

# our course programme

We take your study goals seriously and support you in getting there. Our classes are highly intensive due to the small number of students in each class. Our South African teachers hold internationally recognised qualifications and are fully committed to going the extra mile for you.

## Morning classes

Our morning classes for general English are ideal if you want to improve your every-day communication skills. Small classes and well-trained teachers guarantee fast progress. The course content includes grammar, lexis and all four skills: speaking, listening, reading and writing.

Our general English courses are offered at 7 levels from Beginner to Proficiency. You can book these classes Monday to Friday (**GENERAL ENGLISH 20**) or Monday to Thursday (**GENERAL ENGLISH 16**).

## Afternoon options

Add an afternoon option to your morning class to intensify your studies or improve in a specific area.

For general English, you can either book one focus group (**SEMI-INTENSIVE**) or two focus groups (**INTENSIVE**).

If you use English mostly at work or in a business context, we recommend **ENGLISH FOR WORK**.

We further offer **IELTS** and **TOEFL** exam preparation as well as **PRIVATE LESSONS**.

## Cambridge Courses

Cambridge exams are recognised worldwide and are widely accepted by companies as proof of a certain level of English. We offer preparation courses for **FCE**, **CAE** and **CPE**. These courses are run as full-day courses and have a set course length. They are demanding, but the outstanding pass rate of our students is the best indicator for the quality of these courses.

## Private lessons

This is ideal if you only have limited time available and want to achieve the maximum progress. For private lessons the teacher will design the curriculum around your specific needs.

**PRIVATE LESSONS** are available both half-day and full-day.

## Study Year

If you study 24 weeks or longer, we put a study programme together based on your individual needs. An advisor will regularly meet with you to discuss your progress. Our Study Year students enjoy a number of further advantages like reduced course fees, changing of courses without an administration fee and taking a break from studies.
