What is the Academic Insights Programme?

Our “flagship” Academic Experience and summer programme, Academic Insights provides ambitious high-school students from around the world with an unrivalled experience studying undergraduate-level subjects at leading institutions like Oxford and Cambridge University Colleges.

All classes are taught by expert academics from world-leading universities, such as Oxford, Cambridge and Harvard. Each subject follows a specifically-designed summer school syllabus. This combines theoretical knowledge with practical application, ensuring all students receive a well-rounded and challenging programme which develops them for future success.

Key Facts

- ✓ Ages 13-15 & 16-18
- ✓ Oxford, Cambridge, Sydney and Toronto University Colleges
- ✓ 40 hours of tuition (over 2 weeks)
- ✓ 12 months of post-programme learning support
- ✓ 20+ subjects available
- ✓ Maximum class size of 10
- ✓ Teaching combines theory and practical learning
- ✓ Completion of a personal project
- ✓ 1:1 support and personalised evaluation from your tutor
- ✓ Teaching staff are primarily academics from Oxford and Cambridge University
- ✓ Lifetime access to the Immerse Alumni Network

Your journey starts here. Globally we offer hundreds of programmes across a range of inspiring pathways to support students in deciding on their academic and career prospects. Learn more about our pathways delivered online or at world-leading universities.

The pathway for this guide:

Academic Pathway

University-level enrichment programmes, led by expert academic tutors, for students building their knowledge to excel at school and beyond.

Career Pathway

Immersive industry-focused programmes, led by highly esteemed professionals, for students deciding on their career paths.

We provide **transformative educational pathways**, building bridges to the future by empowering and equipping students with the knowledge and skills to navigate their own success.

Our pathway locations:

