Our teaching methodology course - Methodology for the Modern Language Teacher - has been created for practising English teachers from any type of school/educational institution working at secondary level or higher.

The emphasis of the course is on effective, practical activities and techniques for the modern language teacher. Participants will experience how language skills and competencies can be developed via:

- Storytelling
- Music and songs
- Language games
- Art and drawing
- Drama techniques
- Creative writing (e.g., poetry, song lyrics, stories)
- Teaching with humour
- Technology and creativity
- Practical pronunciation teaching
- Communicative grammar teaching

These activities and other tasks presented, are designed to motivate students to learn by establishing a creative, positive and challenging classroom dynamic.

We employ a collaborative, flexible approach and take into account participants needs and wishes.

**English for CLIL Teachers**

CLIL – content and language integrated learning – is a special type of education where teachers help students learn English and subject content at the same time. In practice, this means that academic subjects like Geography, Maths, Science and Economics are taught in English, rather than the first language of the pupils.

The demand for CLIL classes and materials has been remarkable in recent years, and as English becomes more and more influential around the world, the need for qualified CLIL instructors is growing by the day.

If you are teaching school subjects in English, or planning to, our course can provide the comprehensive training on theory, practice and methodology that you need.

**The Essentials**

**Dates and Times**

CLIL courses are available all year round for individuals and groups. Contact us for more information. We have three course options:

- Part-Time (15 hours per week) - 3 hour lessons each weekday morning, with one fifteen minute break.
- Full-Time combined with IELTS/General English (30 hours per week) - English lessons each weekday morning, followed by three hours of CLIL practice.
- Intensive (30 hours per week) - a 3 hour CLIL lesson in the morning and a further 3 hour CLIL lesson in the afternoon with a break for lunch.

**Levels**

Students must have a minimum B1 level of English

**Lesson Focus**

We focus on demystifying CLIL and giving practical demonstrations of teaching techniques so that you are immediately ready to step into a CLIL classroom and start teaching. Lesson topics include:

- Setting clear language objectives for each lesson
- Anticipating and solving language problems
- Identifying language focus from different subjects.
- Teaching vocabulary memorably and effectively
- Games, tasks and Pronunciation activities connected to CLIL.
- English skills work: Reading, Listening, Writing, Speaking
- Primary and Secondary CLIL
- How to make tests for the CLIL classroom.

**Funding Through Erasmus+**

European Teachers applying for our Teacher Training courses are eligible for Funding through Erasmus+.

See http://www.kkcl.org.uk/funding-for-teacher-training for more details.
