Which course is better for me?

The **standard course** will allow you to practice new communication skills daily. Speaking and listening are the main skills we work on during this course.

The **intensive course** has been created for students who really want to learn and improve Spanish in a more comprehensive way. The afternoon lessons focus on specific topics that **deepen the knowledge of the structure of the language** and more in-depth rules.

Do you want a tailored program to work on your specific needs?

- **Private lessons** will be adapted to your needs after an accurate exam of your skills.
- The teacher will create a **special program for you**.
- You can use private lessons if you want to focus on **specific topics** (Business Spanish, Medical Spanish, Colombian culture, etc.)

Semi private lessons are perfect for couples or people travelling together.

Our recommended option:
Combine both group and private lessons! **"COMBINED LESSONS"**

Get ready for the exam!

Our teacher team can also help you with the preparation for the **DELE exam**. The program will work on the four skills of the Spanish language:

- Writing
- Speaking
- Listening
- Reading and use of Spanish

We use specific material for DELE and adapt a tailored program according to the level (A1, A2, B1, B2, C1, C2).
