Summer Camp Program

Overview:

Our Summer Camp is an exciting and enriching experience in Dubai designed for students aged 12 to 18+. Our program offers a variety of outdoor adventures, team-building activities, educational workshops, and recreational activities to ensure a summer full of fun, learning, and growth.

Programme Highlights:

- Language tuition - During our Summer Camps programmes our students will have the possibility to choose 2 different language courses: English or Arabic. Students will attend 3 hours of language tuition per day, for 15 hours per week.
- Outdoor Adventures: Our students, regardless of the program, will always have **10 Half Day and 3 Full Day** excursions
- Dinner in Dubai restaurants as per the programme
- Team-Building Activities: Group challenges, trust exercises, and problem-solving games to foster teamwork and cooperation.
- Educational Workshops: Arabic language and culture workshops

Language Course:

We are dedicated to delivering exceptional language education, focusing on language proficiency to empower students in their personal and professional lives. Our students can choose whether to attend an English or Arabic course. After choosing the language course, students will be divided according to their language proficiency, which will be evaluated through an online language test.

All our teachers are language experts and the maximum number of students per class is 15.

Duration:

Our Summer Camp is a weekly programme. Participants will have the option to attend the programme for up to 4 weeks.

Camp Staff:

Our camps are staffed by experienced and certified outdoor educators, adventure enthusiasts, and counselors dedicated to creating a safe and enjoyable experience for every participant. By attending one of our programmes, students will benefit from the convenience of having everything on the same campus. In fact, in all our campuses, students will find classrooms and canteens.

Our CAMPUSES

Our extensive offer includes 4 campuses: Two student residences and two universities. In each campus our students will have the comfort of having **all in the same building**, classrooms, canteen, and accommodation, to transform Dubai in their home away from home.
