SPANISH LESSONS + ACCOMMODATION + LEISURE ACTIVITIES

THE LESSONS

The lessons are designed to give you sufficient, varied and effective material and activities to use the language in real life situations.

We focus on the things that are most useful to you. The goal is that you “immerse” yourself in the Spanish language and culture in order to be able to communicate as quickly as possible.

ACCOMMODATION

We have made it our mission to make you feel comfortable, safe and at home in our accommodation in Lanzarote. The advantage of staying with a host family is that you can experience family life

in Spain up close and apply your Spanish language skills in an authentic atmosphere! You may also be living with other students. Our host families are carefully selected. Almost all families know each other and have young people of the same age.

All are friendly locals who are very open-minded and interested in cultural exchange. You will be quartered in a single or double room with the host family, and you will quickly become part of the family during your stay. Families provide everything needed for your stay, from fresh linen and towels to three meals a day.

THE BREAKFAST AND DINNER

You take these meals with your host family. For lunch you get a packed lunch to take to school.

Check-in is on Sunday and check-out is on Saturday.
