

## CARL DUISBERG CENTREN – Recreational Program

Learning German at Carl Duisberg Centren means more than just attending a course. In monthly workshops offered across all courses as an additional learning opportunity in the afternoons, under the guidance of experienced teachers, you will leave the school learning environment and be prepared for linguistic activities outside the classroom as well. The topics are varied: theater workshops, literature workshops, regional studies projects, newspaper projects.

The Carl Duisberg Centren team also organizes a weekly recreational program for the course participants. The activities are also very varied: museum visits, sports, city tours, excursions, barbecue parties or pub crawls with participants from all over the world, cinemas, theaters and galleries, swimming pools and attractive shopping opportunities.

Here is a sample of some of the activities that are planned at each center:
