DESTINATION SWANSEA

THE CITY BY THE SEA

Swansea is the perfect destination for you if you want the best of both urban and country life. Swansea has everything that you need and more without the huge crowds of a major city. Swansea is also generally cheaper and is a much more liveable city than many places in the United Kingdom.

If you enjoy nature and the sea Swansea is most certainly the ideal place for you. The Gower Peninsula was the first area in the United Kingdom to be voted as an 'Area of Outstanding Natural Beauty'. With rolling hills surrounded by kilometres of open water, the views are truly breath-taking. The most famous coastline area is called Rhossili and it is a must-visit. It is frequently voted as one of the top beaches in the world.

Because of the vast size and terrain of the area, there is a wide choice of adventure sports that you can enjoy. From surfing to rock climbing to paragliding.

If you want more information about activities, or if you would like us to arrange an activity for you, please let us know in advance.

ENGLISH OUT THERE™

We offer English Out There™ as part of our General English programme.

The aim of English Out There™ is for you to use the language studied in class out in the real world and practice authentic language with local people. This will help you build your confidence in speaking English in real-life situations.

ENGLISH OUT THERE™

Example venues:

Swansea Covered Market
Glynn Vivien Art Gallery
Swansea Marina
Swansea University
Singleton Park
Swansea Bay
Swansea Train Station

Each lesson is split into three stages:

Stage 1 – Language input

In the classroom, a task is set by your teacher with clear aims and objectives; useful language, vocabulary and phrases are introduced.

Example tasks:

Planning a dinner party; Describing people; Asking for directions; Learning about the history of Swansea; Slang; Traveling in the UK

Stage 2 —'Out There' Activity

You and your class go to a venue in Swansea, where you are split into small groups and complete a task entirely in English. During this time, your teacher will be walking around, assisting you with the task but also helping you gain more confidence with your language skills.

Stage 3 – Feedback

Your class meet up again and your teacher conducts a feedback session. Here you discuss if the tasks were successful or not; any language you were missing; how it could be improved and any important cultural points.

CHILDCARE

CSL's CRECHE

Our creche at City School of Languages offers an exceptional team of fully qualified and experienced childcare professionals to look after your young children while you are studying.

We believe in teaching social skills and values, compassion and understanding, and an appreciation of the world which your little one is discovering. We also emphasise the importance of understanding different cultures and of learning through play.

Our staff provide the highest standard of care to children aged 6 months to 5 years, encouraging them in their transition towards school life. We work closely with all of our parents, feeding back daily developmental goals and achievements and sharing a daily log.

Our care for young babies is second to none. It's a home-from-home environment that provides total safety and security so that new parents can feel calm in the knowledge that all our babies are loved and cherished.

CSL creche ensures that every day your child spends with us is full of fun and wonderful experiences within our great facilities.
