## DESCRIPTION

The ILSC Cambridge Mastery Program is designed to prepare you for success on the Cambridge Main Suite Exams. The exams test reading, use of English, writing, listening and speaking, and all of these skills will be covered throughout the program. Instructors will use various methods to assess your strengths and weaknesses at the beginning of the program in order to focus the coursework on the skill areas that need the most improvement.

Weekly practice tests will measure your progress and help you become familiar with the type of questions and test materials you'll encounter on the official exams. They'll also help you get comfortable with completing exam tasks under pressure. A diverse range of multi-media materials will help familiarize you with different accents, and improve your listening comprehension.

While the program aim is to provide you with practice, skills and test-taking tips to succeed on the exam, it will also help you improve your overall English language skills and prepare you for success in higher education or work in an English-speaking country.

## ABOUT THE CAMBRIDGE MAIN SUITE EXAMS

Owing to their high standards and strict regulations, the Cambridge Main Suite exams are widely recognized in commerce and industry. These certificates also fulfill English requirements for entrance to many universities, colleges, and other institutions of further education. Taking a Cambridge exam can help you achieve your academic and professional goals.

## COURSE DELIVERY, ASSESSMENT METHODS, & COMPLETION

All General English programs are delivered face-to-face. Most students will complete one academic level within 8 weeks. At the end of every 4 week session, teachers provide students with a Student Progress Report (SPR). Students must earn at least 70% on their SPR to move to the next level. The SPR assesses student performance in class (speaking skills, grammar skills, etc.) and assessment results (tests, homework, quizzes, etc.). Students will receive a certificate of completion at the end of their studies as long as they have met the attendance requirement. Students will also receive additional certificates for most specialty programs upon successful completion of program requirements.
