OUR MISSION OF EXCELLENCE

empowered learning

We provide international students ages 14 to 18 with challenging and valuable opportunities to learn and enhance their linguistic, academic, and cultural knowledge. Each student's progress is supervised with individual attention from our teachers and staff. Our two, three, or four-week summer programs enhance students' abilities to understand different cultures and communicate effectively, which opens endless opportunities in today's global community. Acquiring a second language expands students' global awareness and develops an international perspective. Access to Language Studies empowers a lifetime of adventure and learning.

world-class teachers and staff

Our amazing staff members are known for their friendliness and accessibility. Their experience and global mind-set provide students with an ideal environment for culture and language studies. Our innovative curriculum, featuring 15 hours of English lessons per week, thrives in a small classroom environment where a low teacher-student ratio fosters more effective and personal interaction. Our highly skilled teachers make lessons both accessible to the learning needs of their students, as well as culturally reflective of their own lives and areas of intrigue.

cultural immersion

We complement the classroom experience with supervised on campus activities and excursions to museums, shopping malls, classic tourist sites and the beautiful views and skylines that America has to offer. These experiences can often be as meaningful and significant as what is learned in the classroom. We offer residential accommodations to introduce our students to the college life at top American universities.

Tufts University

We are proud to be hosted on the campus of Tufts University in Boston. Founded in 1852, Tufts is located on a beautiful 150-acre campus in the Medford/Somerville area of Massachusetts, only 5 miles from downtown Boston. It offers the best of both worlds: a safe, suburban campus and fast public transportation access to the city. Davis Square (within walking distance from Tufts) is a vibrant area with a great variety of restaurants, ice-cream shops, and outdoor entertainment. Diversity is considered to be one of the best things about Tufts, the perfect place to run a summer program for international students.

What's unique about this campus?

"Some say it has one of the best dining services of the entire New England."

For the past two centuries, New York has been the largest and wealthiest American city with over 8 million people. It's an architectural marvel with many historic monuments, impressive buildings and countless magnificent skyscrapers. Besides the architectural delights, New York is an urban jungle that has everything to offer to visitors. The city is home to numerous museums, parks, trendy neighborhoods and shopping streets. Some of the most popular sights and attractions that our summer program may include are:

St. John's University

Our New York City program is hosted at St. John's University—a Catholic and Vincentian university founded in 1870. Manhattan is accessible by all public transportation from the university, allowing students easy access to the vast cultural, educational, and commercial resources of this magnificent city. St. John's campus encompasses over 100 acres in Queens in a safe, residential neighborhood and features broad lawns, handsome stone buildings, and ultramodern student residence halls. St. John's offers many opportunities that other universities in New York City cannot, including comfortable and air-conditioned residence halls on a spacious and beautiful campus.

What's unique about this campus?

"The breathtaking view of Manhattan and its skyscrapers."