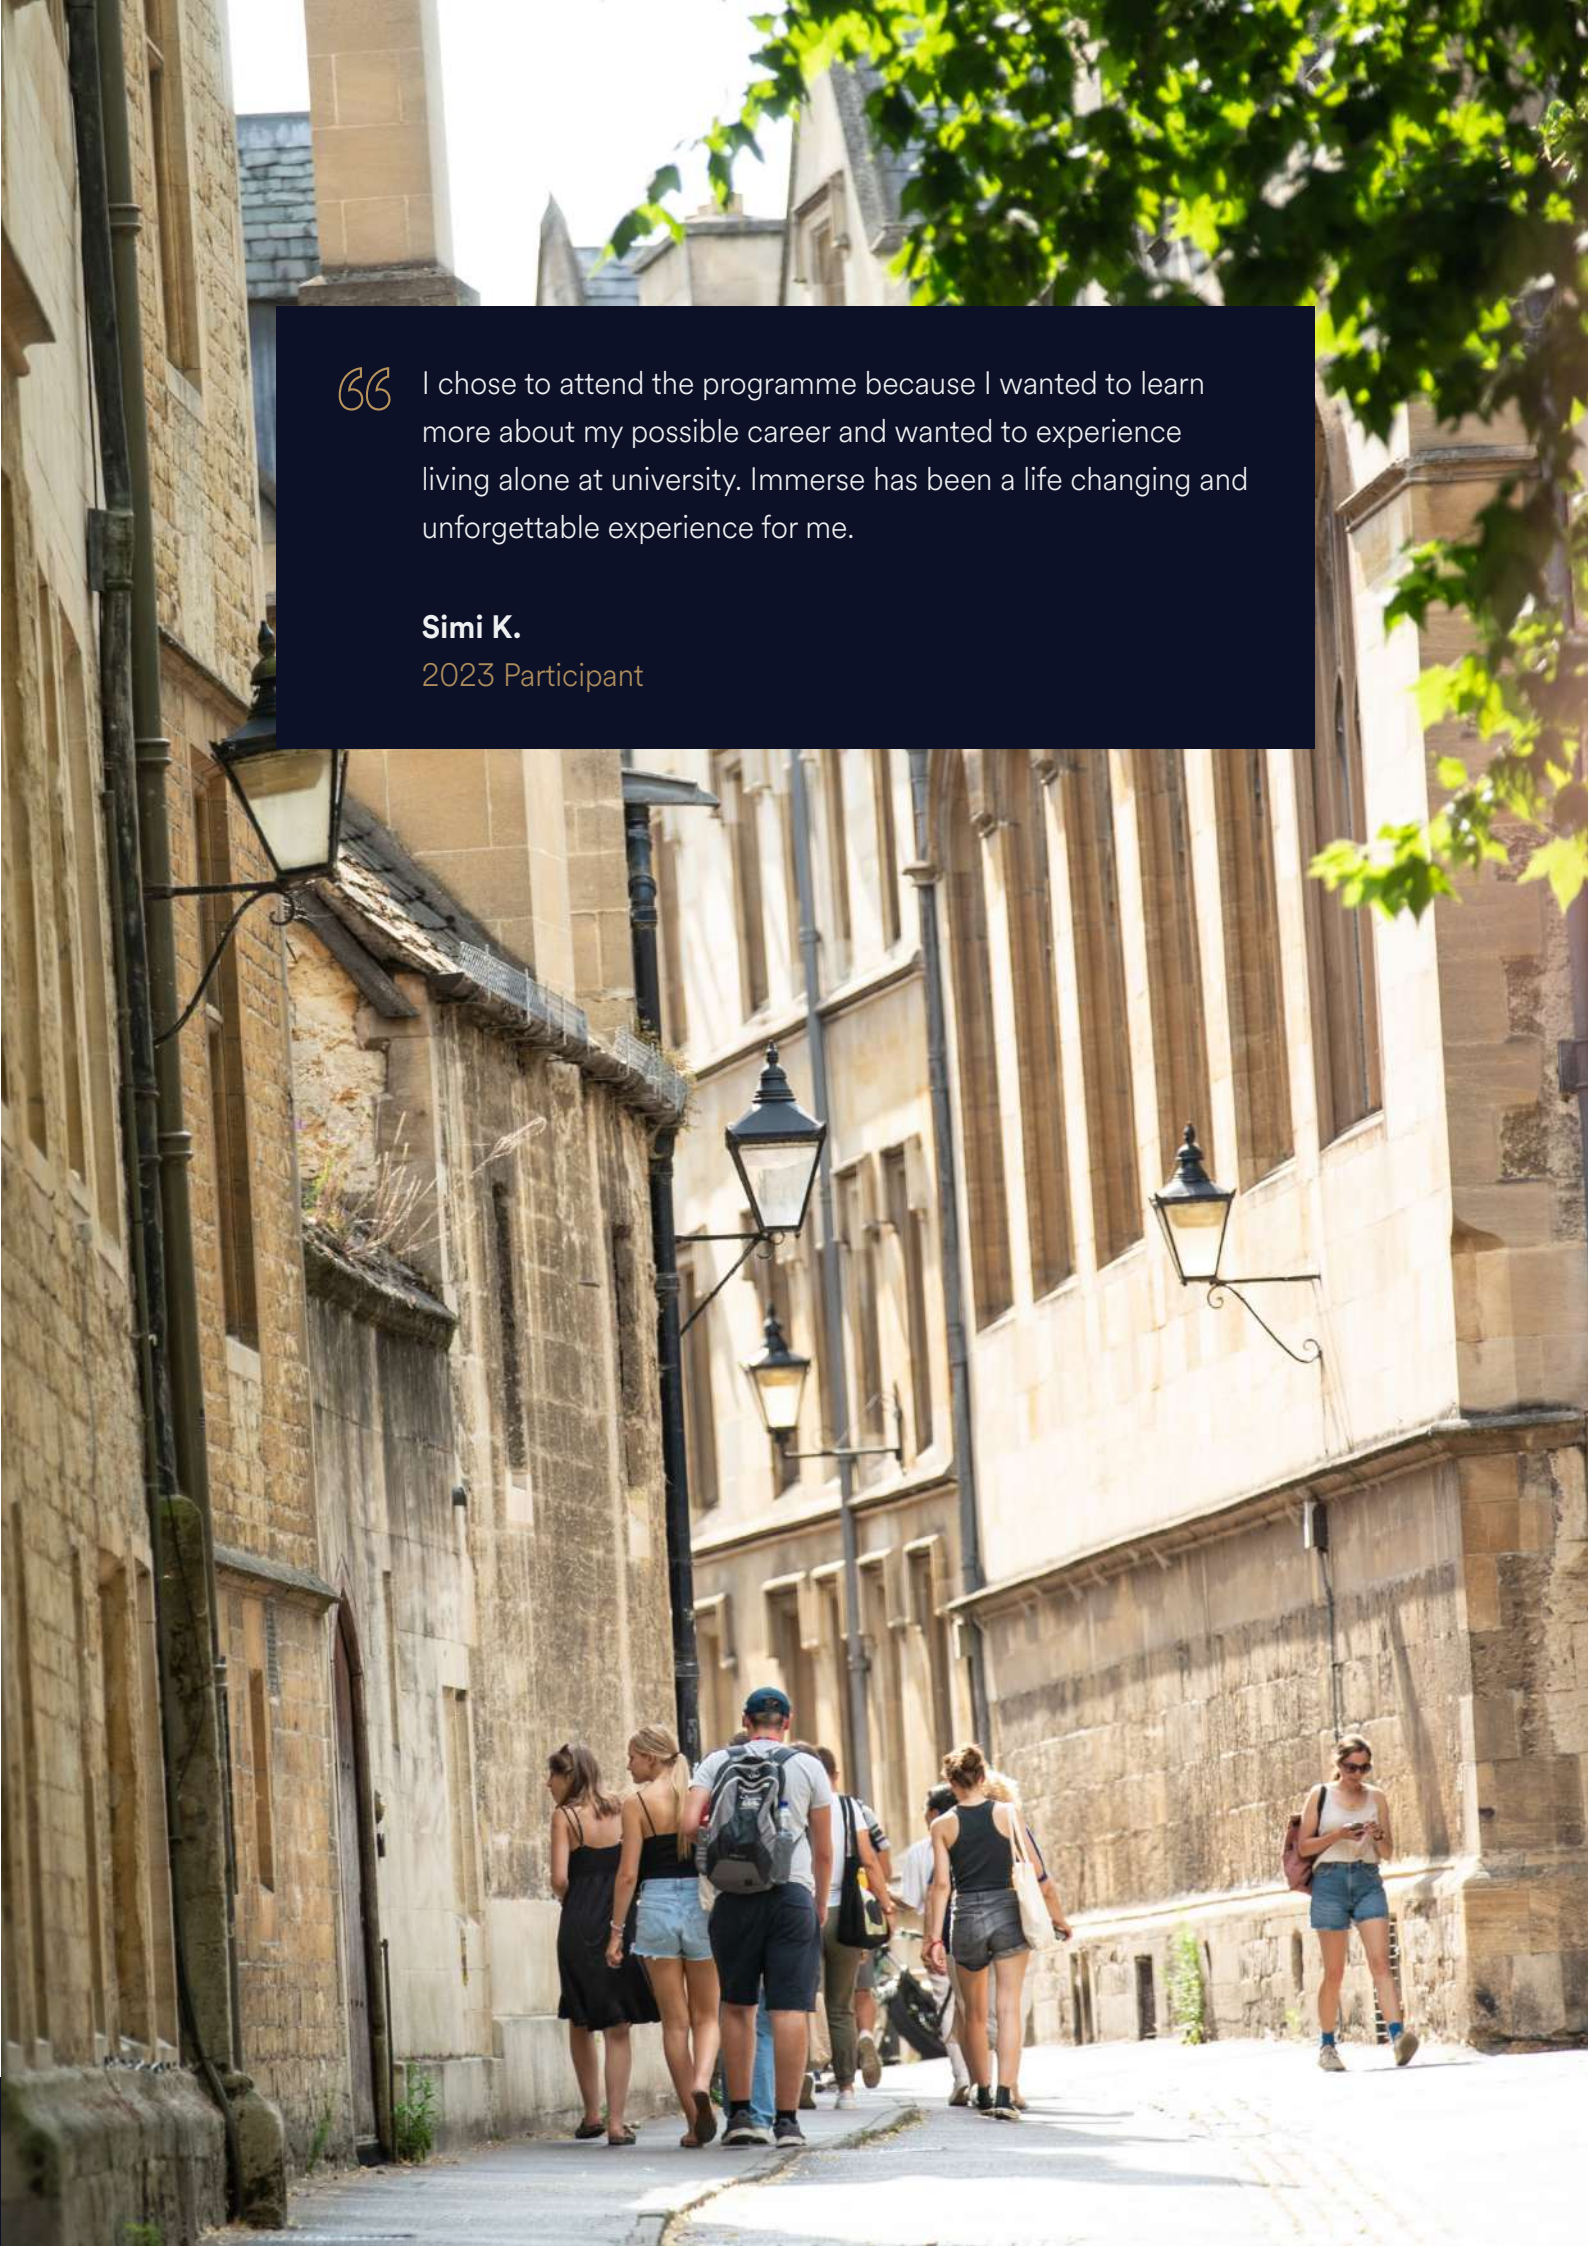

Online, Cambridge, New York, Oxford, Toronto, San Francisco, Sydney, London

I chose to attend the programme because I wanted to learn more about my possible career and wanted to experience living alone at university. Immerse has been a life changing and unforgettable experience for me.

Simi K.

2023 Participant

13-15 YEAR OLD PROGRAMMES

Our options for ages 13 to 15 are designed to ignite students' interest and help them better understand which subjects to pursue at a higher level. Students are introduced to challenging content in an easy-to-understand and approachable way.

- ✓ Architecture
- ✓ Artificial Intelligence
- ✓ Business Management
- ✓ Computer Science
- ✓ Creative Writing
- ✓ Earth Sciences
- ✓ Economics
- ✓ Engineering
- ✓ International Relations
- ✓ Law
- ✓ Medicine
- ✓ Physics
- ✓ Psychology
- ✓ Veterinary Sciences

