# JUNIOR SUMMER PROGRAM

"My son, just shy of his 16 birthday, travelled from the US on his own to AIP... He had a great time and got more out of this trip than we expected on both a personal and academic level . We will be sending him back with his brother next year, and for longer!"

Harris Colville - New Jersey

Our Junior Summer Program is a great way for **15 to 18-year-olds** to have a truly special summer. By coming to Valencia and participating in our program, they will have the opportunity to **learn Spanish** from scratch or improve their level - our groups range from ABSOLUTE BEGINNER to ADVANCED -. At the same time, they will have a great time meeting other students from all over the world while going on trips, having amazing experiences and getting to know the beautiful and charming **Mediterranean city** of Valencia with our city tours.

To top it off, all participants stay with a local family which gives them the opportunity to become familiar with the **Spanish culture**, as well as providing them with extra time to practise their Spanish.

Our lessons follow a **dynamic and communicative approach** so that the students have to use Spanish at all times. Then, the activities program we offer always takes into account teenagers' interests just to make sure they have a blast during their stay in Valencia.

For more than 15 years we have done our best to make sure students feel at home. Our staff is always willing to help, the host families we work with are warm and caring, the teachers also become life coaches and the guides make sure all students get to **fully live the Spanish culture**.

## STUDENTS' COUNTRY OF ORIGIN

# HEARD IT ON THE GRAPEVINE

**Karen Stevens**  
London (UK)

I would like to say a big THANK YOU to AIP Language Institute as Kevin has had a fantastic time while staying in a Spanish-speaking environment in Valencia. He had a blast during his stay and will love nothing more than going back next year!

**Maria Adele Bidorini**  
Milan (Italy)

Taking part in this program has been a great experience for our daughter. It has been very enriching as it helped her to improve at different levels. She clearly improved her knowledge of Spanish but she also grew as a human being. Her host family was incredible to her and her host mum, Empar Ponce, treated her like her own.

Thank you for everything AIP!
