid, friendly and talkative atmosphere, which I like very much.

The teaching offered by Alpadia allowed me to quickly overcome my shyness and break down the linguistic barrier so that I could fully take advantage of my language learning experience in Switzerland. Once I returned to Russia, I was able to use my acquired skills in French working with business partners.

FUN-PACKED PROGRAMS
Our young students will live the experience of a lifetime and return home with fun-filled, lasting memories and improved linguistic skills. Exciting excursions and fun extracurricular activities are not just an add-on to our junior programs – they’re an integral part of the language learning process.

Our teachers will prepare classroom activities based on the day’s outings or activities, and you’ll put your language skills into practice while you’re exploring a new destination and learning more about the sights.