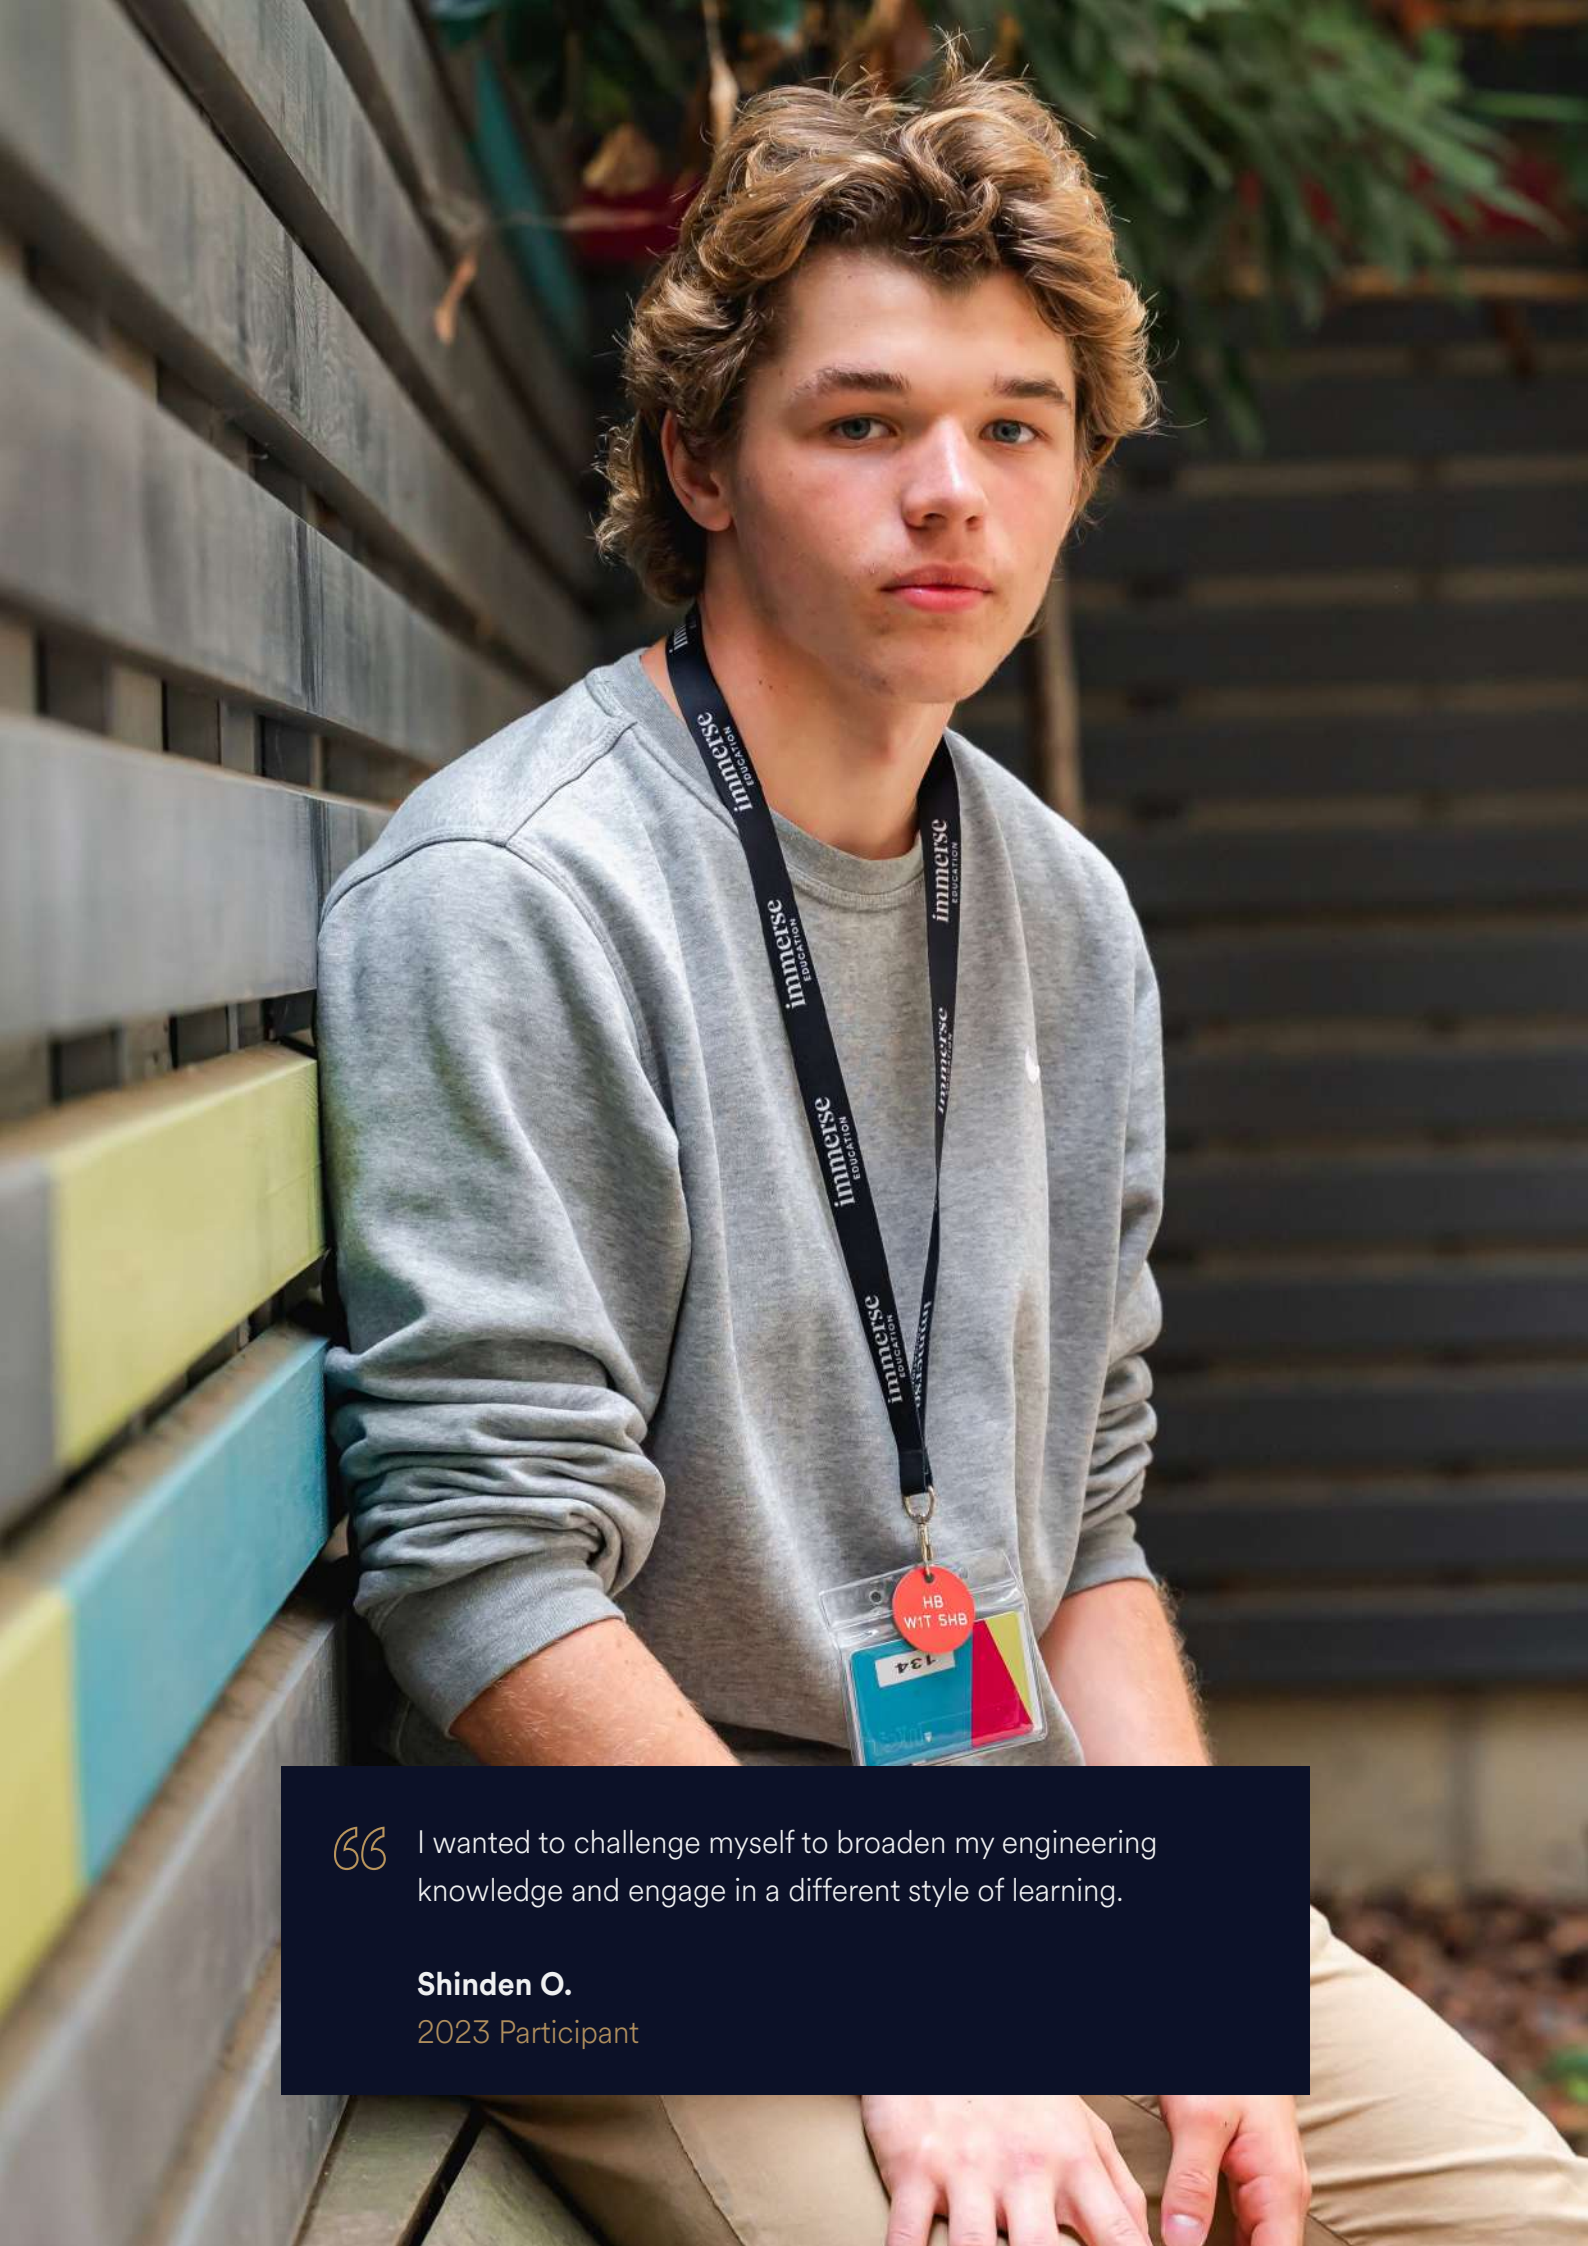

16-18 YEAR OLD PROGRAMMES

Our programmes for 16 to 18 year olds provide a unique insight into what it's like to study a subject at university level. Our tutors have carefully designed rich and interesting curricula to further the existing passion that participants have for their chosen discipline.

- ✓ Artificial Intelligence
- ✓ Biology
- ✓ Business Management
- ✓ Chemistry
- ✓ Coding
- ✓ Computer Science
- ✓ Computer Science & Artificial Intelligence
- ✓ Creative Writing
- ✓ Earth Sciences
- ✓ Economics
- ✓ Engineering
- ✓ English Literature
- ✓ Film Studies
- ✓ History
- ✓ International Relations
- ✓ Law
- ✓ Mathematics
- ✓ Medicine
- ✓ Nanotechnology
- ✓ Philosophy
- ✓ Physics
- ✓ Psychology
- ✓ Veterinary Sciences

For a more detailed description on each topic, please visit our website on

Expert Tutors

Our tutors care about the academic futures of each participant. Each subject's syllabus is designed and taught by expert academics from top universities such as Cambridge and Oxford. Content is designed to introduce participants to university-level subject matter and inspire them to continue their studies after completion.

Experiential Learning

