学校 | the school

GenkiJACS is one of the first Japanese schools in Japan to teach communicative Japanese for everyday life, rather than academic Japanese. Everything in our schools is organized around this central philosophy. That's why lessons focus not just on what to say, but on why, how and when to say it. We have multiple programs and events to help our students make friends with Japanese people. Our class size is by far the smallest of any accredited Japanese school in Japan. We call this "the GenkiJACS difference". It's a big part of the reason why we were the first Japanese school to be voted Star World Language School, the highest award available to a language school,

and why students come back to study with us again and again. We believe in treating every student as a member of our family. We have helped students to arrange birthday parties, ship medicine or rent a studio for music practice. We adapt our lessons to the needs of each student, while keeping them practical and exciting, to give them not just the skills, but also the confidence to use these skills. Classes involve real-world situations, guest instructors, field trips and more. For all these reasons, we are regularly ranked highest amongst all Japanese schools. If you only have one chance to study Japanese, make sure you do it right: learn it with GenkiJACS!

GENKIJACS IS A REVOLUTIONARY JAPANESE SCHOOL

"GenkiJACS was amazing. The two weeks I was in Japan were the best two weeks in my entire life. I will return to Fukuoka next year." ~Allen, Germany

What is a student visa?

The student visa lets you stay in Japan for a year or more, and allows you to work part-time while you study. We will handle most of the process for you and provide support in English for any parts you have to do on your own.

Note: The student visa is only offered at our Fukuoka school. If you are eligible for any other kind of long-term visa, such as a Working Holiday visa or spousal visa, you are welcome to study on this course in any school. Contact us for more details!

The course

The course is booked and paid in advance for 12 months; you'll have 20 classes per week - four per day. Two focus on grammar and the other two on applying your skills to real-world situations. There is a maximum limit of 9 students per class: by far the smallest of any accredited Japanese school. The course is only available to students at or below pre-intermediate level.

