OUR DYNAMIC METHOD

Bcn Metropol has developped year after year dynamic Spanish language teaching methods.

LEARNING BY DOING

At Bcn Metropol we believe in “learning by doing.” This means that students improve their Spanish, not just by studying grammar or vocabulary from a book, but by using the language in real-life situations.

WRITING

A high priority for our school. Each week students are given a writing assignment to be completed.

SPEKING

Conversation and discussion are essential components to each class. Both formal and informal.

LISTENING

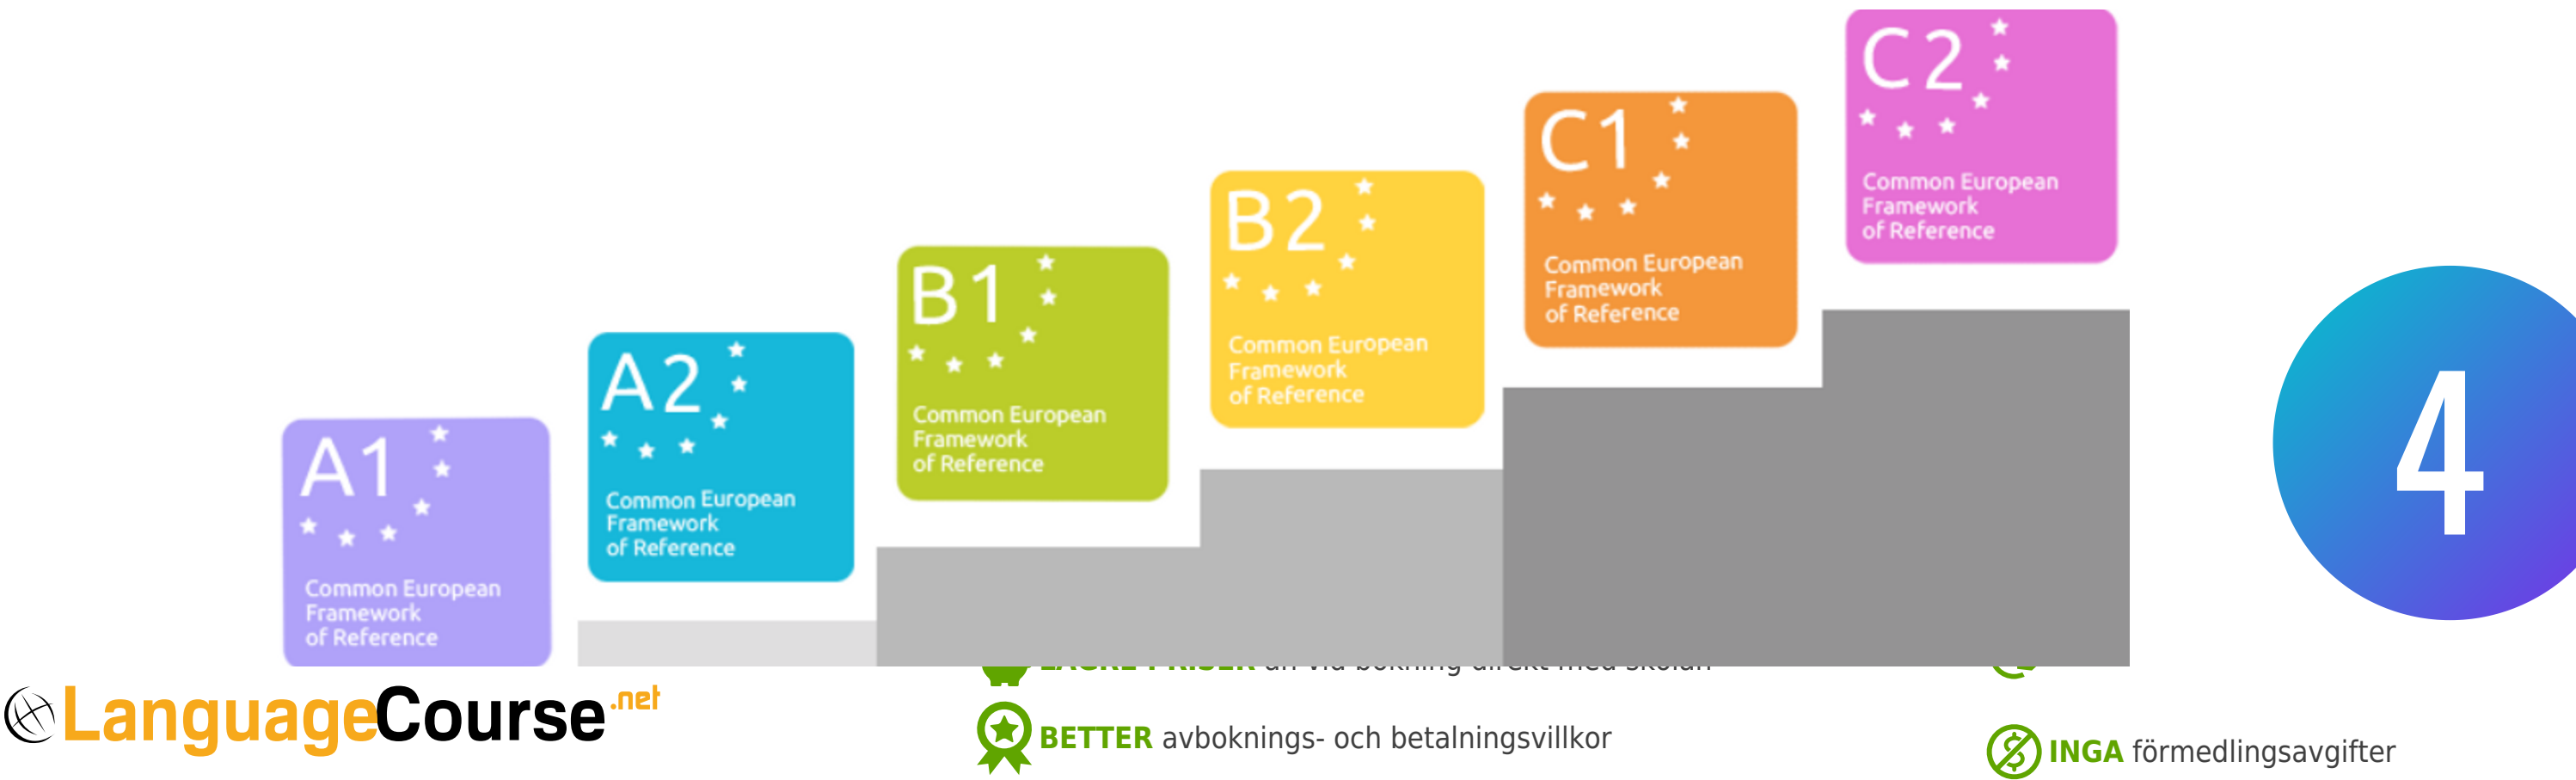

Lots of listening exercises where students will challenge and increase their ability to understand spoken Spanish.

READING

Students will read a variety of short articles about interesting topic to improve their reading comprehension.
