WELCOME

British Learning Academy (BLA) originated from Brockhurst and Marlston House Schools, a well-known preparatory school with a hundred years of history. Established in 2011, BLA is a British Council accredited school offering different English courses, including project-based and business-oriented programmes for individuals, groups, and companies.

BLA provides residential English language courses with a wide range of activity programmes for students aged 11 to 17.

From the moment students arrive at the airport our talented and dedicated team takes over and ensures that every student is happy with every aspect of their stay from the language course and accommodation to the excursions and entertainment.

Courses vary from General English to a dynamic range of different subject specialties, preparing students for life in an English speaking world and for a future beyond the classroom.

Along with the more traditional programmes,

BLA students at our Summer Camps can also benefit from a business and presentation focused project called The Young Entrepreneurs Programme (YEP), which improves confidence in speaking and collaborative skills.

Our programmes also offer a fantastic range of social and cultural events in the afternoons and evenings, all within the beautiful settings of Chichester and Bognor Regis, ensuring that students develop socially as well as academically. Full day and half day excursions are planned to give students the opportunity to fully enjoy all the best sites in a supervised and secure manner.

Our Mission:

To educate, inspire and enrich the lives of students of all abilities, helping them to improve their English language skills in a safe, friendly and independent environment.

Our Vision:

Promoting an independent learning environment, preparing students for life beyond the classroom.

Our Values:

Respect and compassion; Strong sense of service; Be ethical, responsible and professional.

When going to places such as Winchester, Oxford, Cambridge, they will be travelling by coach. Why do we like traveling by train? Trains are faster than coaches because they don't get stuck in traffic! Besides, they take students to the very heart of the city and they are comfortable, allowing students to mingle with locals and travel like British people. **Rooms.** They are all single, standard or en-suite (with a private bathroom). Bed linens and towels are provided and changed throughout students' stay. **Age Range.** 11 to 17. We accept 18 years old as part of closed groups.

YOUNG ENTREPRENEURS PROGRAMME

The aim of the Young Entrepreneurs Programme (YEP) is to educate and inspire young students to become the leaders of tomorrow, while improving their English. Students develop invaluable skills with a motto: "if they can sell t-shirts in a foreign country, they can 'sell' themselves to prospective investors, employers or universities."

The YEP Programme is a course that fosters; innovation, leadership skills, creativity and self-confidence. Students are taught the skills of debating, public speaking and making presentations. Students will learn new skills in morning classes, and get involved in project work in the afternoons.

They will work in teams, competing against each other with the ultimate aim of selling the product at the local market. All the money raised will be donated to a local charity. Every year, this programme raises hundreds of pounds for a good cause.

During the course, students are shown how to:

- Research, plan and structure a presentation;
- Construct and present convincing arguments;
- Be aware of the importance of body language and tone of voice;
- Develop techniques to address an audience with confidence;