Starting dates and application deadlines

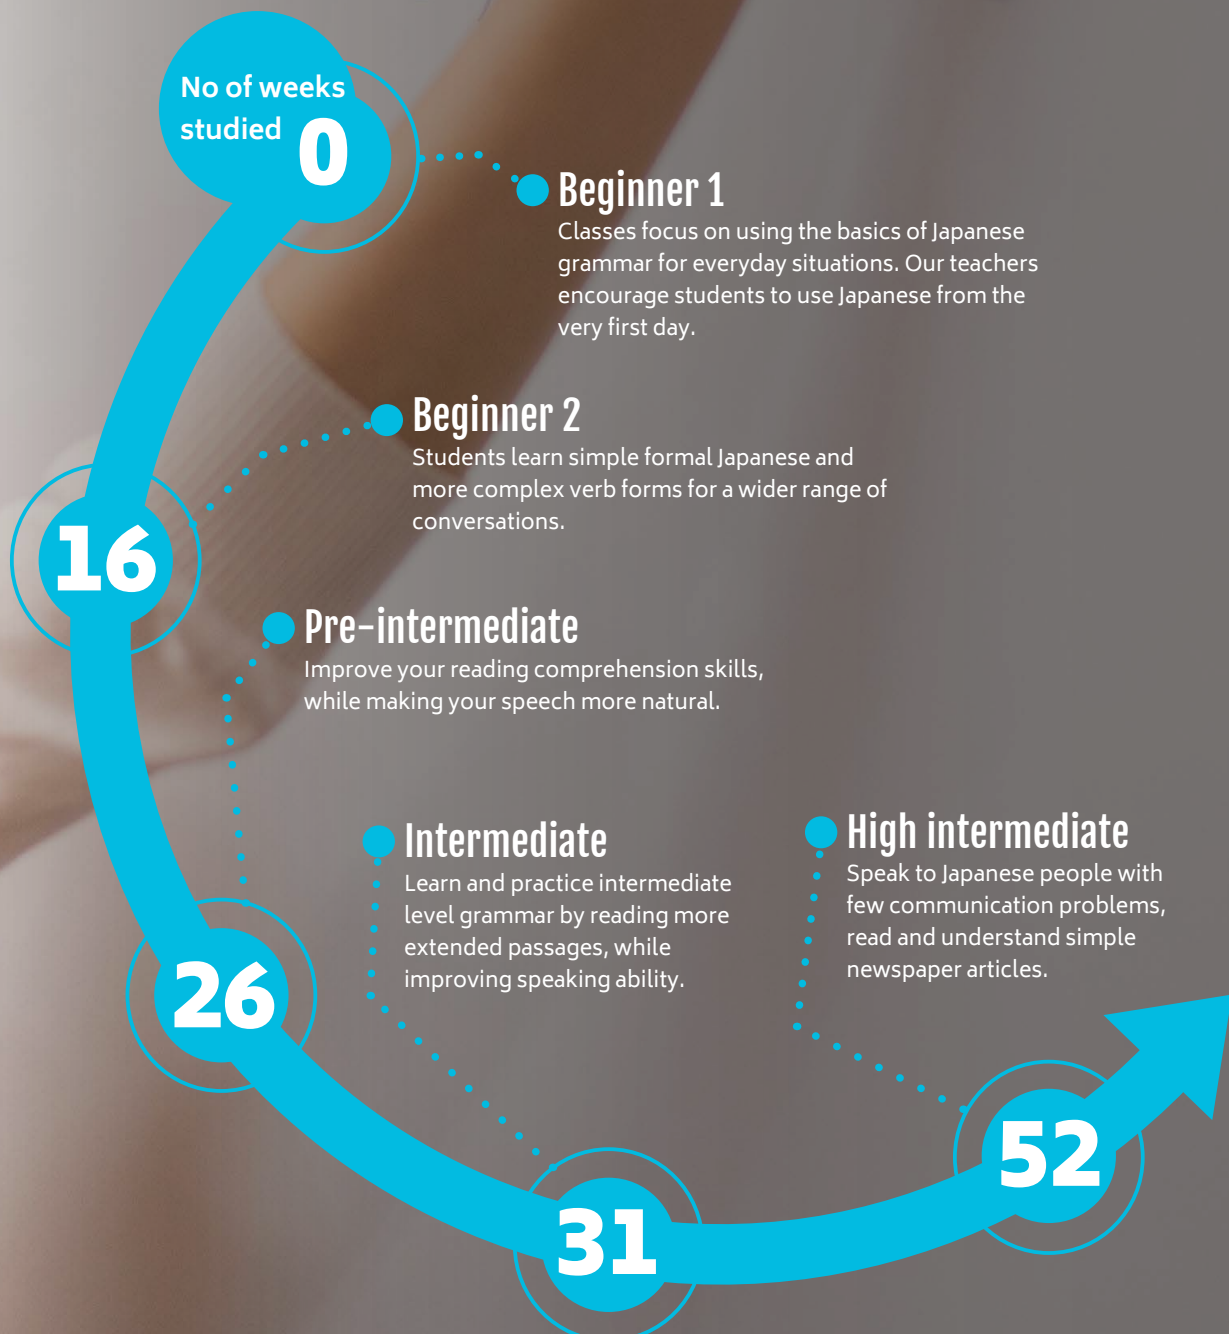

The course has 4 intakes each year: January, April, July and October. The student visa application also has very strict deadlines, but with 4 intakes, we are sure to have the time of the year that suits you!

Start Date	Application Deadline
January	August 20 of the previous year
April	November 20 of the previous year
July	February 20
October	May 20

You can study up to 2 years!

All classes are held on a rolling start basis meaning that when you arrive at GenkiJACS, you are placed into the ongoing class that is most appropriate for you. Your placement is decided based on an on-line test, followed by a confirmation test and an interview by a Japanese teacher on your first day at the school. If your Japanese ability is slightly below the level of your class, we will provide free

materials and extra homework to raise you to the appropriate level. As your study continues, you move up automatically through the class levels. For as long as you study with us, when you complete the material for one level, you will advance to the next level. Because we offer so many different class levels at any time, we can place you into a class that matches YOUR current ability level.

教師陣 | teachers

**Our teachers and staff:
The heart and brain of our
schools.**

All of our teachers are graduates of a rigorous 420-hour Japanese teacher training course: the standard qualification for professional Japanese language school teachers. It is equivalent to a university minor, and the result is a very high standard of teaching. Most teachers are bilingual, speaking English as well as Japanese of course. While the lessons are entirely in Japanese from day one, it still means you will be able to ask questions in English if needed. You'll spend more time with the teachers than almost anyone else you meet in Japan, so we only hire the best!

