## Course structure and content

This pre-university course offers a combination of English lessons and academic subjects taught in English (STEM or Business & Humanities).

The course provides insight into academic studies in the UK with students being taught by our A-level and Foundation academic teachers. Students are also able to get professional guidance on university options through the sessions offered with our UCAS counsellors.

You will gain knowledge and develop your study skills and strategies to ensure you make the most of your time and experience both inside and outside the classroom. This will help you to better understand yourself and to build a strong and personalised application for your chosen degree.