One of the most popular aspects of the course is the opportunity to receive hands-on, practical experience in a chosen subject area. Examples include dissections in medicine, robotic arm building in engineering or participating in a moot court in law.

Personalized Evaluation & Certificate

Our tutors are passionate about the academic development of their students and therefore provide individualised written feedback and reflections after the programme. This provides insight into a participant's strengths, areas for further exploration, and recommended reading to further their academic curiosity. Each participant will also receive a certificate of completion.

Dedicated Mentors

Each participant is part of a mentor group (approximately 10 students) which forms their "family" for the course. Mentors are typically Oxford, Toronto, Sydney, and Cambridge University students, and are there to ensure that participants are able to get the most out of the programme and provide participants with additional support in their chosen subject so that they leave Immerse feeling confident about their academic future.

1:1 Tutorials & Feedback

Participants receive weekly 1:1 tutorials with their class tutor. These are designed to ensure that each individual is progressing as desired and that students can receive additional academic support in a private setting. With the support of expert academic tutors, all participants will receive tailored feedback for successful delivery of their personal project.

Post-Programme Learning

Continue engaging with exclusive university-level content from Oxbridge academics. For 12 months after your programme you'll continue taking your understanding of your chosen subject to the next level so that you're developing skills to stand out at school, in university admissions and at university.

Guest Speakers

Participants will hear from fascinating and well-respected guest speakers. Ranging from politicians to philosophers, these sessions offer participants the chance to learn from inspirational and influential change-makers.

Activities & Excursions

A key highlight of the Academic Insights summer course is its social programme, which allows participants to make friends with like-minded peers from around the world. The social programme includes two excursions, on-site games, sports and more - as well as three formal meals at different Oxbridge and Sydney Colleges.