**Tomoe
Yoshiguchi**
HEAD TEACHER

“ Learning has no end and that is why it is fun, and that is why it is difficult. Let us be the friends and family who will share the fun times and be there when the going gets tough.

**Yuuki
Yamazaki**
HEAD ADMINISTRATOR

“ One click of the mouse and you can study languages whenever, wherever. But to truly know the language you need to feel it, need people around. We offer you a chance to learn, find and live the spirit of Japan.

Home stay

The opportunity to stay with a Japanese host family is the best way to immerse yourself in the culture and practice at "home" what you learned at school that day. We take into account your needs or preferences when arranging a host family for you. Your host family members are likely to be the people you become closest to during your stay, which is why we are extremely thorough when looking through all host family applicants, ensuring that they can provide a suitable environment to assist your learning and to allow you to experience Japan fully. You will have a private bedroom, but share the central facilities such as kitchen, bathroom and laundry with the apartment owners or the family. Available to students of all ages!

Guest house

A private room in a shared house with other GenkiJACS students and Japanese residents or university students, gives you the freedom to enjoy the city life, but also the chance to make lots of friends. We offer many guest houses dotted around the city in a variety of locations. Some are mixed-gender, some male or female students only. Guest houses are perfect for university students or young adults on a budget. Any student over the age of 18 can stay at a guest house.

Dormitory (Tokyo only)

A shared room in a dormitory will give you the perfect opportunity to make new friends! Dormitories are the most cost-effective and social of our accommodation options. In addition to sharing a bedroom, you will also share a bathroom, kitchen and laundry with Japanese university students or other GenkiJACS goes! Our dorm rooms are strictly same-gender, and most have free Internet available. Students age 18 and up can stay in a dormitory.

Private Apartment

Private one-room apartments are similar to a hotel room in quality, but much more spacious! They include a bed, living area; kitchen area, bathroom and all amenities needed for a simple life. Most private apartments are very centrally located and in Fukuoka, they are within easy walking distance of our school. Students over the age of 18 are welcome to stay in a private apartment.

所在地 | location

FUKUOKA

Fukuoka was ranked the best city in Asia by Asiaweek magazine several times over, was chosen by Newsweek as one of the world's top 10 boomtowns, and has been ranked multiple times by Monocle Magazine as one of the most liveable cities in the world. Fukuoka is the capital of Fukuoka Prefecture and has a population of approximately 1.5 million people. It is situated on the Sea of Japan (or the East Sea), and is well protected from the harsher elements of Japanese weather; earthquakes and typhoons are rare, summers are warm and the people are friendly. Our school is centrally located just minutes from Hakata Station, in the heart of Fukuoka City - a small, relaxed city with few foreigners, creating the perfect environment for immersion, letting you use your Japanese as much as possible.

TOKYO

Tokyo does not need much introduction. It offers the best of the modern Japanese culture, an incredible range of entertainment choices not to mention places to visit: Tokyo Sky Tree, Akihabara, Harajuku and of course Shinjuku to name a few.

The population of Tokyo metropolis currently stands at around 39 million people, making it the biggest urban zone in the world.

The school overlooks the famous Hanazono Shrine, and students pass through the traditional shrine gates to enter the building. Despite being in the center of the busiest part of Japan, the school's location is quite peaceful and relaxing, a perfect environment to learn Japanese.

WHICH CAMPUS IS RIGHT FOR ME?

There's no need to choose! We pride ourselves on our flexibility, so you can divide your time in Japan between our Fukuoka, Tokyo or Kyoto schools as you like. In fact, why not follow the Genki Route and study at all three schools while visiting Japan at the same time? Every city has a personality, and we're sure one of them will suit you perfectly.

KYOTO

Though no longer the capital of Japan, it remains her heart. Buddhist temples, Shinto Shrines, castles and gardens: to name all of them would take quite some time. Kyoto continues to be one of the best-preserved cities in the whole of Japan, which makes it a great destination if your goal is to touch the history of Japan. However, with a population of almost 1.5 million and because it is incredibly well connected to Osaka and Kobe, if you are looking to see modern Japan, Kyoto can offer that as well.

Our school is only minutes on foot from the beautiful Gion and downtown Kawaramachi districts, and a short ride to Kyoto Station. A 25-minute stroll and you will reach the world-famous Kiyomizu-Dera.
