VISION & MISSION STATEMENT

English Communication School is here to support and equip students with language tools to break down barriers in communication.

English Communication School welcomes students of all ages, nationalities and different walks of life to come and learn, improve and master their language skills. We offer the ideal environment for learning, combining high academic standards with a relaxed friendly atmosphere and a committed team.

Individual attention is our hallmark and improvement is guaranteed in whichever course you choose. This approach, along with vast experience and a variety of courses to choose from, is what makes English Communication School a successful English language organisation.

Our aim is to provide students with a home away from home and to develop their English language proficiency in an environment which fosters development, providing students with a unique learning experience.

ABOUT US

ECS has been an English language school since 1988. It was one of the first English language schools in Malta and a founding member of FELTOM, the Federation of English Language Teaching Organisations of Malta.

We welcome international students of all ages and take pride in providing the ideal environment for learning English. We maintain high academic standards in a relaxed, friendly atmosphere and focus on the individual development and progress of each student.

Our school is converted out of charming, typical Maltese townhouses in the heart of traditional and cosmopolitan Sliema, one of the top business, tourist and entertainment areas in Malta. We are situated in a quiet side street but just minutes away from the seafront promenade and just around the corner from all the quality shops, cafés, bars and restaurants that contribute to the special, vibrant ambiance of the city.

Our school is made up of 20 classrooms and has a capacity of approximately 250 students. A central courtyard with a mature garden acts as an area where our students love to relax and mingle with their schoolmates before lessons or during breaks.

We offer a range of quality English courses including General English, English Intensive and English for Specific Purposes. In the last year we have developed our portfolio of English Courses aimed at meeting the requirements of business people and young professionals who want to enhance their English language skills to a higher level. We also offer an excellent Study & Work Placement Internship Programme which allows students to study English at school and then practise English in a suitable work environment. We offer work placement opportunities in all economic sectors in Malta such as Administration, Tourism, Industry, Finance and Engineering, to name but a few.

