Our city

Edinburgh is the greenest city in Britain! More than 50% of the city is parks or gardens.

No city in Britain is able to offer a blend of history and adventure quite like Edinburgh. Where else in the world can you buy yourself a coffee outside a castle, and then walk down the road to drink it at the foot of a volcano?

Scotland's capital city has been attracting visitors from all over the world for hundreds of years. There is history and stories behind every corner, but there is also life, warmth and a feeling of welcome that makes it the perfect destination for a modern language school.

Edinburgh's distinct city centre means that many top attractions are a short walk from each other, and the Scottish people are famous for their friendly welcome.

Our school

Located in the historic West End of Edinburgh, Centre of English Studies is a short walk from many of the city's most famous landmarks. The building is a traditional Georgian style townhouse, and a warm, family atmosphere greets you as you enter through the front door.

The school has 12 year round classrooms, each holding up to a maximum of 14 students. Each of these classrooms retains original features and designs which gives the school a very distinctive character. To cater for the needs of modern students, the school has dedicated student wifi throughout the building, and smart TVs in the classrooms allow you and your teachers easy access to videos and documents so you can work on your presentation skills alongside your English language.

Our courses

Centre of English Studies has been helping students achieve their English language ambitions for more than forty years, and over that time we have constantly improved and developed our courses to meet the changing needs of our students.

With a clear focus on using language as a communication tool, our CES teachers will go beyond grammar and vocabulary to help boost student confidence, and to equip them with the language skills they need for the future.

Our popular Standard and Intensive courses merge language and culture to provide a curriculum that is more challenging and more rewarding than you may have studied at school. While our IELTS course helps students prepare for academic exams.

Not only do all CES Edinburgh teachers hold CELTA or CertTESOL qualifications, we are also a teacher training centre helping to develop the next generation of teachers.

Our social programme

Here at CES Edinburgh, we believe that when you choose to study with us you are looking for an experience that extends beyond the classroom. That is why our dedicated team of social programme co-ordinators work hard to make sure you enjoy your time in the city as much as your time in the school.

Starting with an orientation tour every Monday, we offer an optional social programme that is designed to introduce you to the very best that Scotland and Edinburgh have to offer. Activities can include trips to local museums and galleries, learning how whisky is produced at one of the local distilleries, and visits to nearby towns and villages.

Our social programme also runs throughout break and lunch times. Conversation club, quiz mornings and film afternoons are all great opportunities to meet and interact with students from other classes and put your new language skills to the test!
