

ENGLISH LANGUAGE AND LEISURE PROGRAMMES

WELCOME TO ANGLO

ANGLO offers English Language Summer Courses for 10-18 year-olds, High School Integration Programmes and bespoke mini-stay packages on request.

Our team has many years of experience in the EFL and Outdoor Activity Industries.

Our English language summer courses run for two to four weeks in June, July and August and are based at carefully selected university and college campuses across the UK.

Our aim is to deliver attractive, quality programmes at a competitive price, and most importantly to show you that learning a language is fun.

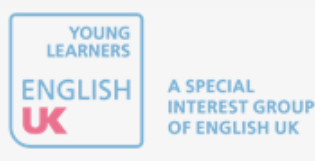

We look forward to seeing you soon!

Acquiring the Industry Standard mark means that Anglo has followed government and industry COVID-19 guidelines, has a Risk Assessment in place and a process to maintain cleanliness and aid social distancing.

Some of the measures we have in place at our centres include social distancing signposts or markings on the ground, hand washing facilities and access to hand sanitiser, protective screens, staggered breaks/-mealtimes, single bedrooms, and smaller groups for activities and excursions.

We hope that the Industry Standard will provide reassurance for our clients and confirm our commitment to adhering to government regulations.

ENGLISH LANGUAGE AND LEISURE PROGRAMMES

WHY PARENTS AND TEACHERS RECOMMEND ANGLO PROGRAMMES FOR TEENS

1. Students get to study in a university environment and enjoy and appreciate the high standard of facilities available. We provide the opportunity to live on a university campus in typical student accommodation.
2. For the duration of their stay, students are immersed in an English-speaking community, which encourages them to use their English and makes them realise they can manage without their own language!
3. An extensive offer of excursions and trips lets students explore local towns and villages as well as the main cities. This gives them a chance to experience British culture on a different level.

ENGLISH LANGUAGE AND LEISURE PROGRAMMES

ANGLO offers Anglo+ General English programme

Part 1: Classroom learning

Teaching session is 3.5 hours and consists of 3 lessons:

- Lesson 1 – 70 minutes (Language focus)
- Lesson 2 – 70 minutes (Skills focus)
- Lesson 3 – 70 minutes (Project Based Learning)

1 Your brain can see 7 million colors. How many of them can you name? What do different colors make you think of? Discuss. Then listen and read. **TR: 2**

RED is a symbol of **good luck** in many cultures. It is the traditional color for **wedding** in India. But many cultures also use red to signal **danger**. This is why many vehicles and warning signs can't clearly see the red and green.

ORANGE gets its name from the fruit. The word originally described the taste of the fruit's peel, but by the sixteenth century, **orange** was also the name of this **bright** color.

YELLOW is the color of taxis and school buses because it's the most **visible** color on the road. Like red, yellow is also used to **warn** people of dangerous situations. Because it attracts attention, yellow is used for highlighter pens. The bright color activates different parts of the brain that help the reader remember the highlighted text.

GREEN is a color that makes people feel at peace because it's the most common color in nature. The green in leaves and grass comes from something called *chlorophyll*. This word comes from the Greek *khloros* (green) and *phylon* (leaf). Green also symbolizes **safety**. Because of this, it's used in traffic lights to signal when it's safe to go.

BLUE is the most popular color in the world. More than half the world's flags have blue in them. Blue is also the most common color used by businesses. Many businesses use the color blue to **represent** them in logos and advertisements. This is because blue helps us feel like we can **trust** them.

VIOLET is a **light purple** color. It is one of the oldest colors in the world. There are violet cave paintings in France that are 25,000 years old! However in some countries, for example Thailand and Brazil, violet is the color of **death**.

PROUD USERS OF NATIONAL GEOGRAPHIC LEARNING

2 Learn new words. Listen and repeat. **TR: 3**

3 Work in pairs. Which colors make you feel happy? Sad? Angry? Excited?

ENGLISH LANGUAGE AND LEISURE PROGRAMMES

ANGLO offers Anglo+ General English programme

Part 2: Out of the classroom learning

Two workshops per week with the aim to give students the opportunity to practise and develop their English while brainstorming, planning and completing a project, which they present to the rest of the class. The contents and outcomes of the projects are different according to age and level.

ENGLISH LANGUAGE AND LEISURE PROGRAMMES

Examples of Anglo+ Workshops

FILM

Students write, direct and act in a short film based on a topic of their choice. They then present it on the big screen.

PHOTOGRAPHY

Students receive tips on improving their mobile photography and prepare a portfolio of photos in different categories to present to the rest of the group.

ENGLISH LANGUAGE AND LEISURE PROGRAMMES

Examples of Anglo+ Workshops

MUSIC

Students choose a song from a list of popular English language songs, learn its lyrics, practise singing it, and then perform for the class.

DRAMA

Students study a classic story or play, learn about the characters and prepare to perform for the class.
