Bristol – an exciting city!

Bristol is a vibrant and friendly multicultural city with two world-class universities. It's a great place for our teenage students to explore and is perfectly sized for international students of all ages. The city centre is safe and easy to get around on foot and by bus and there’s plenty to discover.

Stimulating Classes & Activities

The Summer Junior Programme offers English language tuition in small groups to all levels. Based on a communicative teaching approach, class programmes focus on quickly developing effective skills in reading, writing, speaking and listening. Improve your English whilst learning about life in the UK and making friends with students from all over the world.

Lesson times are 9.15-10.45 with 15 minutes’ break and 11.00-12.30

A home from home

Make the most of your stay in Bristol with one of our carefully selected host families. Our families will make sure you feel comfortable, confident and supported while away from home. Living with a British family means you will also experience full immersion in the English language, giving you the opportunity to practise with native speakers on a daily basis.
