OTHER COURSES AVAILABLE ON DEMAND

We also run the following courses at certain times, depending on demand. If you are interested in these courses, please enquire in advance to see if they are currently running.

TEACHER TRAINING (GROUPS)

A specialist course for groups of teachers to improve their language skills and to learn new teaching techniques, as well as to share their own ideas and hone their existing skills. With a focus on different teaching methodologies, lesson planning, English only classroom management and adapting existing materials to more communicative purposes, the course can help both new and experienced teachers.

TEACHER TRAINING

If you are looking to become an English teacher, we can offer a mixture of advanced level English classes with the opportunity of shadowing a fully qualified English teacher to learn new skills, teaching methods and lesson planning. Enquire in advance as spaces for this are limited.

LADIES ONLY CLASSES

The ideal class for students who prefer to learn with a female teacher in an all-female class. At Capital, we believe in opportunities for all, but we are also sensitive to cultural differences and understand that some students make better progress when studying in an environment that they find more comfortable.

EVENING CLASSES

Our evening courses are for those students with other commitments who are unable to study during the day. The classes tend to be a bit more informal with a syllabus that has the flexibility to respond to your changing needs.

BUSINESS ENGLISH

If you are preparing for a career in business or are already working and would like to develop your language skills, then the Business English language course is for you. This course will improve your communicative ability as well as focus on developing language skills and relevant vocabulary that you will actually use in your workplace.

ONE-TO-ONE CLASSES

One to One classes are an excellent way of supplementing a General English or exam preparation course, to focus on any specific language needs that you have, such as gaps in grammar, specific vocabulary or exam preparation. Lesson times can be negotiated and an individual learning plan can be drawn up between you and the teacher, with the flexibility to ensure the tuition meets your needs.

ABOUT WALES

Visiting Wales

If you have never visited Wales before... why not?

Wales is a country which forms a part of the union of countries the United Kingdom of Great Britain and Northern Ireland.

It is situated on the island of Great Britain, to the west of England. Wales is around 170 miles (256 km) long and 60 miles (96 km) wide and covers just over 8,000 square miles (20,722 km²) - that's about the same size as Massachusetts in the USA or half the size of Switzerland.

Studying in Wales

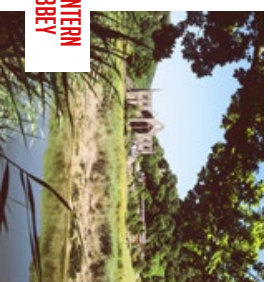

- In 2016/17 there were over 19,000 international students from outside of Europe enrolled on higher education courses in Wales.
- Wales welcomes international students from over 170 countries enrolling onto higher education courses.
- Today the student population in Wales is large and diverse. We have around 172,000 learners studying at further education institutions per year.

ACCOMMODATION

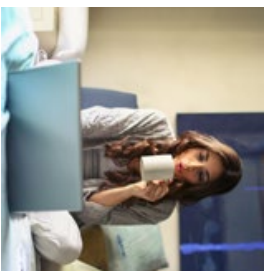

A good home stay experience is an extremely important part of student life: if students are happy at home, they are happy at school.

How do we choose our home stay providers?

All of our host families are carefully selected by our specialist staff and while each family is different, they share a genuine desire to welcome students into their homes and their lives. The UK has a rich history and is very proud of its cultural diversity. Our home stay providers reflect our society and come from different backgrounds, age groups and socio-economic groups. We do not discriminate and welcome all home stays that fit our basic criteria:

- A genuine desire to welcome students into their home
- A clean, comfortable and safe home
- All native speakers

We do our best to match students with the right hosts so it's important to book early and tell us about your requirements (e.g. dietary requirements, whether you smoke and whether you'd like a family with, or without, children or pets).

TESTIMONIALS

Everything is perfectly organised, teachers are fantastic and people are never left alone. Really, thanks to everyone for the great time.

I sent my two kids for 3 weeks. James and the whole staff are fantastic, very well organized and caring of all the students.

ARIANNA

When I first arrived in Cardiff, I did not speak English at all and when I went to the Capital school I felt very welcome. Sally known as my Welsh mom was amazing, James always reliable and kind. All staff such as Alex and Alun are specialists in making you feel confident. Such talented teachers, especially Scott with his big sense of humor and very patient Lorraine. I really had a good time. The best school ever!

DANI

It was a pleasure being part of your school and your community. I learned a lot of course but also made new friends. I really enjoyed my 6 months there and truly hope to see you again.
