Seffi (Israel)

Since childhood my mother, a teacher herself, used to encourage me in hard learning times. She said: there is no bad pupil for a good teacher. I am a testimony for this idiom. I just got a very good result in HSK3. It is thanks to my teacher Mandy, whom I adore for many years. She is devoted, intelligent and works at least as hard as I do to help me develop my Chinese. I thank Mandy with all my heart.

Kevin Turner (America)

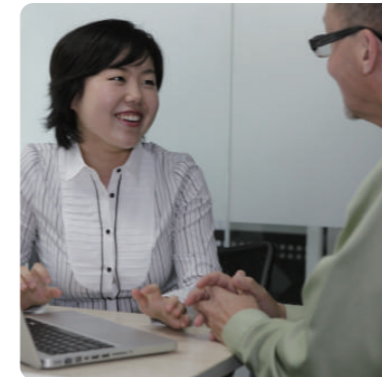

I am enjoying my AP Chinese class with Shiny so far, she's dynamic, funny, and enthusiastic, well nothing to worry about, I have the feeling my Chinese level is becoming better. I am ready for the AP Chinese test now.

I made so many friends. In the class the teacher focused on every student so much. There was a lot of individual attention. We visited a panda park where there were huge pandas and tiny baby pandas. And I got to write and make a slide show about pandas. I learned so much about pandas and I know so many new vocabularies. It was just fantastic.
