KEF USA & College Partnership

KEF USA partners with the largest community college in Florida in several programs. Students receive their English Language instruction at the college in the mornings and the KEF teachers deliver the workshops in the afternoon. The KEF staff remains with the students throughout the day to ensure all goals and program expectations are met. This program prepares students for a smoother and more successful transition from high school in their country to college in the U.S., improving retention in post-secondary education settings.

Accreditation

The English programs are endorsed by the Commission of Accreditation of Programs of the English Language (CEA). CEA is a non-profit organization recognized by the Secretary of Education of the United States as a National Accreditation Agency of Programs of English Language. The process of being accredited in The United States through the CEA needs to be met with strict standards. Accreditation is not an easy process and the programs accredited by CEA are among the best, not only in the United States but also throughout the world.

We know how hard it is to get B-2 visa appointments at this time. So if you don't have a valid B2 visa, we can provide the I-20 form you will need to get an F-1 visa in time for the program.

F-1 visas cost \$ 160, plus a Sevis Fee of \$ 200, and a mandatory insurance of approximately \$ 160. It is usually valid for 5 years.
