Basic Information of Cebu City, Philippines

Cebu city is a melting pot of both the traditional and modern civilization of the Philippines. It was first discovered in 1521 by the Portuguese navigator Magellan. Cebu island is located in the center of the Visayas islands, surrounded Cebu by the Philippine archipelago islands with beautiful weather, clear water, soft sand, interspersed with palm-fringed fishing village. Her beautiful natural scenery, unique and rich cultures have become the main attractions for both domestic and overseas tourists. Cebu is currently the second largest city of the Philippines, after Manila, accommodating a population of 1.8 million. It is also the Philippines' main domestic shipping port and is home to about 80% of the country's domestic shipping companies. This exotic tropical city is well-known to the names of the "southern capital of the Philippines" and "Queen of Southern Philippines" (Queen City of the South), "the next economic miracle", etc. You will always find yourself lost in its breath-taking sceneries.

Orientation for the 3D Freshmen

Day 0- Beginning of your journey

Upon reaching the school, I should... ?

1. Rest, Unpack Luggage & Shop for groceries

There is no class on Sunday as our classes run continuously from Monday-Friday (Except for public holidays). Upon reaching the school, students should have a good rest, unpack their luggage, get to know other students in the dormitory. 3D Academy is located in the city center. Once recharged, students could feel free to walk around the 3D Campus or shop for groceries in the JY supermarket located at the first floor of the building.

2. Have your Meals (Food!!)

3D provides 3 meals per day, 7 days a week, all year round! Hence you do not have to worry that you will be hungry when you check in. All meals are served in buffet style. The meals will be served according to the following schedules:

Breakfast: 7.00 am – 8.00 am (7:30am-8:30am on weekends)

Lunch: 12:00 pm – 1.00 pm

Dinner: 5.30 pm – 7.00 pm

3. Explore the surroundings (Freshmen are advised to stick together with other students to avoid any culture shock)

For foreigners, navigating around the roads in the Philippines could be chaotic as they do not have very clear traffic rules. (You simply need to use your hands and body language to cross the road instead of using the traffic light). The most common transport in the Philippines is Jeepney and Taxi. 3D Academy is located at the City Center, JY Square, right beside IT Park. Anywhere you go, just remember to inform the driver that you are going to "JY", and they will bring you back safely to our school.
