

## Welcome to our 2024 Price Guide!

We're delighted to release our Price Guide for 2024 during what is looking like an excellent year for all of us.

The high rate of inflation has left us exposed to suppliers (including our tutors) rapidly increasing costs. In this context, fixing our prices for the whole of 2024 in July 2023 is impractical. To protect ourselves against potential sustained inflation, we would have to increase our prices considerably. We believe that it is better for all parties to commit to a quarterly review of fees, which will allow us to make an informed decision based on the facts at the time, rather than using guesswork in advance. That said, please note that while they may be reviewed every quarter, it doesn't mean that they'll be changed every quarter!

Warm regards,

Jamie Gantley

**Dates:** Standard arrival is on Sunday afternoon / evening and departure on a Saturday morning. The first lesson is on Monday, unless otherwise requested.

**Meet Your Tutor:** All students receive a 30-minute online session with their tutor before the start of their home tuition course. This acts as part of the needs analysis and also enables tutor and student to get to know each other. If a course is split between two or more tutors, the student may have a session with each tutor.

**Two-to-one Courses:** These are offered at 20% discount on the one-to-one price per person. Students must have similar language levels. **A separate rooms supplement** per week applies should separate rooms be requested.

**Family English:** Ideal for families who wish to study together. Depending on student levels, lessons can either be shared or taken 1:1 in parallel. Where separate 1:1 lessons are required, we aim to host students in two-teacher families or will arrange for a visiting tutor to teach either student as required. Each student is charged the 2:1 rate for the relevant number of hours to be studied.

This programme is only open to families – not friends or colleagues.

**Exam Preparation Courses:** We provide intensive preparation for the following language examinations:

- Cambridge Assessment English suite
- IELTS

- Trinity GESE / ISE
- Cambridge LinguaSkill
- ETS TOEFL
- ETS TOEIC
- DILF / DELF / DALF
- Many others available on request

**Language for Work:** A generalised business English course, with a focus on developing the language required for the modern office workplace. Students requiring content tailored to a particular industry or job role should take a *Professional Language* course.

**Professional Language:** Our executive programme for businesspeople and professionals with specific needs related to their job. Students are matched with host tutors with a professional knowledge of their industry.

**Academic English:** Designed for Academic and Higher Education students who need to study in English. The course develops the special skills and formal language required to achieve academic success.

**Super Short Courses:** A highly intensive choice for busy students. Courses can start any day of the week (including weekends). Fees are set for all locations – no City or Prestige Homestay supplement applies.

**English Plus:** Students may exchange tuition hours for additional excursion / activity hours with their host tutor. Activity materials are not included in the standard price and are quoted after needs assessment.

**English for Teachers:** Designed for EFL or ESL teachers. The course focuses on developing tuition skills and knowledge, as well as building communication skills and classroom English. Students are matched with a host tutor who is experienced in delivering teacher trainer programmes. Flexibility of location is required.

**Tuition Only:** 1:1 or closed-group 2:1 tuition offered without full-board accommodation. Courses are offered in minimum blocks of 15 hours which can be taken in shorter sessions.

**Edinburgh Festival:** All courses taken in Edinburgh during the Festival period (30 Jul – 02 Sept) are charged a supplement of £170 per week.

**Christmas / New Year:** All courses starting between 24<sup>th</sup> Dec – 30<sup>th</sup> Dec 2024 are charged a one-off (not weekly) supplement.

**Dietary Requirements:** We always do our best to accommodate special dietary requirements. However, we reserve the right to ask for a contribution of £70 / €80 / \$90 from the student if this involves the host tutor purchasing special ingredients (e.g., gluten-free products).

**Airport Transfers:** Please see **Transfer Information**.

**Unsocial Arrival / Departure Times:** Students arriving at or departing from a host tutor's home between 22h00 and 06h00 will be charged a supplement of £40 / €40 / \$55.

### InTuition Online Programme (IOP)

IOP courses can be bought as standalone products or in combination with a home tuition course.

Home tuition students adding an IOP product to their course package receive a 10% discount on the standard IOP gross price. Home tuition students may choose to add IOP products to their package before, during or after their home tuition course, and lessons may be taken before or after their home tuition course.

## 7. Transfer Information

We have selected the airports / stations which students travel to and from in almost all cases for each location in the UK and Ireland. We only offer arrival transfers for adults, but the tutor will help arrange departure transfers if required.

For each host, the *Local* airport(s) will depend on the Transfer Zone (as shown in the table), but the fee is the same for all destinations within the region. Host Tutors' Transfer Zones are noted in their profiles.

So, for example, if your client studies with a teacher in Bournemouth and flies to SOU, the *Local* rate applies. If they fly to LHR, the *International* rate applies. If they fly to LGW or another airport, a special quote is required.
