Centro Internacional de Lengua Española

Since 1988 CILE has been offering Spanish courses to thousands of students of all ages and from all over the world.

The school is situated in a 19th century building in the historic center, right next to the cathedral. With the spacious and bright classrooms the school has the ideal conditions to learn Spanish in a relaxed and pleasant atmosphere to achieve optimal results. It is surrounded by historic monuments, restaurants and shops and is only 10 minutes walking distance away from the Malagueta Beach.

Teachers

Our teachers, carefully chosen by CILE, are all native speakers with a university degree and great experience in teaching Spanish as a foreign language. Together with the students they form a team to continuously supervise the progress of learning.

Classes

In addition to the modern teaching methods CILE uses its own books, which are adapted to its teaching system for the first levels. From day one Spanish is the language that is spoken in class. So, the students quickly acquire confidence in their daily usage of the Spanish language in various social situations.

“ Sharing an apartment with other students was nice, since I had the opportunity to meet new people from other countries. At the same time, I had my privacy when I wanted to. Thank you for the wonderful and educational month in Malaga. ”

Anna Rød - Norway

“ Living in a family was a good experience. I liked the food and the room was very comfortable. I felt free and could practice the language, because the family had a lot of patience to talk to me and they explained everything carefully. ”

Gerard Lafond - France

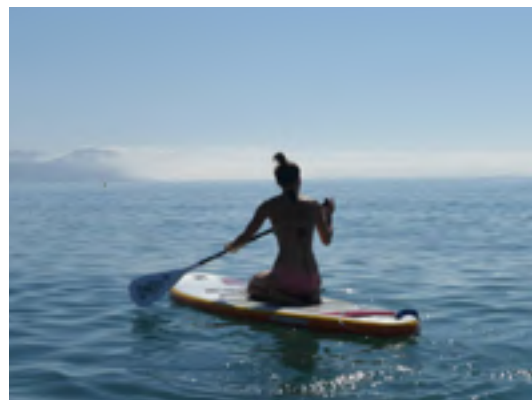

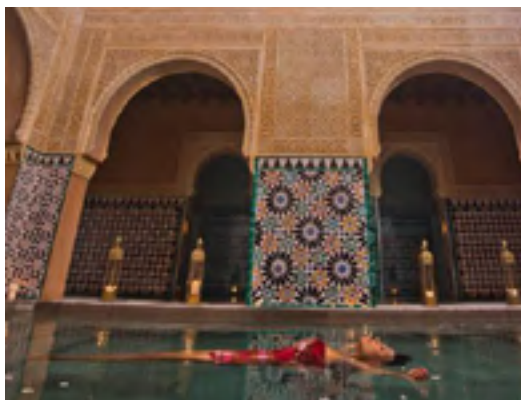

Activities

Students do not only learn Spanish in classes but also during leisure time. This is why CILE organises excursions, cultural visits, sevillanas dance classes and summer activities.

Every week CILE arranges monuments, museums and art galleries visits, and excursions to other Andalusian cities such as Seville, Cordoba, Granada, Ronda, Gibraltar as well as to natural environments in the province of Malaga such as El Chorro (Caminito Del Rey). These complementary activities allow the student to get closer to the daily Spanish life. In addition, students participate in language exchanges, in which they can practice Spanish in a pleasant environment and meet people from all over the world.

During the summer CILE offers in collaboration with local agencies segway tours, sessions in Arab baths and water sport activities such as paddle surfing, wake boarding, banana boat and airstream. This is a great opportunity to have fun in the open sea after Spanish classes. Also, our students can learn to dance “sevillanas”, one of the most popular regional dances in Spain. The dance classes are held in our school for free, one day per week for two hours.

About Malaga

Malaga, where the great painter Pablo Picasso and, one of the most famous actors in Spain, Antonio Banderas, were born, reflects a mix of antiquity and modernity.

Malaga, the capital of the Costa del Sol, is situated in the south of Spain on the shores of the Mediterranean Sea. The city is bathed by 150 km of calm and warm waters with a permanent blue sky and surrounded by hills, forests and white villages, with an annual average temperature of 22°C and offers approx. 320 sunny days per year. For many visitors, Malaga is a “city of paradise”, as Vicente Aleixandre, an illustrious Andalusian writer, who was Nobel Prize Winner for Literature in 1977, called it.

Malaga is located in the geographical center of Andalusia, so it is possible to make numerous day trips. Students can visit cities like Granada, where they can enjoy the Alhambra and even the ski resort of the Sierra Nevada; Córdoba with the majestic Mosque; Seville, where they can see the Giralda, la Torre del Oro and the most typical neighbourhoods of the Andalusian capital; as well as numerous and charming white villages, such as Mijas, Ronda or Antequera. It is also possible to make the most of a weekend and enjoy the magic of Africa, which is located just on the other side of the Strait of Gibraltar.

Founded by the Phoenicians, Malaga still retains numerous samples of the cultures that lived here (the Roman Theater, the Alcazaba with the Arab castle and the cathedral). Therefore, Malaga combines tradition and modernity. This is perhaps one of the main reasons, why many students visit us every year to improve their Spanish language skills.

The city of Picasso offers so many attractions and its population is so hospitable and cheerful that it is difficult to get bored. You can make friends on the beach, practice sports, visit museums, taste famous “tapas” or delicious sangria. Any place is good to have a conversation with malagueños who are open-minded and expressive people. Thanks to their great patience you will talk in the pace which your Spanish level allows. In Malaga capital you will immerse yourself completely in the true Spanish life.
