EDITORIAL

When my kids were young, we used to encourage them to spend part of their holidays in summer camps abroad in order to practice and enrich their language skills. These travels were of immense value to them and let them experience culture first hand. They prepared all three of my children to be citizens of the world.

Barbara Jaeschke
Owner and managing director
of GLS German Language School

GLS stands for German Language School and was founded in 1983 by Barbara Jaeschke, former teacher and passionate marathon runner.

GLS operates summer camps for youths in Berlin and Munich as well as regular classes for adult students on its own campus in the heart of Berlin.

SCHOOL INFO

We place international students at *GYMNASIEN*. A *GYMNASIUM* is a secondary school that leads up to university. The curriculum is rather academic, with two foreign languages plus math and science courses. Around 30% of German students attend this type of secondary school.

The final examination is called Abitur and grants access to university studies. Choices of university location and study fields are limited however: Only students with a very good Abitur can study where and what they want.

PLEASE NOTE: Exchange students planning to do the Abitur have to attend a private school, the Abitur is not possible for them at state schools.

The school year starts in AUG/SEP, holidays vary from state to state (usually 2 weeks in autumn, over Christmas and around Easter). School days are **MON – FRI, usually 8am – 1 or 2pm**, which leaves enough time to join community clubs focusing on sports or the arts.

UNIVERSITY PATHWAY GERMANY

German universities offer excellent study opportunities to students from all over the world. The fees they charge are very low compared to those in many other countries. Getting access, however, can be a challenging process. And that's where the GLS pathway program comes in: GLS cooperates with German universities and offers:

1. A conditional acceptance letter for a BA degree program in Germany (prerequisite for a student visa)
2. Preparatory German courses advancing students to the level of German they need

STUDY FIELDS

Applicants can choose a BA Bachelor Program in study fields such as:

- Design
- Engineering
- Informatics
- Business
- Health Care
- Social Work

Please note: MA programs available only on request.

UNIVERSITIES

GLS cooperates with several universities in Germany that issue conditional acceptance letters for GLS applicants. Conditional acceptance letters are needed to apply for a student visa. Please visit our website: **gls-berlin.de** for more information about university locations and programs.

COSTS

GLS charges a university placement fee. Additional costs are tuition for the German course and exam fees for TestDaF or telc C1 Hochschule.

HOW TO APPLY

Please send us the applicant's documents (a simple copy of high school diploma and, if existing, university certificates). We will check the documents for free and outline a personalized roadmap to university, detailing all necessary stations and the costs entailed. If that outline is accepted, we will register your applicant for our university pathway program.

SERVICES INCLUDE

- Free checking of a student's documents prior to arrival
- Free roadmap to university, customized to a student's academic background
- Conditional acceptance letter of a German University
- Pre-arrival assistance and visa support
- Individual consultation hour during GLS office hours
- Application assistance for your university of choice
