### "A wonderful experience"

Whether you're looking to put some serious work in on your Spanish skills or just to soak up the Spanish culture, I would highly recommend Academia Pradoventura to you. The teachers at the school, whilst pushing you to achieve the best you are capable of, are sensitive to each individual's learning preferences, [...] perfect whether you already have an advanced knowledge of the Spanish language or, like me, you're just a beginner! [...] There are some incredible sights to see and amazing experiences to have! Whether you'd prefer a relaxing walk along a river or an exhilarating adventure at the bottom of a 160m-deep canyon, the school caters for everyone's taste [...] However, above all of this, the part of your stay that will be truly unforgettable is the people that you will meet and the friends you will make. [...] within the small community of teachers and students who all mix and socialise together. On top of this, the local people are warm and friendly, providing plenty of chance for you to practice your rapidly expanding knowledge of the Spanish language. I had so much fun with, and learnt so much from the incredible people I met in Prado Del Rey!! I found my stay at the school to be a truly life-affirming experience and I'm sure you will, too.
