Your Learning Path: Start Little, Dream Big

At City Language School, we understand that every student has a unique path to take to achieve an optimal learning experience. We work with you to make sure you get the most out of your course. This starts with pre-course learning advice and expert placement in a class matched to your correct proficiency level.

PRE-ARRIVAL

Upon booking a course, you will receive your student handbook outlining everything you can expect from your course and important information regarding travelling to Ireland, your first day at school, and handy tips about Dublin.

INDUCTION

After arrival at the school, students have an Induction Session. This includes an academic consultation and oral language assessment where the student's language level is identified. In addition, students' expectations are addressed to help match their learning outcomes.

ONLINE LESSON SHARING

A Virtual Learning Environment (VLE) ensures active and direct communication of teaching & learning materials. This gives students the opportunity to access digital content on their laptop, tablet or mobile.

LEARNING ENVIRONMENT

City Language School provides integrated skills lessons, enhanced by blending digital learning technology with dynamic, pedagogically sound communicative activities both in the face to face and virtual classroom.

All of our classrooms have interactive whiteboard technology and there is WI-FI throughout the school.

SOCIAL

We offer a rich and varied choice of tours, excursions, and social activities so that students can enhance their learning experience outside the classroom and immerse themselves in the local culture.

TUTORIALS

At City Language School we are always listening to our students and what they need as they live, study, and work in Dublin. We hold daily lunchtime tutorials to help you focus on other aspects of your learning. These tutorials are open to all students, at every level.

SUPPORT

Each student's progress is monitored and the Academic Team is always at hand to provide additional study and learning support. In class, teachers give focused feedback to help students make structured progress.

Lessons help students develop strategies that maximise learning outcomes and learners who may need additional support are identified at our weekly Teachers' Meeting. The CLS Team checks in with students regularly to offer advice

CERTIFICATE

At the end of the programme, we celebrate every student's achievement with a Certificate of Completion. Each certificate gives the CEFR Level that the student is currently working towards and the number of lessons per week.

We want each and every individual student to enjoy their City Language School experience and to become an ambassador for the school, sharing their experience with family and friends.

The heart of Dublin

Dublin is the proud and vibrant capital of Ireland and with its cosmopolitan and modern feel, it has repeatedly been voted Europe's friendliest city by Trip Advisor.

Dublin boasts strong links with literature, music, dance, and storytelling. As you walk through the streets of Temple Bar, you can absorb the musical tradition which spills onto the streets from the many bars and restaurants; truly a city of enormous beauty!

Dublin is surrounded by breathtaking natural scenery that will leave you with lifelong memories. It is perfectly located on the eastern coastline of Ireland and is a convenient gateway to the rest of Europe.

The school

Our school is located in the heart of this bustling city centre on Dame street, just across the road from the famous Temple Bar area. Our modern state-of-the-art school provides students with the academic, social, and accommodation support they need for a memorable trip to Ireland's capital city and a unique learning experience.

STUDENT OF THE YEAR 2022

At City Language School, we recognise an outstanding student who has demonstrated excellence over the past year.

In 2022 Maria Emilia Faustino Ferraz de Amorim was chosen as 2022 Student of the year for displaying extraordinary dedication and her commitment to achieving excellence.

Maria was presented with her certificate at the City Education Group Graduation Ceremony on 1st October 2022.

"I was so happy and so grateful to be nominated for Student of the Year," says the graduate from San Paulo in Brazil. "Everyone here is so lovely with me."

"I have a lot of friends and I love the teachers," says Maria. "My teacher, Aoife, is incredible and very patient with us because sometimes it can be difficult. The other staff are great too, people like Finola have helped me with any problems I've had and everyone has been lovely. They help me everyday. There is a big Brazilian community here in Dublin but in my class, we have a good mix. As well as some Brazilians, we have students from Turkey and some Spanish speakers from different countries."

PART TIME CAREER DIPLOMAS

All of our students can combine their English classes with a wide range of Part-Time Career Diplomas. Delivered by our sister college, City Colleges (CEG), the diplomas are taught by leading professionals in their field of expertise. Evening, weekend and online classes allow students to study / work during the day.

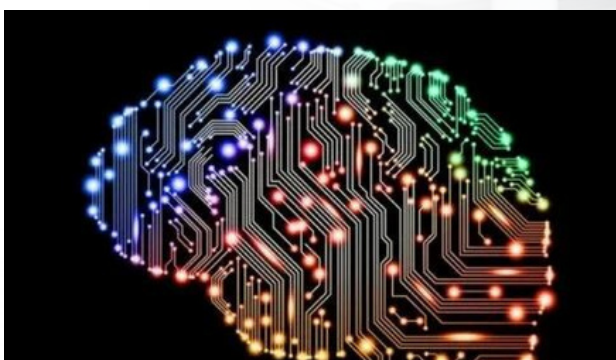

Minimum age: 18

Minimum level: Upper-Intermediate

Diploma course Length: Minimum 10 weeks

Intakes: January, April and September (subject to availability)

Teaching Materials: Up-to-date authentic materials, digital materials, additional printed teaching materials, projects, individual and group work.

