Surf's Up

“ Dear all, I just wanted to send an email to thank Horizon for putting on a great week of activities at the Surfing camp for my daughter Georgia. She had a brilliant time and came home very sad to have finished and regretting that she was only there for one week. She will attend next year for longer than a week. Can you keep me on the mailing list for next years programs. Georgia was very well taken care of in Westport and we would like to thank everyone there for that. ”

Peter

with skill, balance and the ability to read the waves, you'll LOVE it!!

What's it all about?

It's about learning the basics of Surfing so you can get up on your board and ride the waves. It's the fastest-growing sport in Ireland – and, maybe we're biased, but we think we know why! There's nothing quite like Surfing. It is wild and it is free, and it challenges young and old.

Do I need any experience?

No, apart from being confident in the water and a willingness to get wet.

Where will this programme take place?

On Carrowniskey Beach (one of the finest surfing beaches on the West coast). It's just 15 minutes from our Camp Horizon base in Westport, Co. Mayo which is fast becoming the Adventure capital of Ireland. Apart from the Surfing, our Horizon Camp at Westport has an exciting range of Multi-Activities that will keep you occupied when you're not surfing (or if the weather rules out surfing). These include: Kayaking, Climbing Tower, High Ropes, Low Ropes, and Abseiling.

Do I need any equipment?

No. We will send you the usual kit list before you travel but we will provide all the specialist equipment you need, including boards and wetsuits.

Available at Westport Surf Camp
