I spent two months there and I absolutely loved it! The teachers are great, you learn a lot in every class and it's a new subject every day. Classes are very well prepared and the location is just perfect, two minutes walking distance from cafes, restaurants, parks, a mall and place de la Comédie! I can't wait to go back!!

My experience at the Accent Français was incredible. The method of using weekly planning, already knowing everything that we will be studying during the week, very dynamic classes using computers, movies and apps to improve our learning. Always encouraging us to read and speak a lot and practice our French. I've improved a lot in the time I was here!