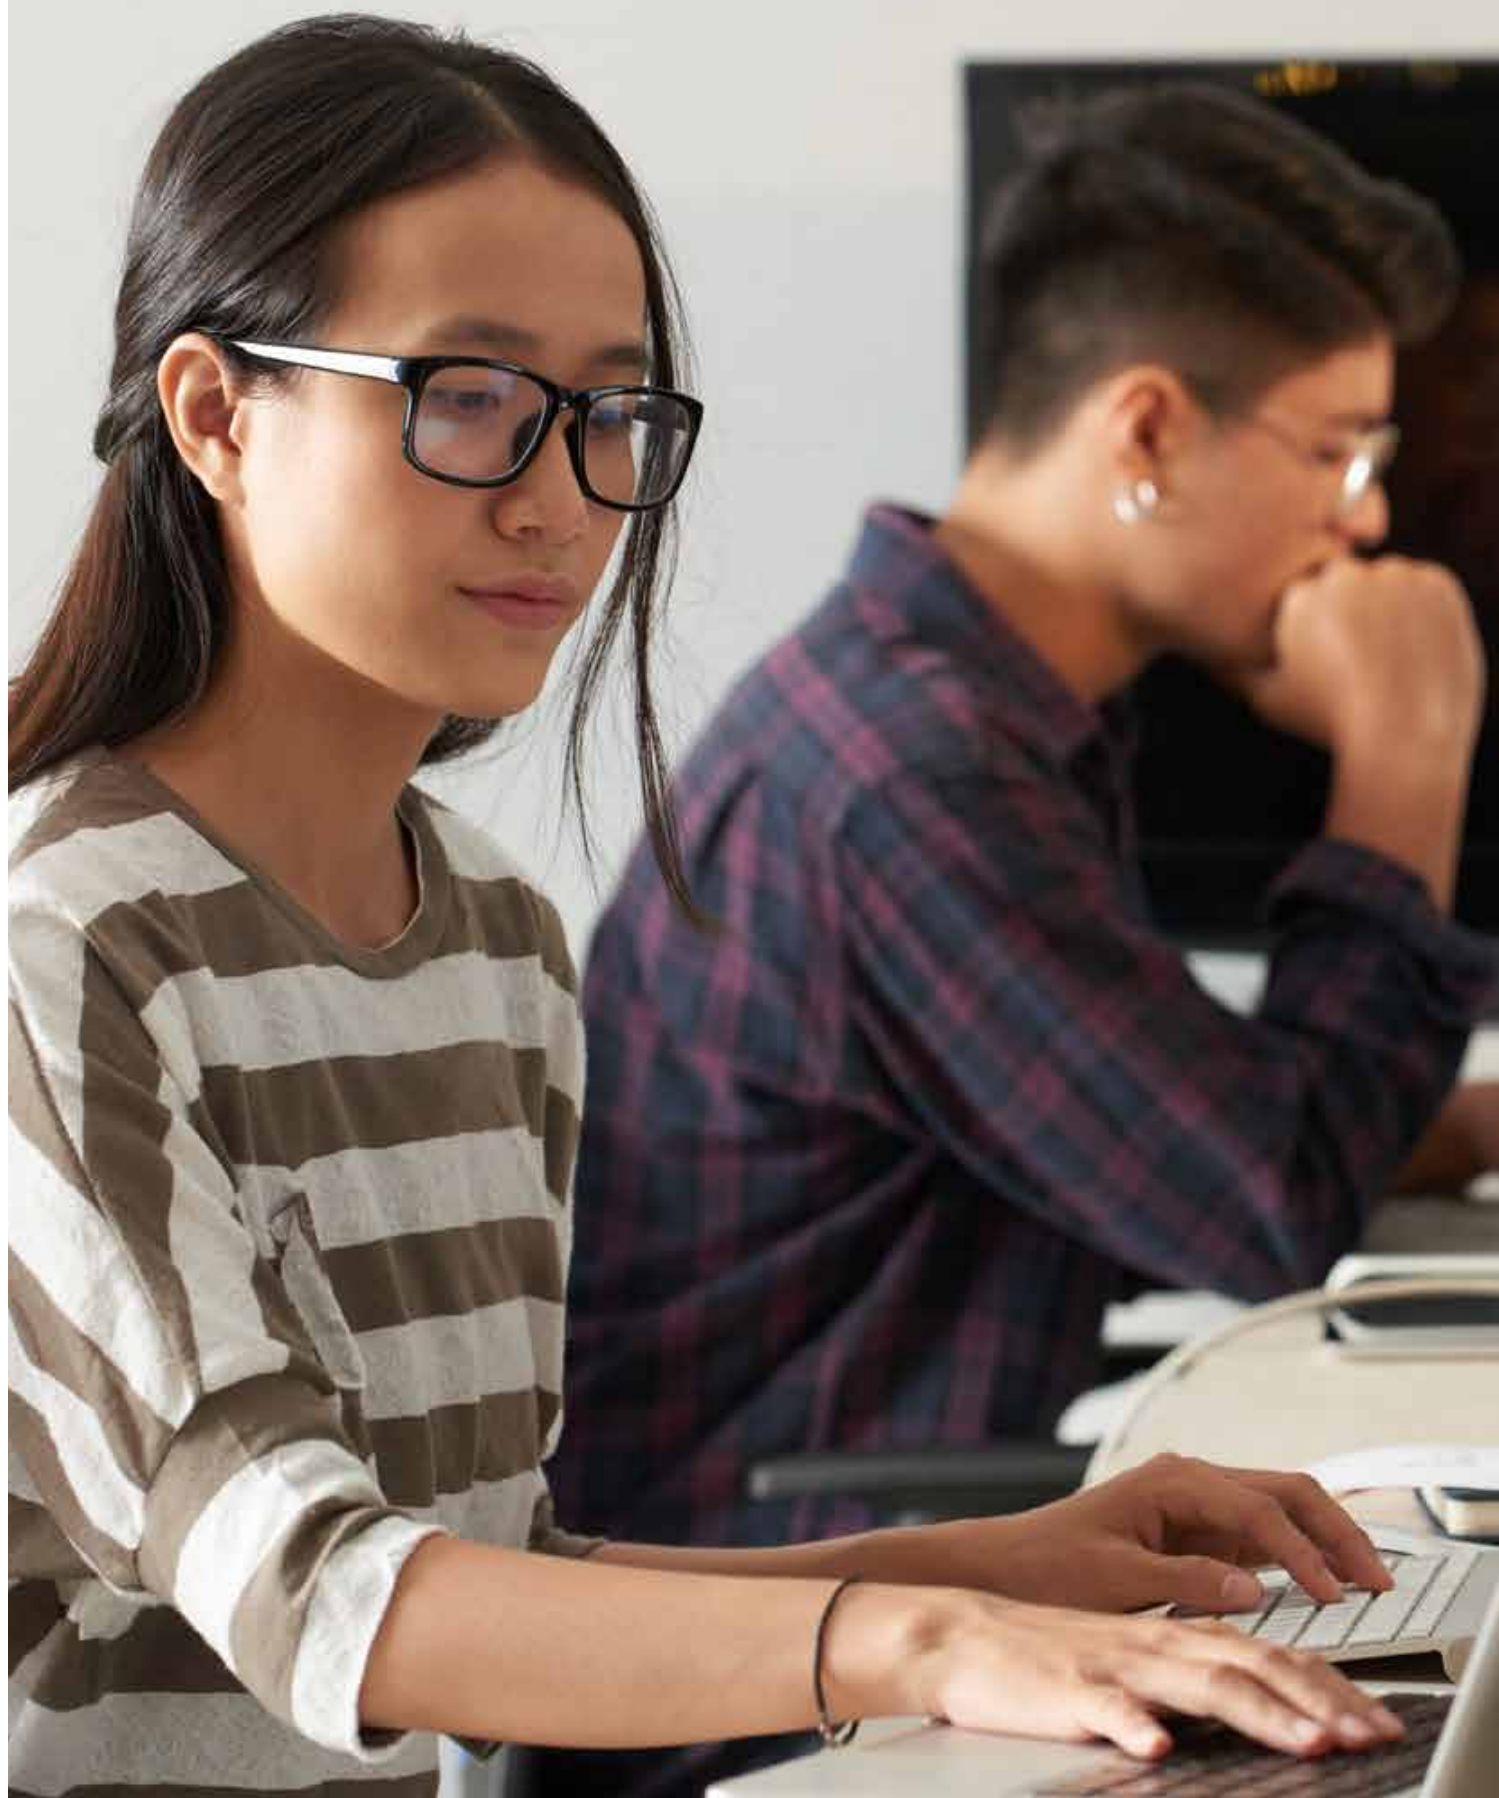

Our school is ISO 9000 Certified and FELTOM Accredited, providing an added guarantee of quality assurance across all our services.

We have a range of accommodation options to choose from including self-catering shared apartments, host families and hotels.

We offer a wide variety of social, cultural and fun activities available in the afternoon, evening and weekends.

ECS is made up of a dedicated team of professionals who are always available to assist students. All team members and managers adopt an open-door policy, ensuring a welcoming environment and providing easy access to assistance, advice and information.

Our Director of Studies has years of experience teaching English and delivering teacher training sessions. Our teachers are all highly trained and qualified to tailor lessons according to their students' level and needs. All members of our academic department attend regular continuous professional development sessions, which include regular classroom observations. This ensures that all lessons at ECS are delivered to the highest standards.
