FAQs

What will the lessons be like?
Lessons will be project based, communicative and draw on experience that students bring with them, working towards building confidence and fluency. Lessons related to excursions help students learn during their social time.

What is the maximum class size?
15.

What does the insurance policy cover?
The full insurance policy can be downloaded from our website www.ihlondon.com/studying-with-ih-london/insurance and insurance is included in the course fees. If travelling from within the EU it is recommended that the student applies for an EHIC (European Health Insurance Card) and brings it with them to the centre.

Are students supervised at all times during the course?
There is some free time on excursions where students are allowed to spend time in groups of three or more.

Do students need to pay a deposit?
All students are liable for loss or damage to school property for which they are responsible. A £50 cash deposit will be taken from all students upon arrival and returned at the end of the programme, providing no damage has been incurred.

Are there any optional excursions to go on?
Students will have the choice to go on optional excursions. These will be charged in addition to the course and they typically be offered on a Sunday. Example additional excursions are a Highland tour, Glasgow or Alnwick Castle.

Can I share a bedroom with someone else?
Newbattle does have single, twin, triple and quad bedrooms. We do our best to full fill student requests but cannot guarantee them. This is due to gender, age and availability considerations.

Is there a laundry service?
There are laundry facilities which students can use with the assistance of staff in their free time.