DIPLOMA IN CYBERPSYCHOLOGY

The Diploma in Cyberpsychology is a ten-week course designed to give counsellors, psychotherapists, psychologists, psychiatrists, teachers and parents an up to date insight into our state of the art understanding of Cyberpsychology and its impact on our culture.

Cyberpsychology is the study of how online environments impact on human behaviour, relationships and cognitions. Much research is being undertaken into the effect of the cyberworld on groups and individuals.

The cyber or online environment is having an increasing impact on our lives and relationships. Some research is uncovering associations between mental health issues (such as anxiety and depression) among the young and social media use. Other studies suggest that online environments can help develop social skills and reduce isolation.

DIPLOMA IN BOOKKEEPING AND PAYROLL

Bookkeeping can be defined as, the recording of any financial transactions and affairs of a business, and is an integral part of any organization in today's modern world. This can include a host of many different types of record keeping techniques such as financial statements, reports, journals and ledgers for clients who wish to keep track of their personal or businesses finances in a structured manner.

The role of a bookkeeper is a varied and fast pace career, which can branch out into many different lines of work depending on the business or individual and its needs, this would be widely considered an administrative role which includes a intermediate knowledge of accounting from log books to Excel Spreadsheets.

DIPLOMA IN CRIMINOLOGY & FORENSIC PSYCHOLOGY

The combined Diploma in Criminology & Criminal Psychology with English language is designed to equip learners with a basic understanding of various fields of Criminology (the scientific study of crime) and Forensic Psychology from a historical, contemporary and progressive perspective. In addition, fundamental psychological concepts will be considered, including personality disorders, mental disorder and crime, alongside social & environmental theories of crime and familial correlates of crime – to name but four. At the end of the course, learners will have a detailed understanding of the psychology and nature of criminal conduct.

HIGHER EDUCATION DEGREE PROGRAMMES

with our sister college, City Colleges

EARLY CHILDHOOD CARE & EDUCATION

This degree aims to equip future ECEC professionals with the tools to navigate the ever changing landscape of early childhood education and care in Ireland and internationally.

Learners will

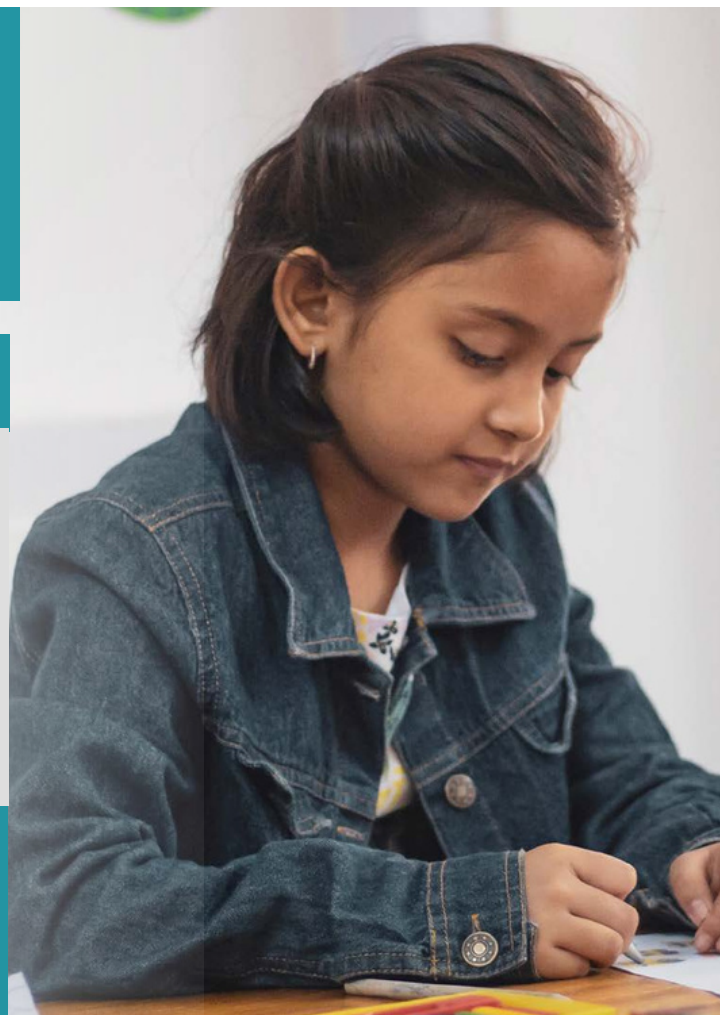

- Acquire tools to provide best practice care for the children they will engage with in their professional lives
- Think critically about their roles as professionals, both locally and globally

A key aspect of this four year award is work based experiential learning, which permits the learner to consolidate theoretical and practical knowledge.

