WELCOME

AIL Málaga and Madrid are high-quality Spanish language schools in two very different settings: AIL Málaga is a small and intimate school on the beautiful Andalusian coast, whilst AIL Madrid is the number one Spanish school in the big and lively capital. This wonderful contrast allows us to offer a tailor-made study program according to the preference and needs of each student.

Together we have become the fastest growing Spanish School in Spain and are top-ranked by our own students in online reviews. The key to our success is the combination of academic excellence with a fun ethos in the classroom, a personalized client service and a dedicated and highly trained teacher team.

We offer 30+ year-round Spanish courses with flexible start dates and schedules. We have also built plenty of opportunities for students to immerse themselves in local Spanish culture, combining our quality programs with Fun After Class Activities to ensure a well-rounded Spanish experience.

Our motto is “¡Locos por el español!”, which translates to “Crazy about Spanish!”. We really are! Our passion for the language and culture of Spain is at the heart of everything we do, and we can’t wait to share this love of learning with our students.

Academic excellence: "This was, no doubt, the best language learning experience ever for me! Wonderful, attentive staff of AIL Málaga! Classes are interactive and very effective! I had a huge improvement after 2 weeks of intensive course." Asya, Google Reviews

Imersion in Spanish culture: "I really liked the cultural activities. I loved Isabel's guidance within the Museo Reina Sofía, and Francisco's stories about the lives of Cervantes and Lope de Vega during a walk through the Barrio de Letras. They offered us something interesting every day." Małgorzata, Google Reviews

Learning that goes beyond the classroom: "What I enjoyed most was the after-class excursions; on these we explored different neighbourhoods of Madrid or other interesting attractions. These are free and taught in Spanish, and it is such a fun way to practice your Spanish and to meet interesting people." Sally, Google Reviews

Exceeding expectations - "I attended AIL Madrid for a 2-month course in between jobs and my experience exceeded my expectations on every level... The teachers and whole AIL team made me feel part of the family and were so kind and helpful... I miss them all following my return to London but am sure to return to Madrid soon! I could not recommend a course here highly enough!" Alexander, Facebook

Superb location - "At AIL Málaga, the location of the school is just perfect! Only a short walk from the beach! I would love to go back there again and recommend it to anybody who is crazy about learning Spanish!!" Wiola, TripAdvisor

Passionate and professional teachers - "I've taken numerous group and individual classes at AIL for four years. I've had excellent experiences with the teachers here - kind, personable, and talented teachers who care. It's clear AIL chooses passionate teachers with expertise and training." - Gavin, TripAdvisor

Amazing after-class activities - "The school organises fun activities every day from Monday to Friday. I found these activities very essential to make new friends and to learn about the Spanish culture. This was my first time studying abroad and it was the best decision I've ever made!" Naomi, Facebook

Ñext level learning environment: "At AIL Málaga it definitely was an unforgettable experience both in terms of the quality of teaching and the organization of the course. Small, friendly groups, well-selected teaching materials, qualified teachers and adequate level of the course made the stay memorable and fruitful." Joanna, Google Reviews

Opportunity to flourish - "My experience with AIL Madrid is hard to describe in a few words. I studied Spanish with them for 10 weeks. Our group was small, which allowed us more time to practice and get to know each other. The professor was friendly, excited, knowledgeable and able to challenge each of us at our various levels. We learned so much... and built strong friendships!" Mitzped, TripAdvisor

Life changing experience - "I enrolled in a 4 weeks intensive course in AIL Málaga before starting work. It has been life-changing! I studied in a small group of 4 students, so the teacher was able to give us special one-to-one attention. The classes were a lot of fun and with a focus on speaking." Thabata, Google Reviews