Participants who have opted for accommodation will be allocated to a college based on their dates and subject choice. If you would like to stay in the same location as a friend/sibling – please let us know and we will do our best to arrange this, where possible.

Males and females will have separate accommodation.

Wi-Fi is available in every college.

Programmes Have Had A
Positive Impact On Their
Academic Performance
At School

I see a huge improvement in my overall English speaking skills, since it is a 2nd language for me. I am able to speak more fluently and my vocabulary has widened. People around me - both tutors and peers - have noticed and praised this improvement. - **Tal**, Student

I took the business management course at Immerse before I began my business subject at school, it gave me a greater head-start and allowed me to more deeply understand the topics covered. - **Olivia**, Student

The programme provided me with an insight of what my future could look like, which motivated me extremely. This resulted in me getting only A's and A*'s in my GCSEs. - **Temí**, Student

My English Literature grades went from a B to an A. - **Malek**, Student

Pastoral Care & Safeguarding

We are accredited by the British Accreditation Council, the leading mark of educational quality for the sector.

In addition, all of our team members pass an Enhanced DBS check (the UK's criminal record check) and undergo safeguarding mental health and welfare training. We pay exceptionally special attention to the safety and well-being of our participants, and communicate a code of conduct to participants before and during programmes consistently.

All participants on an Immerse programme are also assigned to a “Mentor Family” – a group of 10 students who are led by an Immerse Education Mentor, who also lives on-site. This small group per mentor ensures that individualised attention and guidance per student is still provided.

Mentors, who are undergraduate students at the university colleges where they will be staying, offer support and friendship to all participants. They truly understand the challenges and pressures that participants face and are happy to share their own advice and experience. It's an unrivalled support system that we're incredibly proud of.

Accreditations, Awards & Partnerships

Since 2012, Immerse Education has provided thousands of students with enriching academic experiences that have changed the trajectory of their lives.

QUEEN'S AWARD

The Queen's Award for Enterprise is the UK's most prestigious business award.

In 2018, Immerse Education was awarded the Queen's Award for Enterprise. To be recognised by Her Majesty is a huge honour and a testament to the unique, educational experiences we provide to students across the world.

BAC

Immerse Education is accredited by the leading mark of educational quality for the sector.

For over 25 years the British Accreditation Council (BAC) has been responsible for setting educational quality standards within the independent further and higher education sector. The BAC requires a rigorous on-site inspection that covers all aspects of the student experience including teaching, learning, health and safety and welfare.

for more information, or to enrol online.

Once the enrolment form is completed, then a member of staff will be in touch to confirm your place to study.

Contact our team at

enquiries@immerse.education with any questions.

Bundled prices are subject to change.

Post-Programme Benefits

Continued Learning & Alumni Support

Following the completion of your programme you automatically have access to the Immerse **Alumni Network** and additional benefits, which afford you access to skills workshops, mentoring, university admissions support, and networking opportunities with Immerse Alumni.

Time and time again we hear from our students that they wish to stay in touch with each other following the programmes, and the alumni network will grow to ensure this. Exclusive events, career opportunities, and masterclasses will be hosted for alumni by our dedicated alumni community manager.

Post Programme Benefits

The support for our students doesn't just end after their time on the course, but for 12 months after their time learning with us they have access to an extensive range of learning opportunities. The post programme support and further learning benefits included on our courses are worth up to £1600. See them listed below.*

- ✓ **12-Month Access to Exclusive Programme Resources**
- ✓ **Access to Premium Immerse Lifelong Learning Content**
- ✓ **Access to Programmes Providing Further Learning Enrichment**
- ✓ **Access to Skill-based Sessions with Mentors**
- ✓ **Premium Workshops Supporting University Admissions, Careers Preparation & Upskilling**
- ✓ **Opportunity to Have Future Skills Certified**
- ✓ **Masterclasses with Experts**
- ✓ **VIP Events**
- ✓ **Exclusive Offers from our Partners**
- ✓ **Access to Exclusive Immerse Programme Portfolio Discounts**
- ✓ **Access to Membership Benefits and Events from Partners**