BACHELOR OF ARTS (HONOURS) in Early Childhood Education and Care

Course Length: 4 years full-time programme

Start day: Please see website and pricelist for fixed start dates

BUSINESS & FINANCE

Our dynamic and modern degree provides the necessary tools to master core skills and competences to become successful leaders in the current business world.

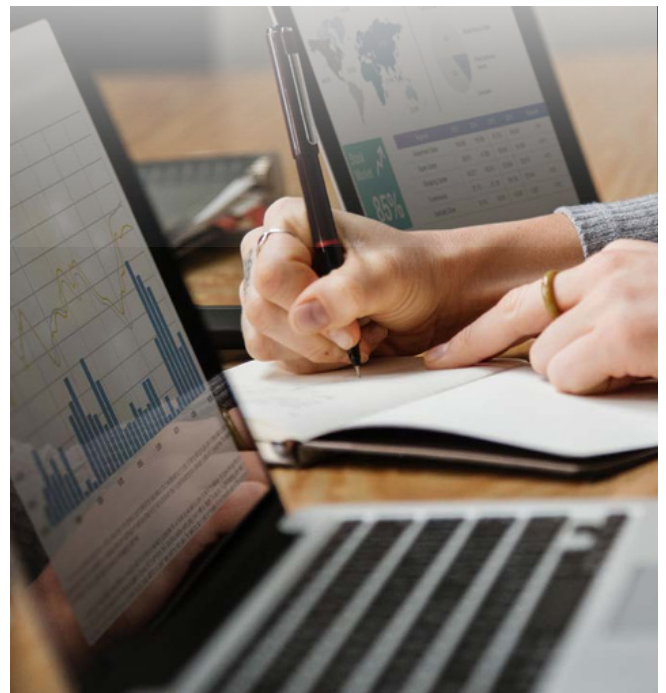

The programme will cover foundations in business, management, accounting, marketing, and economics, along with a range of other specialist skills. Our lecturing team will help students to develop critical thinking skills and imaginative problem solving as a perfect introduction to navigating the multiple challenges faced in everyday business practice.

The timetable will be delivered over 3 days per week which is ideal for students who need to work to support their studies in Ireland. The course will have two streams in Management and Accounting, which allows learners to specialise in the final year.

ACCOMMODATION

Homestays

Our hand-picked, native-level English speaking families are experienced in hosting international students and meeting their needs. Students' special requests and dietary or medical requirements will be considered when searching for a host family. Single, shared and executive en suite rooms are offered on a half-board or full-board basis. Most families are located in the leafy suburbs within 50-70 minutes of our city centre school.

Student Residences

Our state-of-the-art residences are located in the heart of the city centre, approximately 20 minutes' walk from the school. All rooms are modern single en-suites with shared common areas, kitchens etc. Facilities differ between residences, but most include a gym, free WIFI, shared social spaces, on-site laundry, a cafe, 24-hour security etc.

This modern approach to student living offers mature students both the independence and the shared living experience they desire. Residential accommodation is extremely popular in Dublin and the majority of rooms are booked in advance nowadays for the academic year. However, from June - September they are a great choice for short stays.

SOCIAL PROGRAMME

We'll prove to you that learning English can be more fun than you've ever imagined!

The Social programme is an important part of the student experience with City Language School. You will have so many opportunities to meet new people and make friends from all over the world, explore a great city, see Ireland, and have fun whilst learning in a modern language school.

During the social programme, you can practise your English outside of the classroom while making friends and enjoying your time abroad. A flexible, weekly social programme is designed for individual students with options for free and discounted activities. A tailored social programme for groups allows students to focus on what they are interested in the most; packing their stay with engaging classes and day-to-day afternoon, evening or full-day activities.

CITY EDUCATION GROUP

Unlike many English Language Schools in Dublin, City Language School is part of the larger City Education Group. The group has an impressive record of delivering high quality learning experiences to over 5,000 students every year. We are proud to be one of the group's four pillars built on foundations of great teaching, cutting-edge technology, experience and excellence.

Our sister colleges have over one-hundred years of teaching experience and we are delighted that we can incorporate that wealth of knowledge into City Language School's offerings.

At Ashfield College, our Leaving Certificate courses help students to lay the foundations for their future. With dedicated teachers and small class sizes, our focus is all on you. Whether your aim is to study Medicine at Trinity College Dublin or go abroad and study in the UK, Ashfield College and City Language School have all the teaching expertise, experience and resources that you need to get you there.

With City Colleges and Progressive College, we run a comprehensive suite of degrees, diplomas and courses that will suit many levels of language learners. These courses are prepared by some of the best lecturers in the country who are leading minds and innovators in the fields of Business, Marketing, Accountancy, Psychology, Criminology, Childcare and Education.
