SPANISH TEACHERS

The program for Spanish teachers is specifically designed for teachers of Spanish as a Foreign Language (ELE) who would like to expand upon and update their knowledge of foreign language teaching methodologies and resources. Participants will **increase their pedagogical expertise** by discussing methodological topics, such as how to teach grammar and vocabulary, how to integrate culture into the lessons, and how to plan a class integrating new technologies; and by observing different Spanish language classes and reviewing other related issues that will inevitably enrich their classrooms back home.

PROGRAM DETAILS

20 group sessions (each lasting 55 minutes) about different aspects of Spanish teaching methodology. Participants will present their projects in the final session.

10 observation hours in immersive Spanish language classes of varying levels and content.

Readings and references about Spanish teaching and the European key competences for foreign language teachers.

Feedback from the teacher on the required final project presented by the participant.
